8TH LINE, OSPREY

Mrs. Pete Somers, Mervin, Vincent and Naomi of Brantford spent the week end at their home here.

The weather has taken another change and is very mild, with rain on Monday. It must be that Spring is just around the corner.

Quite a number on this line attended the hockey game at Markdale Friday night and all reported a good game.

On March 1st the Farm Forum met at the home of Mervin Davidson and on March 8th at the home of Pete Somers.

Congratulations to Mr. and Mrs. Ben Hanley on the arrival of a baby sister for Bobbie.

Quite a number from this line attended the sale of Mrs. C. Heron's household effects at Maxwell Thursday. Good prices were realized.

Mr. and Mrs. Lloyd Stephens, Mr. and Mrs. Russell Hudson and Miss Laverna Smith spent Saturday in Owen Sound.

CREAM

The tremendous demand for butter which was created during the war is still with us. As it now looks, there will be no interference with its market, as far as substitutes are concerned. Would it not, therefore, be wise on the part of the producer, to step up the production by adding to the dairy herd, and a little extra feeding and care. Good business on the part of the producer, and appreciated by the Canadian consumer.

Let us again stress the fact, that by stepping up the production, you are helping to keep the market for butter only — not for substitutes.

As usual — Highest Possible Price and Best Possible Service — continues to be our motto,

Extra Creamery Service

On account of the highways being bare, you can phone us and our truck will meet you at the highway to pick up your cream, eggs and poultry.

The creamery will be closed Saturday nights until further notice.

"OUR MODERN APPROACH TO REFORM"
IN
Queen's Park Report No. 9

FRIDAY, MARCH 19, 1948
CFRB at 8 p.m. CFOS at 7:45 p.m.

IN TWO short years we have added over 257,000 telephones, put in hundreds of switchboards and trained thousands of people to extend and improve your telephone service.

We are adding more telephones to meet the continuing demand for service just as fast as equipment becomes available.

All this is being done in the face of rising costs. Yet, up to now, there has been no increase in the basic telephone rates established 21 years ago.

For you, this means greater value than ever before: for us, the satisfaction of providing "the best telephone service at the lowest possible cost".
