Local Fire Brigade Saved Ceylon Home From Fire

The Flesherton volunteer fire brigade answered a call to Ceylon on Thursday evening to the home of Mr. Elmer Muir. When they arrived the kitchen and hall-way were a mass of flame, with fire emerging from the west window in the kitchen where the blaze originated. In a short time the fire was under control and in less than the hour all traces of flame were removed. The kitchen was a total wreck and the wood work on the staircase leading to the upper story, was severely charred. Mr. Muir was in the house at the time, but could not give any clue as to the cause of the fire. The Flesherton brigade arrived within five minutes of the alarm being given and did good work in subduing the flames. Water for the re filling of the chemical tanks was secured from the home of Jos. Staubles, opposite the burning building, until the large water tank, owned by the fire department, was brought to the scene. It is estimated that damage to the building and contents would amount to a least $750.00.

Farmers Lose $1000 A Day From Sale Of Margarine

(Renfrew Advance)

Renfrew merchants might do well to consider that when they sell margarine their profit, although it may money which stays in the area. The rest goas back to city manufacturers, who in turn send a good share whto in turn must send a good share out of Canada to foreign producers of the oils. When butter is sold, after the merchant's charges, which are usually small, the balance is paid to the creamery from where most of it is returned to local farmers. He, in is returned to local farmers. He, in turn, uses it to pay for various goods and services the town people have to offer. The more money the farmers have to spend the more Renfrew will benefit, for a large share of the town's business comes from surrounding rural areas

As matters now stand, farmers in the area served by creameries of Renfrew are receiving $1,000.00 less per day for their cream than they might have received had there been no margarine. Such a loss in purchasing power is bound to be severely felt by Renfrew business people.
