PARLIAMENTARY.

Toronto, April 3.

Thirty-seven petitions were brought up and laid on the table; forty-eight petitions praying for the passing of a prohibitory liquor law was received; also that of William H. Smith and others of the Conference of the Wesleyan Church in Canada, and eleven petitions praying that the bill now before the House to prohibit the sale and manufacture of ale and spirits may not become law.

Mr Holton introduced a Bill to incorporate the Canada Marine Insurance Company.

A message was received from the Legislative Council agreeing to the following Bills of their own; to amend and consolidate the several Acts incorporating the Mount Royal Cemetery Company; to amend the Act to modify the Usury Laws; to secure to married women certain separate rights of property.

Mr Brown moved, that with a view to the abolition of the rectories in Upper Canada, and the ultimate restoration of the rectory lands to the people of Upper Canada, it is expedient to repeal the third section of the statute 14 and 15, Vic. cap 175, which is in the following words:—"And be it enacted, that in the event of its being judicially decided that any such parsonages or rectories as were erected according to law, and until the judicial decision shall be obtained on such question, the right of presenting an incumbent or minister to such parsonage or rectory, shall vest in and be exercised by the Church Society of the Church of England diocese within which the same shall be situated, and in such other person or persons, bodies politic or corporate as such Church Society, by by-laws to be by them from time to time passed for that purpose, shall or may think fit to direct or appoint in that behalf,"—that an humble address be presented to the Governor Geneal, praying his Excellency on the repeal of the said three sections of this statute, cause the suit was instituted on an address of this House of 28th July 1851 and still pending before the judicial tribunals of this country to test whether the rectories of Upper Canada were legally erected and endowed, may be stopped and discontinued.

Mr J.C. Morrison moved in amendment that it is inexpedient that this House should express any opinion on this subject until after the decision of the Courts thereon.

Mr. T. Smith moved in amendment to the said proposed amendment, that it is expedient to abolish the right of the Church Society of the Church of England to present Incumbents or Ministers in Upper Canada which may become vacant by the decease of present Incumbents, and to discontinuh the suit now pending.

Hon. Mr Robinson moved the adjournment of the House, stating as his reason the reception of the news of the birth of the king of Algeria. Years 79, nays 21, and the House adjourned accordingly.

TO ARCHITECTS.

PLANS ARE REQUIRED FOR A JAIL proposed to be erected outside the walls of the city of Quebec, upon a suitable site.

The Plans are to comprise a general Plan, showing the insulating walls, position and extent of the Prison Building, with all the indispensable day-rooms, work-shops, and other outbuildings, hospitals and airing yards, sewerage, &c., &c. Also, a Basement Plan, exhibiting the principles of Heating and Ventilating, and a plan of each on the floors; likewise such sections as may be necessary to convey fully the intentions of the Architect. Such Plans are to be accompanied by a detailed Specification, Measurement, and Estimate of the works of the several classes required for the full completion of the buildings &c, and also by a Schedule of Rates, by which any extra work will be governed.

For the set of Plans, &c, which may be deemed by the Commissioners of Public Works most deserving and applicable, and in the designing of which due consideration will appear to have been given, so that they shall combine all the requirements which such an institution should afford, as to the safe keeping and health of the prisoners, their classification, employment, and reclamation, &c., &c., the sum of Two hundred and Fifty Pounds will be paid—these plans becoming thereby the property of the Commissioners, who will make such arrangements for the superintendence of the erection of the Building as they they think fit.

A Premium of £100 will be awarded to the design considered second in merit. all the Plans will be returned but those connected with the design adopted.

The Estimates are to show, separately, the cost of supplying the premises with Water and Gas.

For information as to the number of prisoners for which the building should be suited, taking into consideration the rapidly increasing population of the country, reference is to be made to W. S. SEWELL, Esq., Sheriff, Quebec.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining all the necessary requirements, and with the substantial construction of the entire, as much as possible, on fire-proof principles, and in a suitable style of architecture.

The Plans &c., are to be sealed, and addressed to the Chief Commissioner of Public Works, Toronto, Canada; and are to be delivered in, on, or before the 15th March next.
