

office on school boards and was pleased to note the election of Mrs. A. Cadeau on the Black River Township Area Council.

She said it was the duty of every branch to voice opinion through their members of parliament. If we need rural route mail, nurses, dental and health service of county health units study and ask for whatever best suits needs, but don't forget resolutions. Miss Lewis urged everybody present, if asked to stand for office, to make every effort to let her name stand.

We were favored with a humorous reading from Mrs. A. Hebbes entitled "The Depredating Hen."

The resolution from Northern Star Branch, Shillington, regarding the placing of a High School either at Matheson or Monteith was read. This is urgently needed as 12 students from Shillington alone have to travel either to Timmins or Iroquois Falls daily. Matheson school can only accommodate a few, if any, pupils. At the present time students from Matheson are having to travel by bus and car to attend high school at Iroquois Falls. This resolution was unanimously carried. Miss Lewis urged us to stress the need to go in the right direction to help acquire a much needed High School.
