Ayer's CATHARTIC PILLS.
Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.
Statements from leading physicians in some of the principal cities, and from other well-known public persons:
From a Forwarding Merchant of St. Louis, Feb. 4, 1866.
DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.
As a Family Physic.
From Dr. E. W. Cartwright, New Orleans.
Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.
Headache, Sick Headache, Foul Stomach.
From Dr. Edward Boyd, Baltimore.
DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.
PITTSBURG, Pa., May 1, 1865.
DR. J. C. AYER: Sir: I have been repeatedly cured of the worst *headache* anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.
Yours with great respect, ED. W. FRERILL,
Clerk of Steamer Clarion.
Bilious Disorders—Liver Complaints.
From Dr. Theodore Bell, of New York City.
Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely reject that we have at length a purgative which is worthy the confidence of the profession and the people.
DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1866.
SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M.D.,
Physician of the Marine Hospital.
Dysentery, Diarrhœa, Relax, Worms.
From Dr. J. G. Green, of Chicago.
Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.
Dyspepsia, Impurity of the Blood.
From Rev. J. V. Himes, Pastor of Advent Church, Boston.
DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.
Yours, J. V. HIMES.
WARSAW, Wyoming Co., N. Y., Oct. 24, 1865.
DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*
JOHN G. MEACHAM, M.D.
Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.
From Dr. J. P. Vaughn, Montreal, Canada.
Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.
From Mrs. E. Stuart, Physician and Midwife, Boston.
I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.
From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.
FULASKI HOUSE, Savannah, Ga., Jan. 6, 1866.
HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.
SENATE CHAMBER, Baton Rouge, La., 5 Dec., 1865.
DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.
☞ Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.
Price, 25 cents per Box, or 5 Boxes for $1.
Prepared by Dr. J. C. AYER & Co., Lowell, Mass.
Sold by all Druggists and Dealers in Medicine everywhere. Northrup & Lyman Wholesale Agents for Canada West.

Frontenac Brewery.
PALE ALE
Farmer Jollyboy sat in his old arm-chair,
Ruddy his cheek and his brow was clear,
Over his glass his spirits were light,
None ever was filled with ale more bright.
To his Wife at the wheel, he joyously spoke,
Embracing her with his mirth and his joke.
Good I tell you the ale that his Grace foamed o'er
Has kept grief and disease far away from his door.
Creighton (it was brewed by—'tis readily guessed)
Best brewer by far, search from east to the west,
Right cheerful he said to his wife by his side,
Often if ever in life by ill feelings we're tried,
We'll resort to this ale, for I truly can say,
Envy, hatred and malice twill banish away,
Right certain I am that the world will agree,
Youth and age have no friend like their friend G.C.

FLAX, HEMP, JUTE AND RHEEA FIBRE,
Prepared without Scoutching
BY
J. Hill Dickson's Patent Portable Machine
To be worked by
HAND, WATER, OR STEAM POWER.
117 Gt. Dover Road Boro, London.
THE advantages and economy gained in converting GREEN FLAX STRAW by Machinery, into Stronger and Finer fibre for being spun, on Cotton, Silk, Worsted, or Flax Spinning Machinery, than if retted by steeping in either Cold or Hot Water (which process frequently by over decomposition produces as much Tow, as long Fibre) arises from the following facts, respecting a system that avoids Tow and Waste.
1st.—The seed bolls or husks can be taken off in the field as the flax is pulled, by turning the side protecting rollers that are upon the ends to permit of only about six inches of the top or seed ends, to pass down between them to break the seed bolls without crushing or injury to the seed, or taking off any portion of the fibre.
2nd.—The wood inside the fibre is so crushed and ground into dust when laid on the grate-like moving table, which admits of such stuff falling through, that whether the Flax Straw, Retted in the usual way, the woody and dusty substance is entirely got rid of without scutching, and the reeds or (as it is called) hart of the fibres are so preserved from being broken into tow, that they appear like as many narrow ribbons. Flax spinners are certain to appreciate this great improvement in preparing, as no Tow or Waste can be seen, and as a consequence there is a gain of fully one-third more fibre from a given weight of flax straw than by any other invention or system known, see report of Messrs. Marshall & Co. of Partington & Leeds, taken from the Belfast Flax Society reports and copied at page 214, in the work of Dixon on the Fibre, Plants of India Flax, Hemp, &c. &c.
3rd.—The Flax and Hemp being when free from the wood, covered over with a natural green gum, is made perfectly soft and two-thirds White, by a simple run of Hot Water, as the fibre passes through in a few minutes, the washing part of the invention, and then w ung at the end, by this means the fibres are stronger and better adapted for the Flax Spinners than any retted flax, and the yarns from it will be nearly white without alkalies or acids to injure the strength, and ready for weaving without bolting.
4th.—If very fine quality be required for Cotton, Silk or Worsted spinning purposes, the cottonizing part of the Machine must be worked and the softening liquid applied and by such means flax equal to the best Courtrai, Flax at £100 & £50 per ton can be produced, and practical instructions will be given to parties purchasing the machine by the Inventor and Patentee.
