VANDELEUR

"Human Relations and Mutual Health" was the subject chosen for her address by Mrs. F. H. Shepherd of Toronto, immediate past president of Forest Hill Home and School Association, who was the guest speaker on the social welfare program of Vandeleur W.I., held at the home of Mrs. Will Ratcliffe, Thursday afternoon, Sept. 23rd. In speaking on this timely subject, which is of vital interest to everyone. Mrs. Shepherd explained how our emotions and attitudes affect the mental health of our children, our family life, our own personal health and happiness and the community. Touching on sex hygiene, she stated that it was important that teaching on this subject should begin in early life. She felt that sex education should be taught in schools only when the home had failed, as parents have an opportunity and responsibility to teach gradually as the child develops. There was a discussion period following the address and mental health literature was distributed.

There was a splendid attendance of members, and visitors were present from Markdale and Flesherton. The roll call was answered "How are you using your talents to improve your home or community?" Other items on the program were a reading by Mrs. Mel. Buchanan "Sportsmanship" by Edgar Guest and Mrs. Howard Graham, convener of social welfare, explained the motto:

"A rosary of friends I keep,
At some I smile, for others weep;
But life for me with all its needs
Is richer for my string of beads."

A miscellaneous bazaar was held, the proceeds for the Red Cross. A social hour was spent at a delicious luncheon, served by the hostess, Mrs. Will Ratcliffe, and Mrs. Geo. Shaw and Mrs. W. Swanton

Mrs. Shepherd was formerly Jean Wright, a Vandeleur girl, and held the highest score in public speaking speaking contests of business and professional groups in Toronto. Mrs. Shepherd said that the Mental Health Council of Canada was planning a program which they hope to place in all school across Canada. This year they are trying it out in Forest Hill schools and in a school in Montreal. Needless to say, this subject is of vital importance in the lives of our children.

Mrs. Shepherd was the guest of Mr. and Mrs. Howard Graham and Ruth for a few days, when she renewed friendships with many old friends and neighbors.

Mr. and Mrs. Dave Fawcett of Vancouver, B.C., are visiting with Mrs. Ethel Hutchinson, Miss Myrtle Fawcett and Mr. and Mrs. Andy Fawcett and Vernon, and other district friends.

A large crowd from here attended anniversary services in Ebenezer church on Sunday, when Rev. H. S. Warren, a former beloved pastor on this circuit for eight years, was the guest speaker, and delivered two excellent sermons. His subject in the afternoon was "What shall I do with life?" and in the evening "A substitute for crumbling foundations." Vandeleur senior and junior choirs led in the service of song. Beautiful flowers adorned the altar, and lovely weather favored the occasion.

Mr. and Mrs. Gordon Lougheed of Meaford were recent visitors with Mrs. Ethel Hutchinson.

Mr. Will Johnston spent a few days with friends in Sarnia district.

St. John's United Church

Minister

World Communion Sunday, Oct. 3 will be observed at Flesherton, Intioge and Eugenia, 11 a.m., 3 and 7:30 p.m., respectively. All members and adherents are urged to attend.

"And Now I See" is the film to be shown at the Missionary Rally in Markdale United Church on Friday, Oct. 1st, at 8 p.m. All welcome.

An area conference is being held by the Ontario Temperance Federation in St. John's United Church on Tuesday, Oct. 5th, at 8 p.m. A sound film "That Boy Joe," and a round table conference will comprise the program. Young people especially invited. Everybody welcome.

The Sacrament of Baptism will be available on Thanksgiving Sunday, Oct. 10th, to those members who wish to dedicate their children to God and His church.

COUNTING ONTARIO'S MIGHTY MOOSE

Of all North American deer, the moose is the mightiest. Any wanderer in the forest who has seen, or even heard, one of the great creatures of half a ton or more thundering through the obstructing underbrush, will have no doubt whatever about the bulk and strength of the animal. It is this impressive size and power of the moose which arouses admiration, not its appearance. With its high shoulders, immense muzzle, massive antlers and ungainly body, the bull moose has a grotesque figure that would have no chance at all in a beauty contest. Alces americana is a rugged beast that splashes through the shallows of a northern lake like a scow in a gale.

About tih sfascinating animal surprisingly little scientific information appears in the text books, as any hopeful reader soon discovers. It is to the credit of the Royal Ontario Museum of Zoology that this lack is now being remedied. Under the leadership of Mr. R. L. Peterson of the Museum's division of mammals, intensive research is in progress again this year as it was in 1946-'47. By canoe and plane, on foot through the tangled undergrowth of forests, Museum specialists have trailed the moore in areas from the remoter reaches of Algonquin Park in the islandst of Lake Superior and the wilderness beyond that lake. It is a fact-finding project on a scale never before attempted in North America. Moose numbers, habits, haunts and every fact of value contributing to the knowledge and preservation of the species is being thoroughly investigated. so that the mighty moose might be saved from the doom of extinction.

If the parents don't mind that the kids dont's mind, the kids don't.

Your banker works
For You

As a depositor or borrower, you value privacy in money matters. Your banker protects that privacy. Your banking transactions are not open to the eyes and ears of your competitor, your neighbor, your community.

In other words, the manager of your branch bank and his whole staff are working for *you*.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every banker a public official working for the State! State monopoly of banking, proposed by Socialists here, would open your banking transactions to political intrusion.
