Canada Branch—Office, Nos. 221 & 223 St. Paul Street, Montreal.
MESSRS. MORLAND, WATSON & Co., GENERAL AGENTS.

FIRE DEPARTMENT.

The Company commenced business in October, 1861, as a Fire Office, and was called into existence to modify the excessive rates demanded by the combined Offices after the Great Fire in Tooley Street, London. The success which has attended the Company's operations has been such as fully to realize the most sanguine expectations of the Directors, and has induced them to extend their operations to Canada, where the General Agents are prepared to take proposals for Insurance against Loss by Fire of Property of every description.

LIFE DEPARTMENT.

The marked preference shown for an Office which studies the interests of the Public as well as of its Proprietary, induced the Directors to transact Life Business with the intention not to favor one class of Policy-holders at the expense of another, but, resolved that the same liberal views which have gained for the Office the confidence of the Public in its Fire Branch, shall guide them in the management of the Life Department, they extend to the Assured every benefit which science warrants or experience suggests.

Among the benefits of this Company may be enumerated—Moderate Rates o Premium—Eighty per cent of the Profits divided among the Assured—Very liberal surrender value given after three years—Thirty days allowed for payment of Premiums, and further extension of time on easy terms—Unchallengeable Policies—Credit System—Service permitted in Volunteer Corps—Convenient and liberal terms, whereby no Policy need lapse, through any temporary difficulty, in the payment of a Premium.

Further and fuller information may be obtained by calling at the Office, Nos. 221 and 223 St. Paul Street.

COPY.
CIRCULAR.

DISTILLING APPARATUS,
TO BE USED ON BOARD
PASSENGER SHIPS.
DOWNING STREET,
18th December, 1865.

SIR,—
I have the honor to transmit, for your information, and for insertion in the public papers, the accompanying Copy of an Order of Her Majesty in Council, dated the 5th instant, allowing the Distilling Apparatus of Messrs. Chaplin and Company, as well as those of Dr. Normanby and Messrs. Winchester and Gravely, to be used on board Passenger Ships.
I have the honor to be,
Sir,
Your most obedient
Humble servant,
EDWARD CARDWELL.
[Signed,]
The Officer Administering the Government of Canada.

[L. S.]
AT THE COURT OF WINDSOR,
The 5th day of December, 1865.
PRESENT:
THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS, by "The Passengers' Act, 1855," it is amongst other things enacted, that before any Passenger Ship shall be cleared out, the Emigration Officer at the port of clearance shall satisfy himself that there is on board a sufficient quantity of pure water, carried in tanks or casks, to secure throughout the intended voyage the issue of three quarts daily to each statute adult, for the use of passengers, exclusive of the quantity required for cooking:

And whereas, it is also enacted, that it shall be lawful for Her Majesty, by any Order in Council, to precribe such rules and regulations as to Her Majesty may seem fit, for permitting the use on board passenger ships of an apparatus for distilling water, and for defining in such case the quantity of fresh water to be carried in tanks or casks for the passengers, and such order in council from time to time to alter, amend and revoke, as occasion may require:

And whereas, Her Majesty, by an order in council, dated the ninth day of January, one thousand eight hundred and sixty-three, prescribed certain rules for permitting the use on board passenger ships, propelled by steam engines of less than a certain power, and on board passenger ships propelled by sails, of a certain apparatus for distilling fresh water from salt water;

And whereas, it is expedient to repeal the said order in council, and to issue in lieu thereof the order hereinafter contained:

Now, therefore, Her Majesty doth, by and with the advice of Her Privy Council, and in pursuance and in exercise of the authority vested in Her by the said "Passengers' Act, 1855," hereby repeal the said order in council of the ninth day of January, one thousand eight hundred and sixty-three, except in so far as the same repeals a certain order in council of the thirteenth day of May, one thousand eight hundred and fifty-nine, and doth hereby order as follows:

Any passenger ship propelled by sails only, or by steam engines of less power than is sufficient, without the aid of sails to propel the ship at the rate of five statute miles an hour, may be cleared out and proceed on her voyage, having on board, in tanks or casks, only half of the quantity of pure water required by the said Act to be carried for the use of the passengers, provided the following conditions be observed, that is to say:

1. That there be on board such ship an efficient apparatus for distilling fresh water from salt water, of the description commonly known either as Normandy's patent, as Winchester and Graveley's patent, or as Chaplin and company's patent.

2. That the owners, charterers, or master of such ship, before clearance, lodge with such Emigration Officer a certificate from some engineer or surveyor of the board of Trade, or from some other competent person to be named by such Emigration Officer declaring that within seven days immediately preceeding the date of such certificate, the apparatus has been examined by him, and is then in good working condition, and stating the number of imperial gallons of pure fresh water which it is capable of producing in everytwenty-four hours, and further declaring that the apparatus on board is either Normandy's, Winchester and Graveley's, or Chaplin and company's patent as the case may be.

3. That in every case such Emigration Officer, shall be satisfied that the number of gallons of pure water which the apparatus is so certified to be capable of producing is not less than the whole number of persons about to proceed on the intended voyage of such ship, that is to say, the whole number of cabin passengers, passengers and crew.

4. That there is rated on the ship's articles, and that there is on board the ship, some person or persons who to the satisfaction of the said Emigration Officer, shall be competent for the proper management and repair of such distilling apparatus;

And to prevent all doubts on the construction of this order in council, it is hereby further ordered, that the terms "Passenger Ship,' 'Emigration Officer,' 'Statute Adult,' and 'Master,' shall therein have the same significations as are assigned to them respectively in the said 'Passengers' Act, 1855:'

And the Right Honorable Edward Cardwell, one of her Majesty's principal Secretaries of State, is to give the necessary directions herein accordingly.
[Signed.]

Steinway & Sons'
PIANOS
ARE NOW ACKNOWLEDGED TO BE THE
BEST INSTRUMENTS IN AMERICA,
AS WELL AS IN EUROPE.
THEY WERE
AWARDED A FIRST PRIZE MEDAL
At the Great International Exhibition of 1862 for
Powerful, Clear, Brilliant and Sympathetic Tone,
As shown in Grand and Square Pianos.

TESTIMONIALS
FROM THE MOST DISTINGUISHED ARTISTS TO MESSRS. STEINWAY AND SONS.
New York, December, 1864.

THE Piano-Fortes, Grand, Square and Upright, manufactured by Messrs. Steinway & Sons, have established for themselves so world-wide a reputation, that it is hardly possible for us to add anything to their just fame.

Having thoroughly tested and tried these instruments personally for years, both in public and private, it becomes our pleasant duty to express our candid opinion regarding their unquestoned superiority over any other Piano known to us.

Among the chief points of their uniform excellence, are:—Greatest possible depth, richness and volume of tone, combined with a rare brilliancy, clearness and perfect evenness throughout the entire scale, and above all, a surprising duration of sound, the pure and sympathetic quality of which never changes under the most delicate or powerful touch.

This peculiarity is found exclusively in the "Steinway" Piano, and together with the matchless precision, elasticity and promptness of action always characterizing these instruments, as well as their unequalled durability under the severest trials, is truly surprising, and claims at once the admiration of every artist; we therefore consider

The "Steinway" Pianos in all respects the best instruments made in this country or Europe—we them solely and exclusively ourselves in public or private, and recommend them invariably to our friends and the public.

We have different times expressed our opinion regarding the Pianos of various makers, but freely and unhesitatingly pronounce Messrs. "Steinway's & Sons" Pianos far Superior to them all.
