POLICE COURT.

Monday.

BEFORE MR. CREIGHTON.

There was a fine docket this morning, the drunks carrying off the palm.

DRUNK AND DISORDERLY.

Wm. Easten, Charles Howard, James McGravey and Thomas McMullen were charged with being drunk, and Patrick McFadden with being drunk and disorderly.—They were all fined $2 each, or in default ten days in gaol.

INTERFERING WITH SENTRIES.

B. F. Givens, a foundryman, was charged with interfering with a sentry on duty. Private Dawson of the 14th Battalion deposed that he was on sentry at the Old Armoury on Princess Street on Saturday night at ten o'clock, and challenged the prisoner in the usual way. Being under the influence of liquor at the time, Givens became too familiar and attempted to strike the witness, when he turned out the guard, who put him under arrest. The prisoner also behaved ugly to the guard. Givens considered that he was doing no harm, as he had often been joking with the Volunteers. Mr. Creighton said that the Volunteers were on active duty, and must be treated like regular soldiers. A fine of $2 was imposed.

ASSAULT.

The case of Mrs. Hackett, a widow, against Mrs. Proctor for assault came up again. This time the former charged Wm. Proctor, the son of the latter, with having given her the black eye. The case was further adjourned. Meanwhile Mrs. Proctor desired an audience with his Worship, and produced a formidable potatoe pounder, with which she said Mrs. Hackett had laid her low on Sunday by sundry tips on her head. She gained control of the weapon before serious injuries resulted. Mr. Creighton's advice was to hang on to the "potatoe smasher" to prevent Mrs. Hackett's making future bad use of it.

SELLING LIQUOR WITHOUT LICENSE.

John Hickey, of Clarence Street, was fined $10 and costs for selling liquor without license, on complaint of Mr. Inspector Shaw.

THAT THE

GREAT SHOSHONEES REMEDY

OF THE CELEBRATED INDIAN, DR. LEWIS JOSEPHUS, OF THE DISTINGUISHED TRIBE OF SHOSHONEES, BRITISH COLUMBIA, IS NOW FOR SALE IN CANADA.

THIS all-possessing Great Indian Remedy is warranted, and in broad and emphatic language, we can safely say may be relied upon to make a permanent cure of all Diseases of the Throat, Lungs, Liver, Kidneys, Digestive Organs, &c., as well as Scrofula, the various Skin Diseases, Humors, and all diseases arising from Impurity of the Blood, excepting the third stage of Consumption. In the Western Country, where this Great Remedy has been in use for a short time, it has indeed effected some of the most Marvellous Cures, ever recorded in the annals of Historical Medicine. Such being the case, in addition to its former renown and celebrity, we defy humanity to dispute the fact, that this, the Great Shoshonees Remedy, in connection with the Shoshonees Vegetable Restorative Pills, is the Remedy of Remedies of the 19th Century, and the greatest boon ever laid at the altar of suffering humanity. For the discovery of this Wonderful Remedy, the world is indebted to Dr. Jasper, formerly of St. Louis, Mo., who spent, before he succeeded, over two long years in Columbia, endeavoring to obtain from Dr. Josephus the life-long secret of preparing it. Dr. Jasper, with Dr. Hall and several other physicians of St. Louis, witnessing the astounding curative effects of the Great Shoshonees Remedy, entered into combined cogitation for the purpose of ascertaining the peculiar mode of action of this Great Remedy, and the result of their researches was that the wonderful healing properties of the Remedy were due, not only to its salutary effect upon the blood and the organs themselves, for diseases of which it is recommended, but also on the Digestive Organs and more particularly upon the Lacteal Vessels, which Lacteal Vessels combining the New Theory of Disease, as well as history of the Discovery of the Remedy, Certificates of Cures, &c., &c., are fully laid down in the Treatise accompanying each bottle of the Remedy.

Price of the Remedy in large Pints $1.

For sale by all Druggists and Dealers in Medicine.

DISTILLING APPARATUS,

TO BE USED ON BOARD

PASSENGER SHIPS.

DOWNING STREET,
18th December, 1865.

SIR,—

I have the honor to transmit, for your information, and for insertion in the public papers, the accompanying Copy of an Order of Her Majesty in Council, dated the 5th instant, allowing the Distilling Apparatus of Messrs. Chaplin and Company, as well as those of Dr. Normanby and Messrs. Winchester and Gravely, to be used on board Passenger Ships.

I have the honor to be,
Sir,
Your most obedient
Humble servant,
EDWARD CARDWELL.

[Signed.]

The Officer Administering the Government of Canada.

[L. S.]

