Usury, Banking and Bankrupt Laws.

The Toronto Board of Trade in their late annexed report thus refer to these important subjects:—

The necessity for increased banking facilities to keep pace, in some measure, with the general increase in the trade of the country, the continued development of new sources of wealth, and the consequent requirements of money, has occupied the attention of previous councils, and steps have been taken by nearly all the chartered banks of the province for a large increase to their respective capitals; the required stocks have been readily taken up and some new banks established. And although the banking capital of the Province has been nearly doubled within the last two years, there is still, in the opinion of your council, ample room for the safe and profitable investment of nearly, if not quite as much more. By the modification of the Usury Laws, statute 16 Vic. c. 80, all parties, except the chartered banks and insurance companies, are allowed to lend money at such rates as they may agree on, subject only to the forfeiture of surplus interest over six per cent., if the borrower should think fit to repudiate the payment. This statute your council consider only a step in the right direction, and would strongly urge the necessity for the total repeal of all legislative trammels upon the trade in money. Your council is of opinion that all partial enactments, giving limited freedom of action in the transaction between borrowers and lenders, can only tend to perpetuate and increase the evils which they are intended to remedy, without bringing about the influx of capital into Canada which would undoubtedly follow the total repeal of all restrictive enactments on the trade. If it should be considered that the admission of the chartered and peculiarly privileged banking institutions of the province to the full operations of unrestricted trade in money would operate injuriously on the mercantile community, who are, to some extent, dependent for their financial facilities upon the Banks, the law might be modified so as to meet this objection by limiting the rate chargeable by banks to the same rate of interest as obtains in the State of New York, namely, seven per cent, while the trade between private parties should be entirely unrestricted.

Your council is of opinion that a well-considered Bankrupt law should be enacted, both for the protection of the creditor and debtor; with regard to the first, because when a man commits an act of bankruptcy, the honest creditor should be protected from the undue preferences which are so frequent in the absence of any legislative control of such cases; and with regard to the latter, because it seems peculiarly unjust that a man who through the vicissitudes of trade, "over which, in many cases, he may have no control," becomes deprived of the means of liquidating the liabilities of such trade, should also be debarred from the possibility of ever bettering his condition, should any of his creditors refuse to grant him a discharge. The law, however, should be very carefully enacted, and every precaution taken to prevent its fraudulent or tyrannical application.

PARLIAMENTARY.

Toronto, March 4.

Last night the following petitions were presented, viz:—

Of Robert Michael and others, of the east riding of the County of Elgin, praying for the passage of a prohibitory liquor law, with 13 others on the same subject.

Of Lyman Chapin, on behalf of the rate-payers of Brantford, for an Act authorising the Buffalo, Brantford and Goderich Railroad Company to lease their road.

Of the Municipality of Bruce for an Act to authorize the construction of a railway from Lake Huron to Toronto.

Of the College of Bytown.

Of Lincoln and Welland to disunite the counties.

Of the Corresponding Committee of the Colonial Church and School Society.

Of the Bishop of Montreal and on behalf of the National School, and several others.

The accounts were ordered to be printed.

Mr Cassault introduced a bill to amend the act 12 Vic. cap 114. Second reading Wednesday next.

Mr Marcheldon introduced a bill to authorize the creditors of public officers to seize the salaries and emoluments of said officers in certain cases.

The following bills were read a first time, viz:

To make the office of Mayor of Quebec elective.

To provide a uniform mode of religious and charitable societies.

To simplyfy the proceedings in the Queen's Bench and Common Pleas in Canada West,

To amend the law relating to the Court of Error sand Appeal.

To authorize the immoderate commutation of claims on Ordnance Lands upon their transfer to the province.—

To amend the Act, to establish freedom of banking.

In answer to Mr A. Morrison, Mr J. A. Macdonald said ministers hoped to bring in a bill to increase the fees of clerks of the peace in Canada West. Also, in answer to Mr Lumsden, that they hoped, after the report of the law commissioners had been sent in, to introduce a bill to consolidate the different municipal laws of Canada West.

On motion of Mr Poulin, bills were read a second time to provide superior elementary schools in Canada East, and to provide for the establishment of County Courts therein.

Mr Daoust moved the second reading of the bill to abolish the right of appeal to the Privy Council.

Mr Drummond moved the second reading of the bill that day six months.

Special Notices.

Holloway's Pills unfailing remedies for Dropsy.—Mr H. Tomkinson, of Bras D'Or, Nova Scotia, was a severe sufferer from this terrible complaint and water literally oozed through his skin, so that daily change of apparel became necessary, several Physicians were called in, and afforded him temporary relief, but the disease ultimately increased, and his life was endangered; he (like thousands of others) then determined to try the effect of Holloway's Pills, these remedies very quickly mitigated the virulence of the disorder, and by persevering with them for about six weeks, left him thoroughly restored to health; by a few more weeks continuance of them, he was as strong as ever he was in his life. These celebrated Pills are equally efficacious in liver complaints and correcting bile as well as disorders of the kidneys.

TO ARCHITECTS.

PUBLIC WORKS,
Toronto, 29th Dec. 1855.

PLANS ARE REQUIRED FOR A CUSTOM HOUSE, proposed to be Erected in the City of Quebec.

From the nature of the site on which it is decided the Building shall stand, as well as to be enabled to form a judgment upon the character of the materials to be used, and on the facility, or otherwise of procuring them, it will be necessary that the gentleman who may see fit to engage in the preparing of Plans and Estimates, should visit the locality and it is wished that the Estimates should show separately the additional cost, if any, should Granite, such as is to be had on the Montreal and Portland Road, be adopted for the principal fronts.

