Special Notices.

INSURANCE.—Mr Ambrose W. Thompson, No. 10 Wall Street, has been appointed agent in this city of the Farmers and Mechanics' Fire and Marine Insurance Company of Philadelphia. This Company is one of the most respectable in Philadelphia, and has the Hon. Thomas B. Florence for its President. It has complied with the law of this State in regard to companies belonging to other States, and has provided an accruing trust Fund of $100,000 with Messrs Duncan, Sherman & Co. Messrs. Bushing & Co. publish a card of thanks in the Philadelphia North American for the prompt manner in which this Company settled its losses on their establishment, thus enabling them to resume business without delay.—*N. Y. Tribune.*

S. ROWLANDS is agent for the above-named Company in Kingston. Office No. 4, Wilson's Buildings, Wellington Street.

Scald Heads in children, and eruptions on the skin.—A certain remedy for these complaints. Mrs Marston residing in Quebec, had two children afflicted with the most inveterate scald heads; they were also much disfigured with eruptions on the skin, the parents had recourse to a variety of remedies for the alleviation of the little sufferers; many things were tried, but all unfortunately made the children worse, and indeed the virulence increased and spread nearly all over their bodies. The parent eventually determined to try Holloway's Ointment and Pills, which she commenced using in accordance with the directions, and by persevering with them for eight weeks, the children were both effectually cured; they have since enjoyed the best of health, and have not had any return of the complaint.

Holloway's Pills the most efficacious remedy for Determination of Blood to the Head.—The immense power possessed by these wonderful Pills in the cure of determination of blood to the head, and all bilious disorders although well known and appreciated by the mass yet among some private individuals, it is perhaps not understood. To such as are afflicted with these sad ailments, and nervous disorders we strongly recommend them; and would advise their having recourse to the same, as by adhering to the means have failed, with the certainty of obtaining immediate relief, and by perseverance a lasting cure. The thousands who have derived signal benefit from the use of this invaluable medicine, is at once a proof of the virtues the medicine possesses, and renders it an indispensable requisite in every family, whether at home or abroad. These Pills are equally efficacious in all diseases of the liver and stomach.

Multitudes are now suffering under the debilitating effects of Fever and Ague, who might speedily be restored to health, vigor, and usefulness by a course of Dr. Jas. McClintock's Fever and Ague Specific. Its curative results are certain and invaluable. If the complaint is complicated with Liver Complaint, resort should be had to Dr. McClintock's Anti-Bilious Pills, which never fail to afford relief in Bilious diseases.

Dr Jas. McClintock's Whooping Cough Remedy and his Diarrhea Cordial have become the great leading and standard remedies in families, nurseries, and every where they are known. Whooping Cough, Croup, Asthma, &c., and Diarrhea, Cholera Morbus, Cholera Infantum, and Summer Complaints, are immediately relieved and speedily cured by their prompt effects. Are the discoveries of an eminent and scientific man founder of the Philadelphia College of medicine.

Dr James McClintock's Sucess in treating diseases of the Lungs and Throat, while at the head of the Philadelphia College of Medicine, has given him a world-wide reputation. Cold, and Cough Mixture removes every vestige of irritation from the Throat and Lungs in the worst cases of Cold Cough, Catarrh, Influenza, &c.; and where these too-often-neglected complaints have become merged in Bronchitis or Consumption, his Pectoral Syrup will save the patient in cases which are usually pronounced hopeless. Kingston, July, 18th 1856

JOSEPH CONNOLY would return his sincere thanks to the public in general for the kind patronage he has received for the last ten years, and would take this opportunity of informing them that he has now on hand, and is putting up the Internal Gear Threshing Machine, with recent improvements. Also Wheeler's Rack and Pinion Power.

Joseph Connoly begs to call the attention of the farmers in these Counties to the latest improved Threshing Machine of New York State, which he can confidently recommend as a saving of 30 per cent on horse flesh and time; as the friction is greatly reduced by the size of the wheel that carries the floor.

He is also prepared to furnish purchasers with cylinders of wood or iron.

AGENCY FOR THE SETTLEMENT OF THE ADDINGTON ROAD.

