Although there is little or nothing doing in the wholesale trade in flour and provisions, purchasers being shy and sellers being hard to please, still, the retail price of flour has followed, at a respectful distance, the decline in New York and other places, as may be seen by our corrected table.

FEMALE COMPLAINTS.—Miss Edwards, of Yarmouth, Nova Scotia, aged 18, was for a long time in a very delicate states, the mother anxiously watched her daughter, and consulted many physicians in the hope of her being benefited, but she gradually grew worse, and was finally thrown on a bed of sickness. At this time, finding medical assistance unavailing, the mother boldly determined to have recourse to Holloway's Pills, which she commenced using,—after the first week, the improvement was so decided, that she determined to continue them, and by persevering for two months with the treatment laid down by Professor Holloway, the mother had the satisfaction of once more seeing her daughter restored to health, although her life had been previously despaired of. These celebrated Pills are a certain cure for dropsy, as well as stomach and liver complaints.

LYON'S KATHAIRON.—The Ladies have proclaimed this article to be, by far, the cleanest and most delightful preparation ever used, and from their verdict, in such matters, there is no appeal. Their decision is certainly well grounded for its wonderful efficacy in restoring, preserving and beautifying the Hair; cleansing it from dandruff and all other impurities; curing nettle rash Headache, &c: together with its delightful perfume, and its perfect cleanness and delicacy, (the result of the great care taken in its preparation,) have made it the most universally popular article of the kind, in the world.

Sold every where in large bottles, for only 25 cents.

Among the scientific productions of Dr. Jas McClintock are his Dyspeptic Elixir, for curing Dyspepsia, Loss of Appetite, and Indigestion and his Alterative Syrup, for purifying the whole system and building up the constitution. The immense experience of their author, as Professor, Lecturer, Physician to the city hospital and prisons, and late Founder of Pittsburgh College of Medicine, entitle them to the esteem and confidence of the public at large.

If Dr. Jas. McClintock had given his name to his Medicines to the world, viz: his Dyspeptic Syrup and his Cold and Cough Mixture, he would have earned immortality. These preparations, which were first advertised three years in the press soon after their distinguished inventor resigned the Deanship of the Philadelphia College of Medicine, are exciting the astonishment of the oldest practitioners by their surprising effect in the worst cases of Bronchitis Consumption, and all diseases of the Throat and Lungs.

Tens of thousands of our fellow citizens are incapacited for labor every Spring and Fall, by Fever and Ague. It is therefore to be universally known that Dr. Jas. McClintock's Fever and Ague Specific is every case however violent, or of how long standing, thoroughly eradicates the disease. Also Bilious Pills are unrivalled for Bilious Remittants, and all cases of Fever Complaint. Sold by E. W. Palmer, H. Patrick.
