Artemesia F. of A. Urges Warble Fly Elimination

The Board of Directors of Artemesia met recently in Flesherton when a resolution was passed urging all cattle owners in the Township to co-operate 100% in the drive to eliminate the warble fly in cattle. Arrangements were made to canvas the Township for the Canadian Appeal for Children. Substantial prizes were offered for the public speaking contest to be held next summer. Discussion took place on co-operative automobile insurance, extension of the Rural Co-operator, and delegates were appointed to the annual meeting of the Hog Producers' Association in Toronto and the Farm Forum conference at Paisley.

Flesherton Council Reduces 1948 Taxes By 2 Mills

Flesherton 1948 tax rate was set at 48 mills, a drop of two mills from the 1947 rate, at the regular monthly meeting of the Village Council Monday night. It was decided to purchase a new fire extinguisher for the fire department, the type used for the extinguishing of gasoline fires. Various accounts for work on streets and welfare were passed and Lorne Turvey was paid $197 for snowplowing the village streets to March 3rd, and received a cheque of $27 from Mr. Turvey as rent of plow for outside work. Hydro accounts for $1200 were ordered paid, including two new transformers and five new type street lamps.

Thos. Croft Will Be 96 On Thursday, March 12

(By Rock Mills Reporter)

Mr. Thos. Croft, formerly of Markdale and who is spending the winter at the home of his nephew, Edward Croft, will mark his 96th birthday on Tuesday, March 16th. Mr. Croft is very active and smart to get about, despite his advanced years, and is enjoying the best of health. A host of friends join in wishing this esteemed gentleman a very happy birthday and trust he will be spared to see many more of them and reach the century mark.

MacMillan, Flesherton, to Glenn Ivan, third son of Mr.. and Mrs. H. Stuckey, Weston, Ont. Mr. Stuckey was transferred from Weston No. 1 Depot. RCAF, to Marathon, Ont. on March 1st. Mrs. Mrs. Stuckey will join her husband there at the close of the school term.

J. T. McKenzie Retires As Osprey Road Superintendent

Osprey Township is losing its veteran Road Superintendent, Mr. Jas T. McKenzie, who has very capably held that position for the past 15 years. His resignation was tendered to the Osprey Council at their regular meeting on Saturday, but upon reguest was persuaded to carry on the work until the next meeting in April, when it is expected the new position will be filled.

Prior to assuming the duties of Road Superintendent, Mr. McKenzie served as a Sub-overseer from the time that Statute Labor was abolished in the Township, and since that time he has served under the regime of five different Reeves. During his long term of service, his duties were at times very onerous, especially during the early years he held the office, but succeeded in giving a satisfactory service throughout the municipality. He was instrumental in directing the many changes in road construction and maintenance, from the delivering of gravel by horse and manual labor to trucks, and then again to the present system of crushing and loading by the modern machines of to-day and spreading on roads by fleets of trucks.

Mr. McKenzie plans to retire to his 200-acre farm which he has been operating with only the assistance of his wife and daughter. He will make a break of official connection with a host of friends, yet there is no doubt that his advice will yet be sought on many matters which only actual experience can solve.

In Memoriam

LAWLER — In loving memory of a dear husband and father, George Lawler, who passed away on March 11th, 1947.

He is gone but not forgotten.
And as dawns another year,
In our lonely hearts of thinking
Thoughts of him are always near.
Days of sadnesss till come o'er us,
Friends may think the wound is healed,
But they little know the sorrow
That lies within the heart concealed.

—Lovingly remembered by his Wife, Maud, Sons and Daughters.

Proton Meet Dundalk Winning From Flesherton

Proton Bears won the deciding game against Flesherton 6-4 Tuesday night and will now meet Dundalk, who won in two straight with Markdale. It was a well deserved victory for Proton and best wishes were extended to the Bears for final victory against Dundalk. Flesherton took the first goal when Gibson netted Teeter's pass and then Proton went one up on goals by G. Lyons from French and R. Lyons from White. Flesherton tied it up when Gibson took Thurston's pass from the corner, drew Blackburn out and shoved the disc in the open net. The period ended when White took Acheson's pass at centre ice and counted.

The scoring in the second period was limited to Proton when Acheson made a lone rush and fooled Scarrow with his drive and with one second to go Bates scored, with assists going to White and R. Lyons.

Flesherton counted twice in the third period to make the score 5-4. when Wilson scored on a face-off and Thurston from Wilson. With Flesherton pressing hard White took a pass from R. Lyons and waltzed through to end the scoring. It was a slow game, sloppy in spots. The absence of Milne was felt, as he was in Toronto having his broken nose repaired. Joe Gibson was playing with a cracked rib. Russ Acheson made his first appearance since he had a shoulder fracture early in the season.

THE FIRST GAME

Flesherton and Proton are staging an interesting battle in the semi-final round of the Semi-Pro. League. Proton won Thursday night of last week 8-6. Thurston opened the scoring in the first period, when he counted twice, one on a pass from Teeter and then Proton went to work and counted five by C. White, Bates from White, G. Lyons from White, R. Lyons from White and Bates and McCauley from French. In the second two goals were scored by Gibson and Milne from Thurston, and then White broke away and beat Scarrow at 19.41 to relieve the pressure and place Proton two up. In the third Bates counted again from White and again Flesherton came within one of tying the score on goals by Milne from Teeter and Gibson from Milne and Thurston, but scoring ended at 18.30 when Bates made a rush the length of the ice and with nobody back With 14 seconds of the period to play Thurston took a penalty for boarding and as he passed the Proton bench going to the penalty box, one of the Proton spectators jumped to the ice and hit the player. This was the signal for fire-works and in a moment spectators and players were in one of the worst fights we have seen for many a day. It was a poor ending to an otherwise good game and if the person who started it all had remained where he should have been, there would not have been any scrap, as this was the only penalty of the game.

OVERTIME TIE

Saturday night the second game of the series was played, resulting in a tie 9-9, after ten minutes overtime. As has been the custom with the local entry they allowed Proton to secure a 4-1 lead the first period. White from Bates and G. Lyons from French gave Proton two goals when Thurston counted on assists from Milne and Teeter, followed oy two more by Bates from White and White from R. Lyons. In the second period Proton again outscored Flesherton four to two, Milne from Gibson, Gibson from Milne, while C. White nabbed three and R. Lyons took White's pass for the fourth. At the close of the second period Milne was struck on the nose with a "golfed" puck and had to retire with a broken nose.

With Proton leading 8-3 it looked almost hopeless for Flesherton, but went to work and tied up the game 8-8, when Thurston took Teeter's pass to start the scoring, followed by three goals by Gibson, two of them on assists by Thurston, who tied the game on Gibson's pass. It was fast hockey all the way and Scarrow had to make some spectacular saves to keep Proton out.

The overtime saw Teeter sink Thurston's pass at 4.27 and with desperation White snared a loose puck inside the defence and scored easily. The Flesherton players deserve great credit for their showing to date, as they have been short-handed with players being injured and sickness with others.