July, 1856.

THE undersigned, Agent appointed by His Excellency the Governor General for the Settlement of the Addington Road, in the rear of the Counties of Frontenac and Addington, Upper Canada hereby gives notice to all persons willing and having the means of locating thereon, that his office is (for the present) at Flint's Mills, in the Township of Kaladar, and which will be open every day in the week, between the hours of Nine and Four o'clock.

One Hundred Acres will be given to any settler eighteen years old, and a subject of Her Majesty, who will present himself provided with a certificate of probity and sobriety, signed by known and respectable persons and having the means of providing for himself until the produce of his land is sufficient to maintain him. The bearer of that certificate shall mention to the Agent (who shall keep a registry thereof) his name, age, condition, trade or profession; whether he is married, and if so the name and age of his wife; how many children he has, the name and age of each of them; where he is from, and whether he is the owner of land elsewhere.

The conditions of location are—to take possession within a month, and to put in a state of cultivation at least twelve acres of the land in the course of four years—to build a house (at least 20 by 18 feet) and to reside on the lot until the conditions of settlement are duly performed; after which accomplishment only shall the settler have the right of obtaining a title of property. Families comprising several settlers entitled to lands, preferring to reside on a single lot, will be exempted from the obligation of building and of residence (except upon the lot on which they live) provided that the required clearing of the land be made on each lot. The non-accomplishment of these conditions will cause the immediate loss of the assigned lot of land, which will be sold or given to another.

The Road having been opened by the Government, the settlers are required to keep it in repair.

E. PERRY.
Agent, Addington Road.

THE GREAT ENGLISH REMEDY.

SIR JAMES CLARKE'S

Celebrated Female Pills.

Prepared from a prescription of Sir James Clarke, M. D., Phisician Extraordinary to the Queen. This invaluable Medicine is unfailing in the cure of all those painful and dangerous diseases incident to the female constitution.

It moderates all excess, removes all obstructions, and brings on the monthly period with regularity. These Pills should be used two or three weeks previous to confinement; they fortify the constitution and lessen the suffering during labor enabling the mother to perform her duties with safety to herself and child.

These Pills should not be taken by females during the First Three Months of Pregnancy, as they are sure to bring on Misscarriage, but at any other time they are safe.

In all cases of Nervous and Spinal Affections, pain in the Back and Limbs, Heaviness, Fatigue on Slight Exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites and all the painful diseases caused by a disordered system, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, Calomel, antimony or any other mineral.

Full directions accompanying each package. Price, in the United States and Canada, One Dollar.

Sole Agents for this country,

A. B. BALDWIN & Co.,

REAPING & MOWING MACHINES,

R. & R. S. PATTERSON,

Manufacturers, Belleville.

THE Subscribers would respectfully inform the public, that they are engaged largely in the manufacture of Agricultural Implements, at the head of Main Street, Belleville, C. W., near the Railroad depot.

We would call particular attention to our Combined Reaping and Mowing Machines, which we confidently reccommend to the public as possessing greater advantages for Farmers than any other machine yet introduced, among which we would enumerate, its perfect adaptation to uneven surfaces; its means of adjusting to various heights of cutting; Its freedom from side draft; the ease and facility of removing it from one field to another upon its own wheels, and changing it from a reaper to a mower. It is simple in construction, and not liable to get out of repair; is capable of cutting from 12 to 15 acres per day, and the grain is discharged in good shape for binding, entirely out of the way of the machinery—which admits of a whole field being cut without interruption. We use the very best of material—employ none but experienced workmen; and any person disposed to give them a trial, can depend upon having a durable machine, and one that will work to their entire satisfaction.

We are also manufacturing Thrashing Machines from one to eight horse power, with or without cleaners, either under or over shot, of the best description; and a general assortment of Agricultural Implements;—together with a complete assortment of

COOKING, PARLOR, AND BOX STOVES,

and most other articles pertaining to a general Foundry business.

We keep a large stock constantly on hand, and intending purchasers will find it to their advantage to call and examine our implements and prices.

☞ All orders promptly attended to
