Dr. Frank Martin Died At Dundalk Home Friday

Dr. Frank Martin, widely known physician of Dundalk, died at his home on Friday morning in his 86th years. He had practised his profession in Dundalk for the past 52 year and was widely known throughout the district.

The late Dr. Martin was born in Garafraxa Township, near Fergus, and was a son of the late Mr. and Mrs. Peter Martin. He received his High School education in Fergus and attended University of Toronto and in 1884 graduated in Applied Science. In that same year he went west, where he served as inspector of government surveys. In 1885 when the North-West Rebellion broke out, Dr. Martin was attached to the North-West Mounted Police as scout. He graduated in medicine in the University in 1893 and went to Dundalk in 1894. It is estimatd that during the years he has served as a doctor he has brought 3,500 babies into the world.

The late Dr. Martin is survived by three daughters: Miss Dot Cornett Martin of Preston High School teaching staff, Mr. John Dawson of Dundalk and Miss Betty Martin of the staff of Sunnybrook Hospital at Toronto.

The funeral service was held on Sunday, Jan. 2nd, 1949, with service in Dundalk United Church at 2:30 p.m., interment being made in the Dundalk Cemetery.

BELL SERVICE IN FLESHERTON GROWS

Telephone service in Flesherton increased by 46 during the past year, according to M. Reed, Bell Telephone manager here. This compares with a net incrsase of 52 telephones reported here for 1947 and brings the total to 392 telephones operating locally, more than ever previously connected in this community.

During the year steady progress was made in clearing deferred applications for telephone service, but the demand for telephones was so great that there are still 11 unfilled orders for service on file in the company's local office.

"The public demand for telephone service is continuing at a high level," Mr. Reed pointed out today. "More telephones were added during 1948 in Bell Telephone territory in Ontario and Quebec than ever before. Our present level of construction expenditures will have to be maintained, and perhaps even increased, during the next few years if we are to achieve our objective of meeting promptly all requests for telephone service.

"With limited earnings and a continuing need for tremendous amounts of new plant and equipment, the cost of our expansion program can be met only with dollars supplied by investors who consider the telephone business a good risk for their savings. Earnings must be sufficient to meet operating expenses — wages, taxes, upkeep and wear and tear — as well as a reasonable return to investors."

One youngster tells us he got a zero the other day when he told his teacher the world revolved on its taxes. But we're wondering if maybe the kid doesn't have the right idea at that?

FLESHERTON WON FROM DUNDALK 14-7

The opening of the Central Ontario Hockey League took place in Dundalk Monday night, when the Flesherton squad made an impressive showing when they defeated the Beavers 14-7 in a fast game for so early in the season. To make matters worse from a Dundalk angle, was the great work done on defence by Russell Acheson for Flesherton, who was a discard of the Dundalk team two years ago, as he was considered too slow for such a good team. They would no doubt like to have him back as the Dundalk defence was not operating Monday night. They were also weak in goal. Bill Lawrence of Kimberley, the last two years with Markdale, played on right wing with Boyd and Gordon Chard, the latter also from Kimberley, and he has given added strength to the team, both offensively and defenisvely, as he took a shift on the defence as well. The line of Bob Turney, Doug. Cairns and Roy Best was great, this line scoring half the goals. A new line is being developed of Jack Milne and Bruce Thurston from last year's Semi-Pro. team and Ken Chard of Kimberley, who brings experience to the line, as he has been a member of the team for the past two years on the line with his brother, Gordon, and Geo. Boyd. The team is short one defence player and it is hoped to remedy this defect, so as to leave Lawrence, who played defence with Markdale, on the forward line where he formerly played. Then Russell Andrews had his eagle eye working to perfection and made many miraculous stops.

Dundalk has lost several of their players of last year and are in the midst of rebuilding their team, bringing in four players from Badjeros: M. and K. Hannon, R. Gibson and C. Moore. Pat Dales is a new man, formerly with Grand Valley. The new players should come along and we will hear from Dundalk yet. Geo. Bradley, 17, went in the nets in the last period and while five went past him he was plenty busy on other shots and will improve with experience.

