BRITISH PERIODICALS.
AND THE
FARMER'S GUIDE.
GREAT REDUCTION IN THE PRICE OF LATTER PUBLICATION.

Leonard Scott & Co., New York, continue to republish the following leading British Periodicals, viz:—

1.
THE LONDON QUARTERLY, (Conservative.
2.
THE EDINBURGH REVIEW, (Whig.)
3.
THE NORTH BRITISH REVIEW, (Free Church.
4.
THE WESTMINSTER REVIEW, (Liberal.)
5.
BLACKWOOD'S EDINBURGH MAGAZINE, (Tory.)

The great and important events—Religious Political, and Military—now agitating the nations of the Old World, give to these Publications an interest and value they never before possessed. They occupy a middle ground between the hastily written news items, crude speculations and flying rumors of the newspaper, and the ponderous tome of the historians written long after the living interest in the fact, he records shall have passed away. The progress of the War in the East occupies a large space in their pages. Every movement is closely criticised whether of friend or of foe, and all shortcomings fearlessly pointed out. The letters from the Crimea and from the Baltic in Blackwood's Magazine, from two of its most popular contributors, give a more intelligible and reliable account of the movements of the great belligerents than can elsewhere be found.

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory, and Radical—but politics form only one feature of their character. As Organs of the most profound Writers on Science, Literature, Morality and Religion, they stand as they have ever stood, unrivalled in the world of Letters being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

EARLY COPIES.

The receipt of Advance Sheets from British publishers gives an additional value to these reprints, especially during the present exciting state of European affairs, inasmuch as they can now be placed in the hands of subscribers about as early as the original edition.

MARVELLOUS REMEDY.
For a Marvellous Age!
HOLLOWAY'S OINTMENT.

THE GRAND EXTERNAL REMEDY.

BY the aid of a microscope we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to every organ or inward part. Diseases of the Kidneys, disorders of the Liver, Affections of the Heart, Inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by any other means.

ERYSIPELAS, RHEUMATISM, AND SCORBUTIC HUMORS.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. Scurvy, Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting many of the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS AND ULCERS.

Some of the most scientific surgeon now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has despatched to the East, large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints even of 20 years standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs, Bad Breasts, Burns, Bunions Bite of Moschetoes, and Sand-flies, Cocobay, Chiego-foot, Chilblains, Chapped hands Corns, soft, Cancers, Contracted and Stiff Joints, Elephantiasis, Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Scalds, Sore Nipples, Sore-throats skin diseases, Scurvy, Sore-heads, Tumors, Ulcers, Wounds, Yaws.

GENTS:—Our city was last evening visited with the most destructive fire since its existence, and you may well think we felt interested and anxious to know the result of several safes of yours and others in the fire. We need hardly tell you yours came out of the fiery ordeal triumphant over all others. Immediately under Anderson's office was 50 or 60 tons of tallow, and of course made the hottest kind of fire; and in another Safe of yours, in the same building was $20,000 in Bank bills, checks, &c., all of which came out in perfect order, after lying in the ruins ten hours. All that have seen the effects of the fire on the different kinds of Safes, are satisfied of the superiority of your "Rich's improvement on Wilder's Patent Safe." Yours respectfully,

YOU DESERVE CREDIT
FOR YOUR
DISCOVERY!

PROFESSOR WOOD'S HAIR RESTORATIVE is, no doubt, the most wonderful discovery of this age of progress, for it will restore permanently, gray hair to its original color, cover the head of the bald with a most luxuriant growth, removes at once all dandruff and itching, cures all scrofula and other cutaneous eruptions, such as scald head, &c. It will cure, as if by magic, nervous or periodical headache; make the hair soft, glossy and wavy, and preserve the color perfectly, and the hair from falling to extreme old age.

The following is from a distinguished member of the medical profession:

St. Paul, January 1, 1855.

PROFESSOR O. J. WOOD—

DEAR SIR: Unsolicited, I send you this certificate. After being bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced to give it a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in till the scalp was a glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last till the present time, and is now thick, black and strong—soft and pleasant to the touch; whereas, before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I had read of these things—and who has not? But have those seen hitherto any case where any person's hair was really benefitted by any of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others and it already has a large and general sale throughout the Territory. The people here know its effects and have confidence in it. The supply you sent us, as wholesale agents for the Territory, is nearly exhausted, and daily inquiries are made for it. You deserve credit for your discovery; and I for one, return you my thanks for the benefit it has done me, for I certainly had despaired long ago of ever effecting any such result.

Yours, hastily,
J. W. BOND.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and Pastor of the Orthodox Church, at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

WM. DYER.

Brookfield, January 12, 1855.

PROFESSOR WOOD:—

DEAR SIR: Having made trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly,
J. K. BRAGG.

114 Market St., St Louis, March 5, 1835.

DEAR SIR: I am doing and extensive travel in the West and South-western States, as general agent for Adams' American Liniment, and would be glad if you would favor me with a consignment of Professor Wood's Restorative, as I feel assured that I can introduce it in many places where it is not known, as my head is a living testimony of its valuable properties, in restoring the hair to its natural color. I am forty years old, and my hair was almost white; but after using three half-pint bottles, my hair is as beautiful auburn as it was at sixteen, and much improved in appearance, and I would not be without a bottle on hand for the price often I should be very glad to hear from you soon.

Very respectfully,
WM. B. BROOME.

The bearer of that certificate shall mention to the Agent (who shall keep a registry thereof) his name, age, condition, trade or profession; whether he is married, and if so the name and age of his wife; how many children he has, the name and age of each of them; where he is from, and whether he is the owner of land elsewhere.

The conditions of location are—to take possession within a month, and to put in a state of cultivation at least twelve acres of the land in the course of four years—to build a house (at least 20 by 18 feet) and to reside on the lot until the conditions of settlement are duly performed; after which accomplishment only shall the settler have the right of obtaining a title of property. Families comprising several settlers entitled to lands, preferring to reside on a single lot, will be exempted from the obligation of building and of residence (except upon the lot on which they live) provided that the required clearing of the land be made on each lot. The non-accomplishment of these conditions will cause the immediate loss of the assigned lot of land, which will be sold or given to another.

The Road having been opened by the Government, the settlers are required to keep it in repair.
