

Quilting Instructors - 1975.  
Mar 21.

MRS. GLADYS CORKILL of Monteith has been familiar with the art of quilting since she was taught by an English grandmother. But it has only

been in the last ten years that she has practised it. Mrs. Corkill says she enjoys making articles. She took the quilting course offered by

Home Economics branch of Ontario Ministry of Agriculture and Food to teach fellow Monteith Institute members the art.

Mrs G. Corkill, shown above was accompanied by assistant Mrs Elvina Plummer<sup>also</sup> of Monteith W.I., who instructed quite a large group in the Quilting, many who were not W.I. members and <sup>many</sup> from out of town
