Reply to the Challenge of R. Tinning of Toronto.

THE WOLFE ISLAND REGATTA CLUB would be delighted to row a Match against the Toronto Challengers on equal and fair terms; but the terms of the Challenge are not so—binding the Islanders to a particular boat, and requiring them to go all the way to Toronto; besides, the Islanders repudiate out-riggers, while the Challengers use them.

REAPING & MOWING MACHINES,
R. & R. S. PATTERSON,

Manufacturers, Belleville.

THE Subscribers would respectfully inform the public, that they are engaged largely in the manufacture of Agricultural Implements, at the head of Main Street, Belleville, C. W., near the Railroad depot.

We would call particular attention to our Combined Reaping and Mowing Machines, which we confidently reccommend to the public as possessing greater advantages for Farmers than any other machine yet introduced, among which we would enumerate, its perfect adaptation to uneven surfaces; its means of adjusting to various heights of cutting; Its freedom from side draft; the ease and facility of removing it from one field to another upon its own wheels, and changing it from a reaper to a mower. It is simple in construction, and not liable to get out of repair; is capable of cutting from 12 to 15 acres per day, and the grain is discharged in good shape for binding, entirely out of the way of the machinery—which admits of a whole field being cut without interruption. We use the very best of material—employ none but experienced workmen; and any person disposed to give them a trial, can depend upon having a durable machine, and one that will work to their entire satisfaction.

We are also manufacturing Thrashing Machines from one to eight horse power, with or without cleaners, either under or over shot, of the best description; and a general assortment of Agricultural Implements;—together with a complete assortment of and most other articles pertaining to a general Foundry business

We keep a large stock constantly on hand, and intending purchasers will find it to their advantage to call and examine our implements and prices.

☞ All orders promptly attended to

Important to Every-Body.

FOR the last three years, I have been engaged in a business known only to myself, and comparatively few others, whom I have instructed for the sum of $200 each, which has averaged me at the rate of $2,000 to $3000 per annum; and having made arrangements to go to Europe next Spring, to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canada who will remit me the sum of $1. I am induced, from the sucess I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed, and who are making from $5 to $15 per day at it, to give any person an opportunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively no Humbug in the matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed, who will testify that they make from $5 to $15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania, and Maryland, whom I have instructed are now making from $3 to $6 per day at it. It is a genteel business, and but a few shillings is required to start it. Upon receipt of $1, will immediately send to the applicant a printed circular containing full instructions in the art, which can be perfectly understood at once.

All letters must be addressed to A. T. PARSONS, 335 Broadway New York.

Book Agents Wanted.

BY the largest Book Establishment in the United States, which is exclusively devoted to supplying agents and Canvassers.

The undersigned wish to call the attention of Book Agents, and all who are interested in the sale of Books in any way, to their list of publications, comprising the most valuable and best works now in the market

Our wholesale prices are so low that a successful agent can readily realize a small fortune. The Great West is teeming with population and wealth, and is but ill supplied with books of a standard character. A rare opportunity is therefore offered to make money and do good at the same time. Please open a correspondence with us, and we shall take pleasure in forwarding to your address, our General Circular of Books, terms, and full information relative to the business.
