Holloway's Pills unfailing remedies for Dropsy.—Mr H. Tomkinson, of Bras D'Or, Nova Scotia, was a severe sufferer from this terrible complaint and water literally oozed through his skin, so that daily change of apparel became necessary, several Physicians were called in, and afforded him temporary relief, but the disease ultimately increased, and his life was endangered; he (like thousands of others) then determined to try the effect of Holloway's Pills, these remedies very quickly mitigated the virulence of the disorder, and by persevering with them for about six weeks, left him thoroughly restored to health; by a few more weeks continuance of them, he was as strong as ever he was in his life. These celebrated Pills are equally efficacious in liver complaints and correcting bile as well as disorders of the kidneys.

KNOW NOTHINGS.—There are more Know Nothings in the world than belong to this secrets political party. They are those who don't read the papers; and therefore know nothing about Dr. Rogers' Syrup of Liverwort, Tar, and Canchalagua. Such persons don't know that this medicine will cure, and that too in a very short time the worst cases of Colds, Coughs, Bronchitis, Influenza, and that whole train of Pulmonary Diseases, which, if neglected, invariably result in Consumption. They know nothing about the remarkable cures which this medicine is making daily, and therefore suffer on, as if there was no remedy. To all such Pulmonary Invalids we would say, make instant trial of this Medicine, and you will soon know something that will cure you outright.

TO ARCHITECTS.

PUBLIC WORKS,
Toronto, 29th Dec. 1855.

PLANS ARE REQUIRED FOR A CUSTOM HOUSE, proposed to be Erected in the City of Quebec.

From the nature of the site on which it is decided the Building shall stand, as well as to be enabled to form a judgment upon the character of the materials to be used, and on the facility, or otherwise of procuring them, it will be necessary that the gentleman who may see fit to engage in the preparing of Plans and Estimates, should visit the locality; and it is wished that the Estimates should show separately the additional cost, if any, should Granite, such as is to be had on the Montreal and Portland Road, be adopted for the principal fronts.

For full information, as to the amount, nature and extent of the accommodation which the Building must afford, reference is to be made to the Collector of the Port of Quebec, J. W. DUNSCOMBE, Esquire.

The Plans are to comprise one of the Basements, showing the sewerage, principle of heating, &c., and one of each of the floors, with such sections also as may be necessary to convey fully the intentions of the Architect.

The plans are to be accompanied by a detailed Specification, measurement, and Estimate of the Works of the several classes required to complete the Building ready for business, and also by a Schedule of Rates by which any extra Work will be governed.

For the set of Plans, &c., which may be considered by the Commissioners of Public Works, most deserving and applicable, the sum of Two Hundred and Fifty Pounds will be paid, these Plans becoming thereby the Property of the Commissioners, who will make such arrangements for the Superintendance of the erection of the Building as they think fit.

A premium of £100 will be awarded to the design considered second in merit. All the Plans will be returned but those connected with the design adopted.

The Estimates are to show the cost of the necessary filling and forming and protecting the approaches distinct from the cost of the Building.

It is desired that the Building should present a respectable Architectural Facade to the River and also one to the Street. The Plank elevations to be plain but in character.

The entire, in appearance and construction, to be commensurate with the importance of the Port.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining the above requirements, and the necessary accommodation.

The Plans, &c., are to be Sealed and Addressed to the Chief Commissioner of Public Works, Toronto, Canada, and are to be delivered in, on, or before the 15th MARCH next.

By order,

THOMAS A. BEGLY,
Secretary.

Department of Public Works, Toronto, Dec. 28, 1855. } 80-2ce-w-t-m-15.

TO ARCHITECTS.

PLANS ARE REQUIRED FOR A JAIL proposed to be erected outside the walls of the city of Quebec, upon a suitable site.

The Plans are to comprise a general Plan, showing the insulating walls, position and extent of the Prison Building, with all the indispensable day-rooms, work-shops, and other outbuildings, hospitals and airing yards, sewerage, &c., &c. Also, a Basement Plan, exhibiting the principles of Heating and Ventilating, and a plan of each on the floors; likewise such sections as may be necessary to convey fully the intentions of the Architect. Such Plans are to be accompanied by a detailed Specification, Measurement, and Estimate of the works of the several classes required for the full completion of the buildings &c, and also by a Schedule of Rates, by which any extra work will be governed.

