Now Making Ice At The Feversham Skating Rink

The centre of attraction at Feversham has been the Agricultural Hall, which is being changed over to be suitable for skating. Thanks of officers of the Association are expressed to all who have spent so much time in repairing and fitting the hall, and to those who caught the spirit of having made possible the opportunity to engage in the clean and wholesome sport and pastime. A good work has been been done, while the boys worked nobly under Mr. John Black. Electric lights and other necessary expenses require considerable cash. If you have not made your special donation, call on Mr. Frank Hannah, Bank of Toronto, Feversham, who is secretary-treasurer of the Association, and who will appreciate your call.

A hockey team has been organized to play Semi-Pro hockey, with Lloyd Moore as manager and George Sled as coach. Get behind the boys, who will play their home games at the Feversham rink, as follows: Rock Mills on Jan. 12th, Flesherton Jan. 26th, Dundalk Jan. 29th, and Proton on February 4th. Get behind the boys in their quest for the MacDougal Trophy. Your co-operation is needed to make the rink a success.

GOLDEN WEDDING CELEBRATED IN WEST

MR. & MRS. ANDREW GRAHAM

Mr. and Mrs. Andrew Graham (nee Laura Wison) daughter of the late T. W. and Mrs. Wilson, then of Eugenia Falls, were married on December 22nd, 1897. They resided on Mr. Graham's farm in the Valley, and some years later moved to northern Saskatchewan.

In 1929 they returned to their home in the Valley, where they remained for three years, and then moved back to their Western home.

Their family of six boys, Earl, Ernest, Gordon, Jack, Frank and Archie, and four girls, Mildred, Hazel Nettie and Myrtle, are all living. Three of the boys, Gordon, Frank and Archie, served overseas during the war. One grandson was killed in an air expedition over Grmany.

For their 50th wedding anniversary, Mr. and Mrs. Graham, with 22 members of their family — children and grandchildren — were entertained at the home of the eldest daughter, Mildred (Mrs. Walter Hicks), of Daysville, Sask. The couple received many beautiful tokens f love and esteem, including a radio, and a set of silver from the family.

Eli Robinson Guest Of Honor At Presentation

A pleasant evening was spent at Feversham on Wednesday of last week December 31st, in honor of Mr. Eli Robinson of Feversham, when he was presented with a radio by the members and past members of Feversham Presbyterian Church choir, in appreciation of his services. Mr. Robinson has spent over 50 years as a member of the choir and his help throughout the years was greatly appreciated, not only by the church but by outside gatherings, to which he gave freely of his talents. During the past six months Mr. Robinson has not been enjoying the best of health and his friends hope that the future will be good to him. His 81 years hang lightly on his head.

In Memoriam

PURVIS — In loving memory of a dear wife and mother, Mrs. Robt. Purvis, who passed away January 10th, 1940.

She has gone across the river
To the shores of ever green,
And we long to see her dear face
But the river flows between.
Some day, some time, our eyes shall see
The face we loved so well,
Some day we'll clasp her loving hand
And never say farewell.

—Ever remembered and sadly missed by Husband and Family.

Card of Thanks

I wish to take this means of expressing my appreciation and thanks for the treats, letters, cars, etc., sent to me while I was at Mrs. Nuhn's recently. They were greatly appreciated.

Phillips Building Had Close Call Tuesday From Fire

The building owned by O. W. Phillips & Son on Collingwood St., had a close call from a fire Tuesday morning of this week. When discovered by Wallace Hamilton as he was passing, the fire had gained considerable headway in the passage on the west side of the building and when Mr. Hamilton opened the door he was met with a wall of flame. He quickly gave the alarm and grabbed a nearby shovel and commenced to throw snow on the flames, while the fire alarm was sent in. By the time the fire-fighting outfit arrived, which was only a couple of minutes, the fire was under control. The blaze caught on the wall upstairs and a pail of water subdued that and the fire in the floor. The walls of the passageway were scorched. Smoke damage was also suffered in the harness shop.

It is supposed that the fire started in an empty paper carton, which Mr. Phillips had emptied of leather and rubber refuge into the coal stove and it is thought that one side of the box caught from the coal fire as the contents were being dumped and it was not seen when the box was returned to the passageway.

At almost any fire some funny occurrances will crop up in the excitement of the moment. We gave a citizen, who was in the office at the time, our small fire extinguisher to use on the fire, and as he was going out the door he grabbed the snow shovel and took it along. When he arrived across the street he threw the extinguisher in the snow bank and started to throw snow onto the blaze. Apparently he thought such a little thing (it held a quart of Pyrene) was no good at such a time.

Many authors should have been cheered by the news that garbage man died and left a fortune.

Louis Teeter Elected As Trustee For 32nd Term

(By Vandeleur Reporter)

What may possibly be a record came to light at the school meeting in Vandeleur school on December 31, when it was revealed that Mr. Louis Teeter had been a Trustee of the school for 31 consecutive years. He was re-elected for his 32nd term. Will Ratcliffe was re-elected auditor and Sam Fitzsimmons received the wood contract, and Andy Fawcett the cedar. Wes Wyville was re-engaged as caretaker.

Howard Graham acted as chairman for the meeting and Ken Teeter was secretary. The report of the Inspector was read and showed that he graded the work of the teacher and pupils and most of the departments as Grade No. 1. The grounds were classed as No. 3, and he added "Your grounds lend themselves admirably to a beautification project." Considerable discussion took place on this matter and several suggestions were made. Discussions also took place on the matter of installing Hydro in the school. Several tenders were submitted and final arrangements were left to the Trutsees. A vote of thanks was tendered Mrs. Howard Graham for her interest and assistance in the immunization clinic, and a vote of sympathy extended to Mrs. Doreen Hutchinson, who lost her husband and father during the past year.

Veteran Pilot Praises Ontario Safety Program

It's safer in the air than on the ground today, but real progress is now being made in traffic safety, according to Clyde Pangborn, veteran U.S. pilot with 18,000 flying hours to his credit.

Interviewed in Toronto, where he picked up a plane for delivery to Brazil, 50-year old Capt. Pangborn, who has been flying since 1917, said that when he returns home he is going to vacation on a long motor trip. "That's one reason why I'm interested in traffic safety. It affects everybody. You people in Ontario are, I think, very wise in the determined battle you are making against traffic accidents. Most accidents can be prevented. A reputation for safe roads and highways can be a great drawing card for your tourist business from the States, because down home, our people are becoming increasingly conscious of the importance of traffic safety."

The "dangerous age" on the roads and to a less extent in the air, is 17 to 24. Young drivers in this age group are killing themseves, pedestrians and other drivers, because of bad manners and ignorance of safety principles.

For safe driving and safe flying, Capt. Pangborn's own rule is "Base your safety on the percentage of chance you have. On rare occasions you can get away with great odds when necessary, but follow the rule of never taking an unnecessary chance."

This rule has got Capt. Pangborn over 18,000 hours of flying, including 150 trans-Atlantic flights in the last five years. An R.A.F. Ferry Command chief during the war, the Captain delivered planes from Canada and the States to England, Africa, Singapore and Bangalore. Back in 1931 he made the first non-stop flight from Japan to the States, winning $25,000.00

In Memoriam

LeGARD—In loving remembrance of our beloved mother, Christena LeGard, who passed away January 12th, 1923.

Twenty-five years have passed, but still we cherish those treasured memories, which are not soon forgotten.

No time can outdistance our sorrow,
Each year only adds to the pain;
There'll only be one bright tomorrow
When God lets us see her again.

—Ever remembered, Meda and Allan.
