Punch says that the reason why editors are so apt to have their manners spoiled, is because they receive from one correspondent and another such a vast number of evil communications.

NEVER DESPOND.—Do not think your are fated to be miserable, because you are disappointed in your expectations, and baffled in your pursuits. Do not declare that God has forsaken you when your way is hedged about with thorns, or repine sinfully when he calls your dear ones to the land beyond the grave. Keep the holy trust in heaven through every trial; bear adversity with fortitude, and look upwards in hours of temptation and suffering. When your locks are white, your eyes dim, and your limbs weary, when your steps falter on the verge of death's gloomy vale, still retain the freshness and buoyancy of spirit which will shield you from the winter of the heart.

Special Notices.

LYNO'S KATHRON.—The Laidies have proclaimed this article to be, by far, the cleanest and most delightful preparation ever used; and from their verdict, in such matters, there is no appeal. Their decision is certainly well grounded, for its wonderful efficacy in restoring, preserving and beautifying the Hair; cleansing it from dandruff and all other impurities; curing nervous Headache, &c: together with its delightful perfume, and its perfect cleanness and delicacy, (the result of the great care taken in its preparation,) have made it the most universally popular article of the kind, in the world.

SCROFULA.—Unprecedented instances of the cure of this Complaint.—This is, perhaps, the greatest scourge to which the human family are subject, and at the same time the most difficult of cure, inasmuch as it is dependant on the power of the medicine prescribed, and its instantaneous effects upon the parts affected. The only infallible remedy for the cure of this most distressing of maladies with which we are acquainted, is Holloway's Ointment and Pills. They quickly eradicate all cutaneous diseases, and there is perhaps no class of disorders which so readily yields to the treatment of these mighty medicines. They act like a charm, and not only astonish the patient, but the faculty themselves rendering them unparalleled in the history of medical science.

THE VICTIMS OF WHOOPING COUGH, CROUP and also of Diarrhea, Cholera Morbus, Dysentery, Cholera Infantum, and Summer Complaints have been alarmingly numerous, as shown by the city and country bills of mortality. Immense suffering and thousands of lives might be saved yearly by the use of Dr. Jas. McClintock's Whooping Cough Remedy and his Diarrhea Cordial, prescribed in the Cholera Hospitals and City Prisons, Philadelphia, with the most happy and gratifying results.

Dr. JAS. McCLINTOCK, late Dean of Philadelphia College of Medicine, has brought the most profound medical knowledge and experience to bear not merely upon the aggravated forms of disease. His Dyspepsia Elixir, for Dyspepsia and Indigestion, and Alterative Syrup, for Purifying the Blood, are producing such astonishing cures, far and wide, of all the phases of the above diseases, that ere long they must cease to be an affliction.

OF EVERY FIVE DEATHS IN THIS COUNTRY, one is caused by Consumption. Yet the disease in its earlier stages, may infallibly be arrested by a course of Dr. Jas. McClintock's Pectoral Syrup. If it were universally used in cases of Incipient Consumption and Bronchitis these diseases would no longer be a terror to the world. Dr. McClintock's Cold and Cough Mixture relieves and rapidly cures Coughs, Colds, Influenzas, Hoarseness, and all irritations of the Respiratory Organs.

NOW SHIVERING, NOW BURNING, the victim of Fever and Ague would make any pecuniary sacrifice to obtain relief; but a perfect and permanent cure is within the reach of every sufferer. Dr. Jas. McClintock's Fever and Ague Specific is as certain in its results as the working of a mathematical problem. It is a thorough medicine, at once rapid and infallible in its operation. The same remark applies to his Anti-Bilious Pills, for all disorders of the biliary functions.

PUBLIC WORKS,
Toronto, 29th Dec. 1855.

PLANS ARE REQUIRED FOR A CUSTOM HOUSE, proposed to be Erected in the City of Quebec.

From the nature of the site on which it is decided the Building shall stand, as well as to be enabled to form a judgment upon the character of the materials to be used, and on the facility, or otherwise of procuring them, it will be necessary that the gentleman who may see fit to engage in the preparing of Plans and Estimates, should visit the locality; and it is wished, that the Estimates should show separately the additional cost, if any, should Granite, such as is to be had on the Montreal and Portland Road, be adopted for the principal fronts.

For full information, as to the amount nature and extent of the accommodation which the Building must afford, reference is to be made to the Collector of the Port of Quebec, J. W. DUNSCOMBE, Esquire.

The Plans are to comprise one of the Basements, showing the sewerage, principle of heating, &c., and one of each of the floors, with such sections also as may be necessary to convey fully the intentions of the Architect.

The plans are to be accompanied by a detailed Specification, measurement, and Estimate of the Works of the several classes required to complete the Building ready for business, and also by a Schedule of Rates by which any extra Work will be governed.

For the set of Plans, &c., which may be considered by the Commissioners of Public Works, most deserving and applicable, the sum of Two Hundred and Fifty Pounds will be paid, these Plans becoming thereby the Property of the Commissioners, who will make such arrangements for the Superintendance of the erection of the Building as they think fit.

A premium of £100 will be awarded to the design considered second in merit. All the Plans will be returned but those connected with the design adopted.

The Estimates are to show the cost of the necessary filling and forming and protecting the approaches distinct from the cost of the Building.

It is desired that the Building should present a respectable Architectural Facade to the River and also one to the Street. The Plank elevations to be plain but in character.

The entire, in appearance and construction, to be commensurate with the importance of the Port.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining the above requirements, and the necessary accommodation.

The Plans, &c., are to be Sealed and Addressed to the Chief Commissioner of Public Works, Toronto, Canada, and are to be delivered in, on, or before the 15th MARCH next.
