This Company is one of the most respectable in Philadelphia, and has the Hon. Thomas B. Florence for its President. WOOD'S HAIR RESTORATIVE.—We refer the reader to the advertisement of this popular remedy. It is highly recommended by all who have used it, and has effected wonderful results by its magic influence. We know of gentlemen in this county who have been bald for years, had their hair restored to its former luxuriance and beauty, by the use of Wood's Hair Restorative.—[Lagrange Bulletin

Holloway's Ointment and Pills a certain remedy for Erysipelas.—Thomas Hilton, of Toronto, was a most severe and hopeless sufferer from this powerful and irritable disorder for upwards of four years, which rendered him absolutely pitiable, large purple blotches came all over his body, and made him a complete object of horror to himself, as well as to all his friends. He consulted many medical men, in the hope of being benefitted, but without success. Determined not to be baffled, and in spite of what the faculty had told him, he determined as a last resource, to commence using Holloway's Ointment and Pills: these two remedies, used conjointly, for a short space of time, effected a perfect cure, and he now enjoys the most robust health, after years of intense suffering.

OFFENSIVE BREATH.—This is most disagreeable to every person of common sense. Many persons do not know their breath is offensive, and it is a delicate subject to mention. You can always avoid this affection (for it is that) by using Blodgetts "Persian Balm," for a Dentifrice, it neautralizes all acids of the mouth, and renders it pure as the breath of summer. Try it.

PRIZE ESSAYS.

£40 £25 £15

THE above Premiums will be paid for the three best Essays respectively on the origin, nature, and habits, and the history of the progress, from time to time, and the cause of the visit of the Weevil, Hessian Fly, Midge, and such other insects as have made ravages on the wheat-crops in Canada, and on such diseases as the wheat crops have been subjected to, and on the best means of evading or guarding against them.

The Essay to be furnished to the bureau by the 15th day of January next, and to be designated by a motto, a copy of which shall also be forwarded in a sealed note with the name and address of the author. The Prizes will be awarded according to the decision of a committee to be named by the Board of Agriculture for Upper and Lower Canada or in default of any such decision, by the Bureau, the Essays selected to become the property of the Bureau. A premium will only be awarded in case an Essay of sufficient merit is produced.

It is feared that the farmer, in his eagerness to produce wheat, is not paying sufficient attention to the danger of over-cropping, and it is hoped the warning, and the information and advice which may be obtained through the Essay sought for, will aid in arresting the great scourges of the wheat.