For the set of Plans, &c, which may be deemed by the Commissioners of Public Works most deserving and applicable, and in the designing of which due consideration will appear to have been given, so that they shall combine all the requirements which such an institution should afford, as to the sale keeping and health of the prisoners, their classification, employment, and reclamation, &c., &c., the sum of Two hundred and Fifty Pounds will be paid—these plans becoming thereby the property of the Commissioners, who will make such arrangements for the superintendence of the erection of the Building as they they think fit.

A Premium of £100 will be awarded to the design considered second in merit, all the Plans will be returned but those connected with the design adopted.

The Estimates are to show, separately, the cost of supplying the premises with Water and Gas.

For information as to the number of prisoners for which the building should be suited, taking into consideration the rapidly increasing population of the country, reference is to be made to W. S. SEWELL, Esq., Sheriff, Quebec.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining all the necessary requirements, and with the substantial construction of the entire, as much as possible, on fire-proof principles, and in a suitable style of architecture.

The Plans &c., are to be sealed, and addressed to the Chief Commissioner of Public Works, Toronto, Canada; and are to be delivered in, on, or before the 15th March next.

By order,

Mail Contract.

SEALED TENDERS addressed to the Post-master General and Marked "Tender for Mail Service" will be received at Toronto until 12 o'clock, Noon, on Saturday the 8th of March, for the Conveyance of Her Majesty's Mails six times per week each way between Kingston and Brighton, on and from the 1st April next.

The conveyance to be made in a waggon during summer and in a cutter during winter.

The computed distance between Kingston and Brighton is seventy-four miles.

The rate of Travel to be not less than five miles per hour, including stoppages for all purposes.

The Days and Hours of Arrival and Departure to be as follows, subject to a right of the Post-master General to alter the same, should he consider it advisable so to do:

To leave Brighton daily, Sundays excepted, at 5 a. m., and to arrive at Kingston the same day at 8 P.M. To leave Kingston during the season of navigation, daily, Sundays excepted, at 5 P. M., and to arrive at Brighton the following day at 8 A. M. And during the winter to leave Kingston daily, Sundays excepted, at 7 A. M., to arrive at Brighton the same day at 10 P. M. When the Grand Trunk Railway is in operation to Kingston, it is probable the mails will be despatched for Brighton at 5 P. M. The mails are to be carried via Adolphustown, Picton and Consecon, and the Contractor is to defray the charges for ferriage at the Stone Mills.

☞ Parties tendering for this service will please to mention a price for a contract for one or four years duration.

The Contract if satisfactorily executed will continue in force for a term not exceeding four years: the Post-master General reserving the right to terminate the agreement at any time previous to the expiration of the four years, should the public interest, in his opinion, require it, upon giving the Contractor three months previous notice of his intention.

Each Tender to state the price asked in words at length, and to be accompanied by the written guarantee of two responsible parties undertaking that, in the event of the Tender being accepted the Contract shall be duly executed, by the party tendering, for the price demanded:—undertaking also to become bound with the Contractor in the sum of £300 for the due performance of the service.

Blank forms of Tender may be had at the following Post Offices: Kingston, Bath, Picton, Brighton.

FORMS of Notices of Trial and Writs on Sale at the Daily News Office.

HARPER'S MAGAZINE for February just received at the City Book Store.

January 24, 1856.

MESSRS. STEARNS & MARVIN. Nos. 144 and 146 Water-St., N.Y.

GENTS:—Our city was last evening visited with the most destructive fire since its existence, and you may well think we felt interested and anxious to know the result of several safes of yours and others in the fire. We need hardly tell you yours came out of the fiery ordeal triumphant over all others. Immediately under Anderson's office was 50 or 60 tons of tallow, and of course made the hottest kind of fire; and in another Safe of yours, in the same building was $20,000 in Bank bills, checks, &c., all of which came out in perfect order, after lying in the ruins ten hours. All that have seen the effects of the fire on the different kinds of Safes, are satisfied of the superiority of your "Rich's improvement on Wilder's Patent Safe." Yours respectfully,

MORLEY & RAYNOLDS.

Cleveland, Oct. 28, 1854.
