Young Married Couples Are Being Penalized

We have much sympathy for young married couples today. Under existing regulations they are heavily penalized, and especially so if there are young children. Rentals are exhorbitant and the purchase price of a home is so high that it is no wonder there is hesitation to invest in a home. A young couple with a child or two are not wanted by the majority of landlords. One has only to read the pathetic appeals in the advertising columns of daily papers to realize the situation.

In our opinion the Government should do something at once about this situation. The income tax reduction for young couples with children should be increased. Canada needs more Canadian-born children and this is not likely to happen unless more consideration is made for those who have recently married and are endeavoring to get established. —Creemore Star.

A. D. McIntyre Loses Store At Dornoch By Fire

Many friends here of Mr. and Mrs. A. D. McIntyre of Dornoch, formerly of Flesherton, regret to learn of their serious loss when the store building they owned was burned to the ground late Tuesday afternoon of this week. The fire is said to have started from a burning rubbish heap in the back yard and catching on the building. Mr. and Mrs. McIntyre and two sons resided in the apartment on the second floor while on the first floor was their general store and post office. Their loss will likely amount to over $10,000. Fire equipment was summoned from Owen Sound, Durham, Markdale and Chatsworth. Fireman Harvey Buckley of Owen Sound was seriously injured, probably a broken back, when a wall fell outward as he was pouring water on the ruins, pinning him to the ground. He was taken to Owen Sound hospital.

A nine-year-old California dropped in on Reno, Nevada, not long ago. He was travelling alone. When police took him in tow, he insisted his purpose in being in town was perfectly legitimate. He wanted to get a divorce from his parents.

What do you ask of Your Bank?

The connection of many people with a Bank is only through a pass book and a cheque book.

We believe, however, that there is more mutual pleasure and benefit by doing business in a personal, friendly way.

This Bank has grown to great size, but it is a human institution, very much interested in giving something more than across-the-counter service. The needs of the individual, and how we can help him to progress, are matters of first importance.

You will enjoy banking at any of our branches.