The Flesherton players went right after Dundalk from the start and backed Dundalk into their own end for minutes at a time and had command of the play most of the time, although with the score against them 9-3 going into the last period, they came back strong at the start and scored three goals in the first four minutes of play, but they had shot their bolt and when Flesherton began to click again it was only a matter of how high the score would go. The final result was a big disappointment to the Dundalk fans and a real surprise for the locals, as the home club had considerably more practice this season than had Flesherton.

NEW YEAR CAME IN WITH BLIZZARD

The worst blizzard we have had in years struck this district Friday afternoon of last week and that evening highways were plugged so full of snow that traffic was at a standstill. Scores of cars were marooned in the country and many farm homes gave travellers a warm bed and meals in their difficulty. The busses from Toronto became lodged in the drifts a mile north of Dundalk corner and were not released until the plows came from Orangeville Saturday afternoon. The plows arrived in Flesherton about four o'clock, but the road south was by no means passable. The county road to Kimberley was opened by Sunday evening, but the Singhampton road was not passable until Tuesday afternoon, when the county snow blower completed the job.

The village streets were also full of snow, drifts seven feet high filled one side of Collingwood street. The Turvey plow was working near the 4th line on the Portlaw sideroad and in the swirling snow went off the road and could not be released until Monday and arrived in town Tuesday morning, when the village roads were opened to motor traffic.

HOCKEY JOTTINGS

Flesherton goes to Erin this Saturday night for their second game and test of strength. Due to the blocked roads Saturday afternoon the Grand Valley game scheduled here for that afternoon, was postponed and was supposed to have been played this Wednesday night, but the mild weather has cauesd a postponement.

—o—

According to the latest advices Markdale will have a team in the Central Ontario League, and will play out their schedule. Reports to the contrary came out of Markdale, but we are glad to know they will keep going, even if their team will not take the championship. Bring in the younger players and build up another team, is good advice at any time.

—o—

The Semi-Pro. League opens in Flesherton this Thursday night with a double-header, as will all the games on Flesherton ice, as Proton Bears and Feversham are using the ice, along with the local entry. Proton and Feversham hitch in the first game, with Markdale and Flesherton in the second. Friday night Flesherton plays Mayburne at Dundalk and Dundalk at Markdale.

—o—

Norm Scarrow had his midgets out for a work-out Monday evening and there is good talent for future teams. Norm did a good job with the kids last winter and is to be commended on the time and energy he puts forth to bring them along.

—o—

Flesherton's first home game will be played next Monday night, when Markdale will be on hand to open the proceedings. It is reported that they will have four players from Chatsworth to bolster their team, so Dr. Carefoot and company should be able to ice a pretty fair team.

Mr. Jones was spending a day in bed with a severe cough, and her husband was working in the back yard, hammering nails into some boards. Presently a neighbor came over to the yard.

"How's your wife?" he asked.

"Not very well," said Jones.

"Is that her coughin'?"

"No," replied Jones, "It's a chicken house."

We Need Renewals To Keep Business Going

The honor of being the first to pay their subscriptions in 1949 falls on Mr. John Dand of Kingsville and Mrs. T. A. Hughes of Vancouver, B.C., the former Ellen Thistlethwaite. We were pleased hear from these good friends again.

At this time of the year a great many subscriptions become due and we would be greatly pleased to have our subscribers renew promptly, as it takes plenty of cash to run a business and live these days. Our bills come due each month and they have to be paid, so we need the cash to fulfill that duty. If your subscription has expiered let us hear from you as soon as possible. The label will give you the expiry date.

