Mother's Day In Churches

Baptist Churches

The special Mother's Day services were well attended in both the Flesherton and Rock Mills churches. Special music at Flesherton was contributed by Mrs. Laurie Betts who sang "My Mother's Prayer," and the Fletcher sisters, Nelly at the piano and Hazel with violin. At Rock Mills the Fletcher sisters played, and Lois Helmkay sang an appropriate Mother's Day piece, accompanied by her brother, Earl, with guitar. Both churches were tastefully decorated with Spring flowers. The pastor's sermon "Is the young man safe?" brought a challenge to both mothers and fathers, as to their responsibility to their children.

The regular meeting of the B.Y.P.U. was held in the church last Friday evening. The pastor conducted the meeting, which was planned as a means for the pastor and young people to become acquainted.

United Churches

For the third time this year, chairs had to be placed in the aisles in St. John's United Church last Sunday. It was the Mother's Day service, with the Sunday School and congregation joining in a well-planned program of worship. John Brackenbury, Superitendent of the Sunday School assisted Rev. A. G. Macpherson. The junior choir, under Mrs. J. E. Milne, rendered two anthems and led in the hymns. Miss Mary Jane MacTavish read a story from the life of the famous missionary, David Livingstone.

The Sacrament of Infant Baptism was administered, and the followin children were received into the fellowship and care of the Church: Carol Tessa, daughter of Mr. and Mrs. John Brackenbury; Penny Georgina, daughter of Mr. and Mrs Douglas MacArthur; Mary Gwendlyn, daughter of Mr. and Mrs. Norman Loucks, and Arlene Cicely, daughter of Mr. and Mrs. Russell Andrews.

At Proton in the afternoon, the junior choir, under Mrs. Norman Reddick, led in the singing, and the following children were received in Holy Baptism: Donald Herbert and Dorene Catherine, both children of Mr. and Mrs. Bert Corbett. The following young people took part in the readings: Jean McCannell, Shirley Badgerow, Marie Hodgins, Catherine Hodgins, Joyce Lyons, Harvey Lyons and Jim Vrooman. A quartette was rendered by Misses Maxine and Joyce McCannell, Joyce Lyons and Catherine Hodgins.

In the evening at Eugenia, Billie MacMillan and Jacqueline Campbell sang a duet, and Bruce Boettger read the story of David Livingstone. As at the other appointments, the altar was banked with beautiful spring flowers and blossoms.

Sister Jenkins was presented with embroidered pillow cases, as a remembrance of her visit. Visitors were present from Owen Sound, Markdale, Clifford and Streetsville Chapters. About 50 members and visitors enjoyed the banquet at the close of the meeting.

It's better to give than to lend—and often costs about the same anyway.

New Type Of Farmers

Recently, 3 young men were graduated from the two-year course at the Agricultural College, Guelph. Practically all—33 to be exact—went back to the farm, in most cases their own. In fact, according to reliable sources, more agricultural college graduates on a per capita basis are going back to farms in Canada than in any other country.

In the light of the worrisome problem of how to keep the boy on the farm, these facts are most encouraging, indeed. They not only forecast a brighter future for Canadian agriculture, but can help make Canada one of the world's most progressive food producing nations.

Some oldtimers may regard this return of the college-bred boy to the farm with derision. Even some parents, who paid for their son's education, will rebel when the youngster suggests a revision of time-tried farming practices. "You can't plow a field with a diploma" is an expression too often heard in several sections of the country. Such an attitude is non-sensical. There is much behind that diploma. There are years of intense classroom study; practical work on the best experimental farms on the continent; scientific research in laboratories. Yes, a diploma can plow, can sow and, most important, can reap.

The public spirited scientifically-trained farmer may well become the leader in his community, by helping solve the problems of his less informed neighbors. If he fails to share his knowledge, he may as well have not gone to school.

SHOT GANDER ON POND

The Advance is informed by Mrs. L. A. Fisher that her gander was recently shot and killed while it was swimming on the pond on her property. It is said that the deed was done by boys too young to be allowed to carry a gun.