For full information, as to the amount nature and extent of the accommodation which the Building must afford, reference is to be made to the Collector of the Port of Quebec, J. W. DUNCOMBE, Esquire.

The Plans are to comprise one of the Basements, showing the sewerage, principle of heating, &c., and one of each of the floors, with such sections also as may be necessary to convey fully the intentions of the Architect.

The plans are to be accompanied by a detailed Specification, measurement, and Estimate of the Works of the several classes required to complete the Building ready for business, and also by a Schedule of Rates by which any extra Work will be governed.

For the set of Plans, &c., which may be considered by the Commissioners of Public Works, most deserving and applicable, the sum of Two Hundred and Fifty Pounds will be paid, these Plans becoming thereby the Property of the Commissioners, who will make such arrangements for the Superintendance of the erection of the Building as they think fit.

A premium of £100 will be awarded to the design considered second in merit. All the Plans will be returned but those connected with the design adopted.

The Estimates are to show the cost of the necessary filling and forming and protecting the approaches distinct from the cost of the Building.

It is desired that the Building should present a respectable Architectural Facade to the River and also one to the Street. The Plank elevations to be plain but in character.

The entire, in appearance and construction, to be commensurate with the importance of the Port.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining the above requirements, and the necessary accommodation.

The Plans, &c., are to be Sealed and Addressed to the Chief Commissioner of Public Works, Toronto, Canada, and are to be delivered in, on, or before the 15th March next.

By order,

THOMAS A. BEGLY,
Secretary.

Department of Public Works Toronto, Dec. 28, 1855. } 80-2ce-w-t-m-15.

TO ARCHITECTS.

PLANS ARE REQUIRED FOR A JAIL proposed to be erected outside the walls of the city of Quebec, upon a suitable site.

The Plans are to comprise a general Plan, showing the insulating walls, position and extent of the Prison Building, with all the indispensable day-rooms, work-shops, and other outbuildings, hospitals and airing yards, sewerage, &c., &c. Also, a Basement Plan, exhibiting the principles of Heating and Ventilating, and a plan of each on the floors; likewise such sections as may be necessary to convey fully the intentions of the Architect. Such Plans are to be accompanied by a detailed Specification, Measurement, and Estimate of the works of the several classes required for the full completion of the buildings &c, and also by a Schedule of Rates, by which any extra work will be governed.

For the set of Plans, &c., which may be deemed by the Commissioners of Public Works most deserving and applicable, and in the designing of which due consideration will appear to have been given, so that they shall combine all the requirements which such an institution should afford, as to the safe keeping and health of the prisoners, their classification, employment, and reclamation, &c., &c., the sum of Two hundred and Fifty Pounds will be paid—these plans becoming thereby the property of the Commissioners, who will make such arrangements for the superintendence of the erection of the Building as they they think fit.

A Premium of £100 will be awarded to the design considered second in merit, all the Plans will be returned but those connected with the design adopted.

The Estimates are to show, separately, the cost of supplying the premises with Water and Gas.

For information as to the number of prisoners for which the building should be suited, taking into consideration the rapidly increasing population of the country, reference is to be made to W. S. SEWELL, Esq., Sheriff, Quebec.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining all the necessary requirements, and with the substantial construction of the entire, as much as possible, on fire-proof principles, and in a suitable style of architecture.

The Plans &c., are to be sealed, and addressed to the Chief Commissioner of Public Works, Toronto, Canada; and are to be delivered in, on, or before the 15th March next.

By order,

Mail Contract.

SEALED TENDERS addressed to the Post-master General and Masked "Tender for Mail Service" will be received at Toronto until 12 o'clock, Noon, on Saturday the 29th March, for the Conveyance of Her Majesty's Mails six times per week each way between Kingston and Brighton, on and from the 1st April next.

The conveyance to be made in a waggon during summer and in a cutter during winter.

The computed distance between Kingston and Brighton is seventy-four miles.

The rate of Travel to be not less than five miles per hour, including stoppages for all purposes.

The Days and Hours of Arrival and Departure to be as follows, subject to a right of the Post-master General to alter the same, should he consider it advisable so to do:

To leave Brighton daily, Sundays excepted, at 5 a. m., and to arrive at Kingston the same day at 8 P.M. To leave Kingston during the season of navigation, daily, Sundays excepted, at 5 P. M., and to arrive at Brighton the following day at 8 A. M. And during the winter to leave Kingston daily, Sundays excepted, at 7 A. M., to arrive at Brighton the same day at 10 P. M. When the Grand Trunk Railway is in operation to Kingston, it is probable the mails will be despatched for Brighton at 6 P. M. The mails are to be carried via Adolphustown, Picton and Consecon, and the Contractor is to defray the charges for ferriage at the Stoney Mills.

☞ Parties tendering for this service will please to mention a price for a contract for one or four years duration.

The Contract if satisfactorily executed will continue in force for a term not exceeding four years: the Post-master General reserving the right to terminate the agreement at any time previous to the expiration of the four years, should the public interest, in his opinion, require it, upon giving the Contractor three months previous notice of his intention.

Each Tender to state the price asked in words at length, and to be accompanied by the written guarantee of two responsible parties undertaking that in the event of the Tender being accepted the Contract shall be duly executed, by the party tendering, for the price demanded:—undertaking also to become bound with the Contractor in the sum of $200 for the due performance of the service.

Blank forms of Tender may be had at the following Post Offices: Kingston, Bath, Picton, Brighton.

H. A. WICKSTED,
Post Office Inspector.
