If we knew how short the future is to be we'd spend less time worrying about the past — and start taking good care of the present.

Flesherton Won Last Game From Grand Valley

Flesherton Majors had a real battle on ther hands Monday night when Grand Valley made it hot for them, but Flesherton came out on top with an 8-7 score. The game was one of the best yet played and the crowd saw a pleasing display of hockey. Two quick goals by the visitors put Flesherton behind the eight-ball and they fought back to even the opening inning at two all. Grand Valley went ahead in the second and Flesherton again evened it up and went ahead, only to have Grand Valley put on a real rally to forge ahead once more, but two goals in the last five minutes again gave the Majors the lead which they held to the last. Alternate goals by each team in the third, with the Majors taking the first kept the ice humming with the fast skating and great work by both net minders. Grand Valley put on a real splurge in the last few minutes and Andrews had to be good to keep them out. Jack MacLean of town was in the nets for Flesherton in the second period and showed real talent in kicking them out, despite the fact it was his first game this year. The win leaves Flesherton right at the top with six wins, two losses and two tie games.

Bill Lawrence has been playing great hockey and netted four more counters, making ten goals he has scored in the last three games. Doug Cairns netted two more and apparently he has come out of his slump. Gord. Chard came up with four assists Monday night and is holding up his wing in fine style. George Boyd counted a goal and had two assists and is finding his legs again after his bout with the 'flu. We do not yet know when the play-offs will start, as a couple of games that Markdale played with ineligible players from Meaford have to be replayed. Following is the goal summary by periods:
