ORANGE VALLEY

The Farm Forum met on Monday, December 8th at Mr. Alf O'Neil's with about 25 present. Mr. O'Neil acted as convenor for the evening, with the subject being. "The Teacher In The Community." Considering rural training and responsibilities, should the rural teachers salary be higher of lower than that of a—: Stenographer? Rural teachers should be higher; Minister? Lower; Agriculture Rep.? Teacher in a one room graded school? Higher;

If we have rural teachers who have the training and equipment and extra salary is needed, it should be by provincial grant.

How can the rural teacher make the best contribution to all the community? 1. By being an efficient teacher. 2. By applying themselves to functions and helping with leadership.

Mr. and Mrs. Gordon Hill spent a day with Mr. and Mrs. Leslie Boyd at Blantyre.

Mr. and Mrs. Lorne Bumstead spent Sunday with Mr. and Mrs. Don Russell and Ronny.

"I wish you would," the girl wen on. "It's awfully lonesome. Mother has gone out and father is upstairs groaning with rheumatism in the legs."

"Both legs?"

Hello Homemakers! Apples queen of Canadian fruits, reign high in our estimation of desserts. There is scarcely a dish in which you cannot use apples and usually they are "never fail" recips In spite of the fact that the old standbys, applesauce and and apple pie, are always the family's favourites, there are indications that readers want to add new dishes to their repertoire.

TAKE A TIP

1. Apple sauce, smooth and clear, may be combined with cooked rice and whipped cream. Chill and serve with a spoonful of red jelly.

2. Apple sauce is something different when jellied and served with custard or cream. Pour 2 cups of sauce through a sieve, then add softened gelatine (one tablespoon gelatine in ¼ cup cold water). Add a dash of lemon juice. Chill and when beginning to set, add a tablespoon of chopped nuts. Pour into wet moulds; chill and then unmould on pretty plates. Serve with cream or cushard.

3. Baked apples are always popular. For something special, peel a third of the way down and fill cavity with mincemeat, then bake in moderate oven to prevent bursting of skin.

4. Have you tried apples stuffed with chopped prunes? First core and put a bit of butter, sugar and cinnamon in each cavity. Add chopped prunes and bake apples about 40 mins. Serve with boiled custard

5. Then, too, Apple Dumplings with a thin coating of biscuit dough or pie pastry are scrummy if you bake them at high temperature — 425 degs. for 15 to 20 mins.

6. Apple Pandowdy is the good old-fashioned pudding. To make it fill a pudding dish with peeled and cored tart apples, then add one or two tablespoon water unless apples are very juicy. Sprinkle with sugar and seaon with nutmeg, top with baking powder biscuit dough. Bake in electric oven at 375 degrees for 20 minutes. Serve with a maple cream sauce.

7. Apple Crisp is our quickie, Peel and slice apples off the cores into greased casserole. Add ⅓ cup water and 1 tbsp. lemon juice. Rub ⅓ cup hard butter and ½ cup granulated sugar together and sprinkle over the top. Bake in an electric oven at 350 degrees for 25 minutes or with an oven meal for 40 minutes.

APPLE PIE

3 cups sliced apples, ½ cup sugar, ⅛ teaspoon salt, ¼ teaspoon cinnamon, 1 tablespoon lemon, 1 tablespoon butter.

Line pie plate with paste. Turn in apples and sprinkle with sugar; salt, cinnamon, lemon juice and lemon rind Dot with small bits of butter. Put on top crust pushing it gently toward the centre. Press edges together and trim. Bake in an electric oven 400 degs. F. for 50 minutes.

APPLE CHEESE AND CHERRY SALAD

4 tart apples, 18 maraschino cherries, 3 packages cream cheese and add mayonnaise.

Peel apples and cut into small balls with French vegetable cuttter. Form cream cheese into balls, making eight small balls from each nest. Garnish with marashino cherries and mayonnaise. Serve additional mayonnaise.

The bridegroom was a meterman for the local power company. After the wedding, he whispered in the minister's ear: "Parson, I don't have any money, but I'll drop around next week and slow down your electric meter for a while."

Before you turn the toaster on,
Please have the bread at hand;
And if to "OFF" in time you'll turn,
Know what? Your toast will never burn!

It was a warm day, and a dull case concerning the rights of river commissioners was being argued.

Counsel made speeches of interminable length, and the judge fell into a doze.

"But, we must have water here, your honour," thundered the defending lawyer in such stentorian tones that the judge came to.

"All right," he mumbled hastily, "but only a very little in mine!"