Doner - Whiteoak

A charmingly arranged house wedding took place on Monday afternoon, Dec. 7th, 1948, at the home of the bride's parents, when Helen Mae, younger daughter of Mrs. Harold A. Cox of Collingwood and the late Robt. J. Whiteoak of Feversham became the bride of Roy Carmon Doner, elder son of Mr. and Mrs. Martin Doner of Collingwood. Rev. J. R. Greig of First Presbyterian Church heard the marriage vows in a candle-light setting of tall standards of pink and white 'mums, flanked by ferns and arranged before a fireplace.

Mrs. Wm. Ribble played the wedding music and Miss Peggy Wootton of Orillia, during the signing of the register, sang "Through The Years."

Given in marriage by her stepfather, Mr. Harold A. Cox, the bride wore a becoming street-length dress of powder blue moire, with which she wore a halo of blue ostrich feathers, and carried dream roses and white 'mums. Mrs. John Brack of Hanover was her sister's matron of honor and was in victorian wine bengaline. Her small hat was in matching velvet and feathers and she carried bronz 'mums. Mr. John Brack stood with the bridegroom as best man.

At the reception which followed the ceremony, Mrs. Cox and Mrs. Doner assisted the bridal party in receiving the guests. Mrs. Cox was wearing a black gown with bead trim and a corsage of premier roses, while Mrs. Doner chose loganberry wine with corsage of Talisman roses.

For their wedding trip to Sarnia, London and Toronto, the bride donned a black coat with a corsage of pinochio roses. Guests were present from Toronto, Orillia, Barrie and Stayner.

CARDS OF THANKS

We, the family of the late Mary Ann Tyson, wish to thank all our friends and neighbors for their kind deeds and actions during our bereavement. We especially mention those who helped dig the grave, assisted in the home and those who took cars to the cemetery, also to Reeve Hale, who so kindly saw to it that the road was opened. Thank you, to all helped in any way to make it easier for us.

—The Family

We wish to thank the many friends and neighbors who were so kind during our stay in Markdale Hospital and for treats, flowers, cards, visits and enquiries.

—Mr. and Mrs. Jake Hiltz

I wish to express my appreciation to St. John's United Church for so kindly remembering me with treats at Christmas.

—Mrs. Sam McMullin

I wish to thank all my friends who have contributed to my recovery by gifts, cards and their kind wishes and thoughts. Wishing you all a Happy New Year.

—Mary Macmillan

I wish to express my thanks and appreciation for the lovely box which St. John's Church kindly sent me at Christmas.

—Mrs. R. H. Henderson.

George (nervously): "I'd like the best in the world, Kitty, to marry you; but I don't know how to propose."

Kitty (promptly and practically): "That all right, George. You've finished with me; now go to father."

OSPREY ELECTION TO BE HELD SATURDAY

Due to the heavy snow storm at the New Year, causing blocked roads, the Osprey election to have been held last Monday, has been postponed and will take place this Saturday, January 8th, according to Clerk Chester N. Long of Osprey. The main roads were not opened until Tuesday and it would have been impossible for the voters to reach the polling places on Monday.

Political Situation Interesting To Observers

As the new year opens the political topics which hold the interest of observers are more numerous and varied than, perhaps, at any other time in the history of Canada. The effectiveness of the United Nations organization, the possibilities of the Atlantic pact and the aggressive designs of Communist Russia, are the high spots in the discussions on our external relations, but Canadian affairs still dominate in most circles.

With the opening date of Parliament set for January 26th, even the most hardened and cynical are looking forward to it with lively anticipation One prominent press man claims it is because of "a belief that they are about to witness the opening tableau in a brand new political pageant."

There are a number of reasons for this feeling, including the idea that it might be the last session before a general election. But the principal reason is new faces "new and dynamic personalities in new places." First interest is centred in the new Prime Ministr, Right Hon. Louis St. Laurent. Chosen as leader of the Liberal party at its national convention in August, after seven years as a Minister of the government, all Canada will watch his leadership.

It is not only the government side that has taken on a "new look." The official opposition has in Mr. George Drew a new and dynamic leader who will stir renewed interest in the battle of the House of Commons. Mr. Drew goes to the House after a successful term as premier of Ontario for several years.
