MET MINISTER ON HOSPITAL PURCHASE

A deputation composed of the Reeves of nine municipalities surrounding Markdale, Messrs. Dawn of Euphrasia, Falls of Holland, Henry of Markdale, Davis of Artemesia, Hale of Osprey, Acheson of Proton, Werry of Dundalk, Timmins of Glenelg and Betts of Flesherton, met the Minister of Health, Hon. Russel T. Kelly, with a view of taking over the Markdale private hospital, to be operated as a public hospital under the Public Hospital Act. Hon. Mr. Kelly received the deputation in his usual free style and assured the gathering that he was in favor of decentralizing of hospital services from the larger centres to the smaller towns and would do everything in his power to forward the interests of the small places.

Reeve Milson Henry placed the problem of taking over the hospital as it is and operate it through the municipalities and made a request for assistance from the Province in the purchase of the property. Chief Inspector of Hospitals, J. C. Trelfer, stated that under the present Act, the Markdale Hospital did not conform to certain regulations and so could not recommend that it be taken over under the Hospitals Act. Mr. Kelly stated that while that may be the case, consideration would be given by the Department, as the Hospital was a going concern and he would not wish to deprive the people of hospital care near their own homes. To take the hospital over would necessitate certain changes and these would require considerable thought.

Following due consideration of the problem, Mr. Kelly stated that he would be pleased to go to Markdale and present the decision of the Department to a public body so that prompt action may be taken to assure the continuation of the hospital.

There is a great need for a hospital in this area and the Markdale hospital has been giving real service to the district people. It is hoped that some way may be found to enable the Department of Heath to assist in the purchase of the building and equipment.

51 Potatoes In One Hill

Apparently the potato crop will be real good this year and there will be plenty of "spuds" for next winter. Last week Mrs. Wm. Semple of the 12th Line, Osprey, dug a hill of potatoes and couned 51 tubers in the one hill. They had been planted three pieces to the hill. This appears to us to be an exceptionally high yield. The potatoes are of a red variety, but the name is not known.

Mr. and Mrs. Geo. Ross and Mable of Maxwell and Miss Ella Alister of Collingwood visited Saturday evening with Mr. and Mrs. A. E. Bell.

The corn was planted on June 15th and showed extra good growth. Mr. Porteous expects to have 30 tons of feed from the two acres.

NEW CANADA SAVINGS BONDS ON SALE SOON

It has been announced by the Hon. Douglas Abbott, Minister of Finance that a second series of Canada Savings Bonds will be placed on sale on October 14th. Mr. Abbott pointed out that this will enable the continuance of the Payroll Savings Plan now in operation in thousands of organizations throughout the country, and will also permit its installation by other companies who recognize its value. The new Canada Savings Bonds will also be available for purchase by the general public, who have found them to be a convenient and profitable investment for personal savings. They will be available for cash or on instalments.

The minister of Finance described the feaures of the second serie osf Canada Savings Bonds, which will be dated November 1st, 1947, and will bear interest at 2¾% each year for ten years. They may be redeemed at any time at any bank in Canada for full face value plus interest and will be registered in the owner's nam affording protection against loss. No more than $1,000 of this series may be registered in any one name.

Mr. Abbott said that the offering of this second series has been prompted by the reception given to Canada Savings Bonds since their introduction last October. Purchases have been made by more than 1,200,000 Canadians. This total includes 623,840 employees who used Payroll Savings Plan facilities provided by their employers.

Although the decision to offer a second series is based primarily on demonstrated public demand for these facilities, it was explained by Mr. Abbott that the Government also has in mind the value of widespread holdings of Canada Savings Bonds in the national economy. Present holdings have already rendered more than a million Canadians better able to meet personal emergencies or to carry out personal plans. Such personal resources are regarded as an element of strength and stability in the nation.

Arrangements for the sale of the second series will be made by the Bank of Canada, and will be similar to those followed for the first series. It is expected that authorized sales agents will include investment dealers and banks and other savings institutions. Enquiry indicates that employers and the executives of labor organizations, who have consistently provided leadership in the development of the Payroll Savings Plan, will join again in ensuring that its benefits continue. Mr. Abbott stated that it is confidently expected that Canadians will again recognize this fine investment opportunity and will make plans to take full advantage of it.

Eugenia Ties Third Game At Dundalk on Friday 8-8

Eugenia took on a new lease of life in the South Grey Softball finals Friday last when they came through with a greatly improved game which resulted in an 8-8 tie with Dundalk. Leslie Seely pitched this game and gave a stellar performance, striking out five and didn't give a walk, but allowed eight hits. On the other hand Jack McKenzie for Dundalk gave one free pass and allowed Eugenia eleven hits and struck out three. Laurie Russell had a perfect day at bat with four hits, while Les Seeley had two three-base hits and Johnson and Cairns also had two hits each. Haw was Dundalk's best batter with three, while Spranggay had two. Three other players connected for one safety each.

Eugenia led off with a bang the first inning, with runs by Russell and Seeley on three hits. Springgay's single drove in Haw with Dundalk's only run in the first. Cairns and Proctor counted for Eugenia in the second and with three on ond two out Johnson went down when he hit a liner to second. Dundalk was held scoreless until the fourth, when they pushed across five runs on three hits and three errors to lead 6-4. Eugenia came back strong and scored three runs to again take the lead, Seeley collecting another three-base hit Johnson singled to score Seeley, D. Campbell walked and Cairns hit a single to left field to score Campbell. They added another one in the sixth when Russel bunted and was brought home when Johnson's hit was muffed by Dundalk, to make the score 8-6. Eugenia went out one, two, three in the seventh. Dundalk changed tactics in the seventh and Haw bunted, Heard beat out a slow roller to second and Haw scored, McKenzie bunted for his first hit. "Bus" Springgay reached first on a fielder's choice when Heard was nabbed going to third and as G. Bemrose missed Aitcheson's fly when he slipped on the wet grass, McKenzie tied up the game. Grummett struck out with two on the paths.

Seeley turned his ankle in the fifth inning, but gamely pitched the rest of the game, despite a swelling ankle. Dorland Campbell also ran into a bit of tough luck when he took a ball on the end of the left thumb and was forced out of the game.

Dundalk — 1 0 0 5 0 0 2—9

32 Hawks Seen Over Village

Occasionally three or four hawks may be seen together silently soaring about overhead at various times, but Saturday afternoon 32 of these predatory birds were seen at one time by residents of the village. It looks as though the hawk population must be growing fast when so many can congregate in one place These hawks are very destructive to the chicken population and can cause considerable damage in a year.
