Eggs Stand On End First Day Of Chinese Spring

The first day of the Chinese Spring came in officially on Friday of last week, and an old saying was to the effect that at 10.30 in the morning of that day eggs could be stood on end. Mrs. J. L. MacLean of the Park Hotel heard this given over the radio the week previous and decided to test it out. She had several fresh eggs and at 10 a.m. commenced to set them on their end, but was not successful until 10.30, when she had two of them performing nicely, sitting on top of the diningroom table. There was no hole or indentation on the table, but was perfectly level. The editor saw this work and knows that everything was above board. Mrs. MacLean stated that an egg with a broken yolk would stand upright without assistance, but one of the eggs which had been standing upright was broken into a dish, and was perfectly fresh with the yolk intact. Your editor never heard of this phenomenon before, and others to whom we have mentioned the experiment had never, either. Try to stand an egg on end on a perfectly flat surface.

Grey-Bruce P.-Conservatives Plan For Convention

A well attended Progessive-Conservative executive meeting of the riding of Grey-Bruce was held in the Legion Hall, Durham. President Campbell Grant of Walkerton was in charge of the meeting. Many matters relative to the interests of the party were discussed. Smarting under two defeats during the past week from Shelburne and Dundalk, Flesherton Majors came to life Monday night and administered a 10-3 defeat to Markdale on their own ice. Playing the hockey of which they are capable until injuries and sickness upset their play-making, the Majors took lead 4-0 at the end of the first period, made it 7-1 at the end of the second and added three more in the third, allowing their opponents only two goals. Cairns found the net at last for two goals, while two were also counted by Milne, W. Lawrence and G. Chard, while K. Chard and J. Lawrence counted one each.

Record Traffic Toll For Month Of January

Last month was the worst Januarl since 1942 for traffic deaths, with preliminary reports showing at least 50 persons fatally injured on Ontario roads. Sixteen of these tragic casualties resulted from only eight of the month's accidents, as the spectre of death on the streets and highways snatched a headstart for 1949, challenging provincial and local accident prevention program to redoubled effort during the coming year.

Worst feature in the month's fatal accident reports was an alarming increase in the number of elderly people killed. At least 17 of the victims were over 65 years of age, compared with five deaths in this age group during January of the year before. All but four of the 17 elderly victims last month were pedestrians. More encouraging was the reduction, from six to three, in the number of lives lost in traffic among children less than 15 years old.

Also during January, several critically injured victims of 1948 accidents succumbed, bringing last year's traffiv death toll up to 740. While this was slightly higher than in 1947, it represents a reduction of nine percent in the death-rate in relation to the number of miles driven during the year.

Shelburne 9, Flesherton 4

Shelburne took Flesherton 9-4 on Wednesday night here to avenge a defeat they suffered from Flesherton a few nights previously in Shelburne. The game was a wide-open affair, with nineteen penalties being handed out by Referee "Smokey" Smith of Creemore, ten going to Shelburne and nine to Flesherton. It was featured with a fight in the second period, when play pecame strenuous, but did not last long, nor was there any damage done.

Shelburne led 5-1 at the end of the first period and 7-2 at the end of the second, with both teams scoring two goals each in the last period. Bill Lawrence scored all four Flesherton goals, on assists from his brother, Jack, and Fred Gorrell, the line combining well and taking advantage of the scoring chances offered. Flesherton was without the services of five of their regular players, but gave a good account of themselves in the hunt for goals.

Flesherton Will Celebrate The Glorious Twelfth

Flesherton will hold the Glorious Twelfth of July celebration this year and invitations have been sent out to the various Orange Lodges throughout the district, inviting them to share with us the anniversary of the Battle of the Boyne on Tuesday, July 12th. It is the intention of the committee to present a splendid afternoon of sports for the large crowd expected that day, and everything will be done to ensure their enjoyment. This will be the first celebration that Flesherton has had for many years and it is expected that it will be a memorable one. Flesherton L.O.L. No. 2855 was reorganized last fall and many new members and others by affiliation have been accepted by the Lodge.

Dundalk 8, Flesherton 0

Ernie Batchelor in goal for Dundalk Saturday night had the Indian sign on the Flesherton Majors and their sharpshooters were unable to get the disc past him during the 60 minutes of tense playing, that was featured by a big fight in the second period that resulted in Roy Best receiving a broken nose, which will put him on the shelf for a time. The fight came about when Roy Best resented a mauling given him when he went behind the Dundalk net. Very soon all the players on both teams were in the melee and the ice was littered with playing material and players. When things quieted down the referees came into the picture and gave two penalties to each team. The entire fight was a disgrace, but could have been stopped at the beginning with efficient refereeing.

In the first period, on a rush on the Flesherton goal, Bradley and Turney collided and a two-inch cut was opened up on Bradley's forehead, presumably by a skate, which required eight stitches to close. In the third period Ernie Batchelor received an injury to his nose when a puck was shot close in and the end of the stick struck him.

The last period was faster, with Flesherton trying to prevent a shutout and in their determination to keep the Majors off the score sheet, Dundalk took four penalties to one by Flesherton. Both teams are now even, as Flesherton defeated Dundalk 14-7 on their own ice. Flesherton did not back down from the elbows, holding and interference of the Dundalk players and handed out some of their own. With better officiating these things would not have gone unpunished, but it appeared as though the players took things into their own hands and meted out body check to check. It would have been better for both teams if they had gone ahead and played hockey in place of holding grudge. The last period the referees began to work and meted out four penalties to the Dundalk team and one to Flesherton.

Garry Ellis, Kimberley, Killed In Accident

The people of Kimberley and surrounding district were shocked and saddened when word was received on Wednesday, Feb. 2nd, that Garfield Ellis, younger son of Mr. and Mrs. Elmer Ellis, was instantly killed while at work.
