SAVING OF HYDRO POWER

September 30 may not be the end of daylight saving in Ontario, but it's going to be the start of "electricity-saving" for the shortage-conscious Hydro Chairman Robert H Saunders. Announcing restrictions effective then, he warned that water storage supplies are good, but "much depends on September, October and November rainfall." Restrictions won't affect home lighting; will prohibit use of electric heaters, reduce office and store lighting, window display lighting and outdoor advertising signs.

Wind must travel at least a file a minute to be a hurricane.

Rejection Of Oliver Would Be A Serious Mistake

(Paisley Advocate)

Farquhar Oliver, leader of the Liberal party in Ontario, sprang a surprise with his recent resignation from that post. Frankly, we were not surprised. For some time, and in fact, almost immediately after the last provincial election when the Progressive Conservatives swept back into power by overwhelming the Liberal and CCF forces, there have been rumors that the high Liberal 'brass' at Ottawa was dissatisfied with the choice of Farquhar Oliver, and that within a short time a move would be made to replace him with someone more suitable to certain cliques of the party. A couple of weeks ago the daily press published reports that the push to oust Mr. Oliber had begun, and several names were mentioned as probable successors to the burly Grey County Liberal. It was, therefore, quite understandable when Mr. Oliver tendered his resignation on Wednesday last. But less understanding is the attitude of those Liberal strategists who insist upon changing leaders at this time. When the last election was held, the Liberals never had a chance to win a majority, or even to increase their small numbers in the Legislature. But that was through no fault of their new leader, Farquhar Oliver who, despite the fact that he did not get a great deal of help from Ottawa during the campaign, put on a sane and powerful campaign that gained him plenty of prestige along the back concessions and in the smaller urban centres. We are not alone in the opinion that Farquhar Oliver is just on the threshold of his best hour. This solid-thinking native of Grey County is certainly not another rip-roaring, snorting edition of Mitch Hepburn, but he is of the type that can make, and hold, friends through every vicissitude. Recently we've talked with quite a number of district Liberals, and we have yet to meet one who believes that Oliver should be ditched as provincial leader. If the great ones in Toronto, Montreal and Ottawa insist on going through with this "oust Oliver" movement, we predict it will be a sore blow at provincial Liberalism and would certainly have repercussions with the Dominion party. Leave Farquhar Oliver at the helm, by all means!

In Memoriam

WICKENS — In loving memory of a dear wife and mother, Mrs Fred Wickens, whom God called to rest September 13th, 1935.

With tears I watched you sinking,
I watched you pass away;
I tended you with loving care,
But could not make you stay.
We watched beside your bedside
As the lonely hours pass,
And how our heart was broken
When we saw you breathe your last.
What would we give to clasp your hand,
Your dear face to see;
To hear your voice, to see your smile
That meant so much to me.

—Sadly missed by her Husband, Daughters and Son.

In Memoriam

WILSON—In loving memory of a dear sister, Mrs. Jack Wilson, who passed away Sept. 11th, 1947.

There's a sad but sweet remembrance
There's a memory fond and true,
There's a token of my love, dear Verna,
And a heartache still for you.

—Ever remembered by Sister, Tessie