AT THE COURT OF WINDSOR,
The 5th day of December, 1865.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS, by "The Passengers' Act, 1855," it is amongst other things enacted, that before any Passenger Ship shall be cleared out, the Emigration Officer at the port of clearance shall satisfy himself that there is on board a sufficient quantity of pure water, carried in tanks or casks, to secure throughout the intended voyage the issue of three quarts daily to each statute adult, for the use of passengers, exclusive of the quantity required for cooking:

And whereas, it is also enacted, that it shall be lawful for Her Majesty, by any Order in Council, to prescribe such rules and regulations as to Her Majesty may seem fit, for permitting the use on board passenger ships of an apparatus for distilling water, and for defining in such case the quantity of fresh water to be carried in tanks or casks for the passengers, and such order in council from time to time to alter, amend and revoke, as occasion may require:

And whereas, Her Majesty, by an order in council, dated the ninth day of January, one thousand eight hundred and sixty-three, prescribed certain rules for permitting the use on board passenger ships, propelled by steam engines of less than a certain power, and on board passenger ships propelled by sails, of a certain apparatus for distilling fresh water from salt water;

And whereas, it is expedient to repeal the said order in council, and to issue in lieu thereof the order hereinafter contained:

Now, therefore, Her Majesty doth, by and with the advice of Her Privy Council, and in pursuance and in exercise of the authority vested in Her by the said "Passengers' Act, 1855," hereby repeal the said order in council of the ninth day of January, one thousand eight hundred and sixty-three, except in so far as the same repeals a certain order in council of the thirteenth day of May, one thousand eight hundred and fifty-nine, and doth hereby order as follows:

Any passenger ship propelled by sails only, or by steam engines of less power than is sufficient, without the aid of sails to propel the ship at the rate of five statute miles an hour, may be cleared out and proceed on her voyage, having on board, in tanks or casks, only half of the quantity of pure water required by the said Act to be carried for the use of the passengers, provided the following conditions be observed, that is to say:

1. That there be on board such ship an efficient apparatus for distilling fresh water from salt water, of the description commonly known either as Normandy's patent, as Winchester and Graveley's patent, or as Chaplin and company's patent.

2. That the owners, charterers, or master of such ship, before clearance, lodge with such Emigration Officer a certificate from some engineer or surveyor of the board of Trade, or from some other competent person to be named by such Emigration Officer declaring that within seven days immediately preceeding the date of such certificate, the apparatus has been examined by him, and is then in good working condition, and stating the number of imperial gallons of pure fresh water which it is capable of producing in every twenty-four hours, and further declaring that the apparatus on board is either Normandy's, Winchester and Graveley's, or Chaplin and company's patent as the case may be.

3. That in every case such Emigration Officer, shall be satisfied that the number of gallons of pure water which the apparatus is so certified to be capable of producing is not less than the whole number of persons about to proceed on the intended voyage of such ship, that is to say, the whole number of cabin passengers, passengers and crew.

4. That there is rated on the ship's articles, and that there is on board the ship, some person or persons who to the satisfaction of the said Emigration Officer, shall be competent for the proper management and repair of such distilling apparatus.

And to prevent all doubts on the construction of this order in council, it is hereby further ordered, that the terms "Passenger Ship," "Emigration Officer," "Statute Adult," and "Master," shall therein have the same significations as are assigned to them respectively in the said "Passengers' Act, 1855."

And the Right Honorable Edward Cardwell, one of her Majesty's principal Secretaries of State, is to give the necessary directions herein accordingly.

[Signed.]

SEALED TENDERS will be received at this Office until noon of FRIDAY, the FIRST OF JUNE next, for the supply of 850 Gallons of the best quality of winter pressed SPERM OIL for the Provincial Light Houses above Lachine; one third of which must be from head matter which will stand limpid at 30° Fahrenheit, and the other two thirds at 34°, subject to inspection and test before acceptance, and if required, to be measured out.

The whole to be furnished in iron bound casks, containing fifty gallons each, in the best order; and to be delivered at the Contractor's risk, on such wharf near the Lachine Canal Basin at Montreal, and on such day on or about the first day of July next, as may be specified in the contract.

Tenders will also be received on the same day for the supply of 6,500 Gallons of the best quality of non-explosive COAL OIL, to be furnished in iron bound casks containing from 20 to 30 gallons each, and to be delivered at the contractor's risk at the time above stated at Montreal.

The casks, in each case, to be furnished by the contractor, and their cost included in the price of the oil.

—ALSO A—

A STEAM VESSEL WANTED.

SEALED TENDERS will be received on the same day, for a Steam Vessel for the delivery of the annual Light house Supplies, consisting of about 160 casks of oil, and 40 tons of other articles, at the respective Light House stations, situate on the River St. Lawrence and Inland Lakes; namely, on Lakes St. Louis, St. Francis, River St. Lawrence between Brockville and Kingston, Lakes Ontario, Erie, St. Clair and Huron, and on the Georgian Bay.

The crew of the vessel must assist in the delivery of the Stores.

Accommodation will also be required on board for the persons from this Department in charge of the Stores, and the vessel will also be required to receive and transport from one station to another any such Stores as the Superintendent in charge may direct.

The vessel will be allowed to carry other freight, provided it does not interfere with the proper delivery of the Stores.

A bulk sum to be named for the performance of this service. Any further information can be obtained on application at this office.

Separate Tenders to be given for each service, and to be addressed to the undersigned, and endorsed respectively "Tender for Sperm Oil." "Tender for Coal Oil." And "Tender for delivery of Light House Supplies."

Parties tendering must give their names and address in full; also the signatures of two responsible persons willing to become sureties for the due fulfilment of the contract. The Department will not be bound to accept the lowest or any Tender.
