Osprey Council Sets Rates Of Pay For Township Work

Osprey Municipal Council met in regular session on Saturday, March 6th, and with the exception of Mr. Thompson, who is still absent on account of illness, all members were present, with Reeve Hale in the chair.

A By-law to enforce the "Warble Fly Act" was passed, which now make it compulsory that all cattle within the municipality be treated.

Rates for the use of the maintainer were set at $4.00 per hour for snow plowing and at $3.00 per hour for other work.

2,500 feet of snow fence and the necessary posts for same were orderd from the agent for Roofers' Supply Co.

Wages for labor on roads was set at 65c per hour for man with team and at 50c per hour for man only.

The resignation of Road Supt. McKenzie was tendered and accepted, and the Clerk was authorized to advertise for applications for his successor.

General accounts ordered paid were: Mrs. J. Smith, care of E. Miller for February $50.75; F. F. Hale and L. O. Moore $25 each as delegates to convention in Toronto.

General Road accounts ordered to be paid were: Treas. Artemesia Twp. Artemesia townline work $31.44; W. L. Hamilton, work with bulldozer $339.37; E. Robinson, postage and excise $7; Dept. of Highways, tax $48.73; J. Schwandt, snow plowing $52.50; H. Freethy, snow plowing $78.75; E. Neil, snow plowing $216.75; B. Sanderson, snow plowing $147.0; Geo. Sled, fuel oil $40.50; R. Balkey, maintainer operator $81.60; Geo. Ottewell, account $2.20; Pay Roll No. 3, $377.05.

Local Rink Enters School Boy Curling Bonspiel

Sponsored by the Guelph Curling Club, a two-day curling bonspiel is being held at Guelph April 1 and 2 for school boys from any secondary school in Ontario. This Schoolboys' Bonspiel is the first in the history of Ontario. An entry from Flesherton High School has been entered in the bonspiel, and will be composed of Jack Milne as skip, John Miligan as vice-skip, Bruce Thurston as second and Eldon Fawcett as lead. The four boys have been or are members of the Flesherton Curling Club. Owing to limited accomodation, only 32 rinks will be in the competition, and already 39 rinks have sent in applications. The boys will be entertained in private homes, and the entertainment will include a banquet on the night of April 1st, at which officers of the Ontario Curling Association will be guests. D. E. Kennedy, a Guelph man, is president of the Association this year. The boys will also be shown about the Ontario Agricultural College. Meaford school has the only other entry from Grey County.

HOCKEY NOTES

Markdale and Dundalk are having a torrid tussle in the finals of the Central Ontario Hockey League. Dundalk has already won two games from Markdale and on Monday night the game ended 4-4 with no overtime, as the players were almost exhausted on the watery ice. With the present mild spell the date of the next game has not been decided but will be played in Markdale. The Dundalk club needs only one more win to clinch the championship of the league.

Proton Bears made the Dundalk Semi-Pro. team hustle to win 7-5 in Flesherton Saturday night before a large crowd. Dundalk have won two games from the Bears and one more will make them champions of the Semi-Pro. League.

Flesherton Midgets took Markdale into their clutches Thursday night last 4-3, making their second win of the season in two games played. Norm Scarrow has done a good job as coach of the boys and they have been eager to learn and attentive to their lessons. We will hear more of them next year. In goal they have two boys, Donald Taylor, 8 years old, and Roy Park, both of them red-hot; defence were Clare McLean, Clifford Richardson and Stan McKechnie; forwards included Jack Banks, Carson Stauffer, Jim Stoddart, Bill Aberdein, Bob Teeter, Milford Loucks, Ranald McMillan Royden Johnson, Ted Stoddart and Beverley Cook.

Miracle Hearing

(Windsor Daily Star-

A woman we know of about 50 has been deaf for years. She had scarlet fever and the deafness followed. For the last 20 years or so she could not hear without a hearing aid. Her deafness made her active in hard-of-hearing groups, and she became an active worker in this effort.

A few months ago a doctor interested in deafness began an experiment. By using a piece of ordinary cigaret paper and coating it with glycerine and inserting it in the ear, the doctor has restored the woman's hearing. She can now hear well without any artificial aid whatever, other than te specially treated cigaret paper.

If you are deaf, please don't go trying experiments on yourself with cigaret paper. That is something a doctor should do, because everything has to be done juht so, or it will not work, may do great harm.

We mention the story because we were surprised to learn about it, and also because it shows that there is a remedy for cetain kinds of deafness.

"Henry, did you give your wife that lecture on economy?"

"You bet I did . . . and ans a result I quit smoking."

Concession Roads The Frrmers On The

A great change is taking place in farming Failure to keep the concession roads open in the Winter is driving farmers to the main highways and unless omething is done soon to give those on the back roads a break, agriculture will suffer a serious blow. Before the coming of provincial snow plows, the farmer could get into town by sleigh or cutter, but now the highways are kept bare and the concession roads are snow-blocked. In the past the farmers kept the roads open by frequent trips to the chopping mill and hauling logs and firewood. Hydro brought the chopping mill to the farm and all logging is done during the open season by trucks.

Two recent farm sales in this district are indicative of what is happening today. They are comparable farms as to soil and buildings. A 100-acre farm on the provincial highway sold for $8,000, while a similar farm on the concession road brought only $6,000. There were many applications for the former property, but only one for the latter. If farming is to be confined to the main highways, food production will drop sharply. The province and the townships should work out a plan to keep all roads open in this motorized age. The farmer on the back road is just as important to our economy as the man on the provincial highway. — Port Elgin Times.

MARCH 22 IS DEADLINE FOR MOTOR VEHICLE PERMITS

March 22nd has been set as deadline date for securing 1948 motor vehicle licenses and drivers' permits, Hon. George Doucett, Minister of Highways for Ontario, announced recently.

KIMBERLEY PLAYS SEMI-PRO TEAM IN BENEFIT GAME

A benefit game will be played in Flesherton Ice Palace this Thursday night at 8:30 between Kimberley and Flesherton Semi-Pro. team, of which Jack Milne is a member. Jack received a broken nose a couple of weeks ago and the entire proceeds of the game will be used to help defray expenses of an operation. We hope there is a good crowd present.

THEY'RE HEALTHY, WEALTHY and WISE!

Sand-table instruction lends realism to the study of tactics

they are in the NEW CANADIAN ARMY!

Healthy! They are physically fit, these soldiers . . . they had to be to pass enlistment examinations . . . and they KEEP fit. They are well-fed, clothed . . . given physical training under experts . . . provided with varied recreation . . . and at all times given free medical and dental care

Wealthy! Yes! They really are wealthy . . . in many ways. Not only medical and dental care is free for these top-flight Canadians. Their food, clothing, recreation and training are all FREE! They have generous leaves with pay . . . they see new places . . . they have security in their chosen career AND a pension awaiting them at the end of their service.

Wise! Of course they are wise! Each has been trained in some special skill . . . under expert instructors . . . with modern, scientific equipment. They are wise in another way too! They have learned that their service in Canada's New Army brings with it a sense of pride in the kind of job they are doing . . . a feeling that they are making a vital contribution to the welfare and future of Canada.

If you are over seventeen and want a career with a plus, call at your local recruiting centre or nearby armoury and obtain further details.

THERE'S THE RESERVE for those who wish to serve, to learn a trade and share in the fellowship and advantages of army life, but are unable to "go active". Now is the time to decide . . . ask for details today!
