Home, Sweet Home!

About the first of June seven four-week-old pigs wandered away from Louis Dahm's farm. He placed an advertisement in The Gazette and later his neighbor, Jos. E. Weber, reported the pigs were on the loose in his bush. The grand finale came at the end of the week when the strays were enticed into a trap which had been constructed of fence wire and baited with toothsome pig food. You've heard about the little pig who stayed at home. One of the family remained behind on the Dahms farms too, and he's 20 lbs. heavier than his brothers and sisters, who have been ramaging in the forest. — Mildmay Gazette.

CHEVROLET

CHEVROLET A PRODUCT OF GENERAL MOTORS

D. McTAVISH & SONS, FLESHERTON

EXCERPTS FROM A NEWS LETTER
Issued by The
Ontario Cream Producers' Marketing Board

We quote:- "Creameries that continue to accept second grade, or even "Liner" first grade, cream and pay for it as first grade, are maintaining an almost insurmountable obstacle in the way of quality improvement. It may well seem hard-boiled and undesirable to the producer to have Cream that is even questionable put down in a lower grade and paid for as such, or else refused, but in the long range, Cream Shippers who persistently produce a poor quality are doing themselves little good and are a tremendous detriment to the industry. The challenge faces everyone in all branches — each must decide whether we will be known as one who helped improve the quality of our butter or just a stumbling block."
