PROF. VELPANI.

Who is Prof. Velpani? He was a man of obscure birth, but he has given the world a Remedy for bald heads and rough hairs, that will make his name immortal. Half Restoratives are multiplying on every hand, but the great desideratum is to find an article that will accomplish the purpose for which it is designed, without a thick, unpleasant and offensive sediment.

Prof. Velpani has discovered a method of dissolving the ingredients, and holding them in solution, so that there shall be no deposit, and yet without destroying the essential properties of any of the ingredients. It is pleasantly perfumed, may be used at anytime, is a splendid hair dressing without oil, and absolutely prevents the hair from falling off or turning prematurely grey.

SARATOGA SPRING WATER, sold by all Druggists

"Jes' so!"—"Exactly!"—Solon Shingle said they were there "every time." If he felt "owly" in the morning, he took Plantation Bitters; if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

Few persons want any better authority; but as some may, just read the following:

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGONER, Madison, N.Y."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. C. A. MILLWOOD, New York City.

"* * * I had lost all appetite—was so weak and emaciated I could hardly walk, and had a perfect dread of society. * * * The Plantation Bitters have set me all right.

JAMES HEMINWAY, St. Louis, Mo.

"* * * The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs, that distressed me for years. They act like a charm.

C. C. MOORE, 254 Broadway, N.Y."

Mrs. O. M. DEVOE, manager of the Union Home School for Soldiers' Children, says she "has given it to the weak and invalid children under her charge with the most happy and gratifying results." We have received over a hundred reams of such certificate, but no advertisement is so effective as what people themselves say of a good article. Our fortune and our reputation is at stake. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—I had a negro man worth $1,200 who took cold from a bad hurt in his leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure.

Montgomery, Ala., June 17, 1859. J. L. DOWNING.

"It is a pleasure to me in recommending the Mexican Mustang Liniment as a valuable and indispensible article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Sores, Rheumatism, &c., and all say it acts like magic.

J. W. HEWITT,

Foreman for American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.

Gloucester, Mass., Aug. 1, 1865. ED. SEELEY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it or hand. Quick and sure it certainly is.—All genuine is wrapped in steel-plate engravings, bearing the signatures of G. W. Wasbrook, Chem st, and the private U.S. Stamp of DYKMAN BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. Look CLOSELY.

SARATOGA SPRING WATER, sold by all Druggists.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is but what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the ear load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

Who would not be beautiful? Who would not add to their beauty? What gives that marble purity and distinguished appearance we observe upon the stage, and in the city belle? It is no longer a secret. They use Hagan's Magnolia Balm. It continued use removes tan, freckles, pimples and roughness, from the face and hands, and leaves the complexion smooth, transparent, blooming and ravishing. Unlike many cosmetics, it contains no material injurious to the skin. Any Druggist will order it for you, if not on hand, at 50 cts. per bottle.

Hinstreet's inimitable Hair Coloring is not a dye. All instantaneous dyes are composed of lunar caustic, and more or less destroy the vitality and beauty of the hair. This is the original Hair Coloring, and has been growing in favor over twenty years. It restores gray hair to its original color by gradual absorption, in a most remarkable manner. It is also a beautiful hair dressing. Sold in two sizes—50 cents and $1—by all dealers.

Cholera DISARMED!!!

The Chief Causes of Pestilence Destroyed.

DR. E. COURTARET'S DISINFECTING FLUIDS, Secured by Letters Patent in the United States and France. Prepared solely by the New York Disinfecting Company, at their Laboratory, Nos. 298, 300, & 302 Henry Street, N. Y. Office 42 Cedar Street.

This Company organized on a permanent basis, with Dr. Courteret, the celebrated French Chemist, in charge of its Laboratory, is prepared to furnish its DISINFECTING FLUIDS for sick rooms, nurseries, urinals, water closets, privies, cesspools, sewers, gutters, ships, railroads, hospitals, prisons, and public institutions of all kinds, slaughter-houses, offal and fat-boiling establishments; all kinds of manures (immensely increasing the value of the latter to every farmer), and wherever poisonous and offensive gasses exist. These agents are deodorizers, antiseptics, antiputrescents, and disinfectants in the scientific meaning of the words. They remove noxious gasses and odors by chemical principles—leaving in their places healthful air; they are DESTROYERS, and not merely absorbents of poisonous gasses—not injurious to utensils, in which they are used. The attention of medical men is directed to these Disinfectants. Attached are testimonials in favor of this great discovery, which, with hundreds of others can be seen at the Company's office:

DELAVAN HOUSE, ALBANY, March 30, 1866.

To the President of the New York Disinfecting Company:

Dear Sir: It is all it is represented to be. We have made many trials of Disinfectants but now consider we have found an article which surpasses all others as a remedy against all bad odors.
