BLOTCHES ON THE SKIN.—Holloway's Ointment and Pills. Henry Halliday, Esq., of St. John's, N. B., was severely afflicted with blotches all over the body: the arms, hands, and face, were likewise disfigured with these unsightly eruptions. The medical men candidly told him it was the small pox, and prescribed accordingly, however, he was not benefitted. The fact is, the blood was impure, and hence a cure was out of the question. He resolved, as nothing he had tried had improved him, to commence using Holloway's Ointment and Pills, which he did, well rubbing the Ointment on the parts affected: these remedies combined very quickly caused an improved appearance, and by continuing with them for five weeks, the blotches entirely disappeared, leaving him in the enjoyment of the most robust health.

We would advise every body afflicted with Rheumatism, Neuralgia, Gout, Lumbago, Sciatica, Swellings, Sprains, Asthma, (and other complaints named in Dr. Smith's Bills,) to try the "ELECTRIC OIL."—It is making rapid cures every where.—Examine the name "*A. E. Smith*," on the labels, and blown in the *glass*.

E. W. Palmer, Kingston, general agent; also sold by E. H. Parker, do; Lyman, Savage & Co, Montreal; Bickle & Son, Hamilton.

HAIR RESTORATIVE.—In our columns to-day will be found Prof. Wood's advertisement of above article, to which we call attention. What it has done, we have witnessed upon several of our acquaintances in St. Louis. Hair once gray met our view, black or brown was the case might be, being the color of early manhood; and as fine and glossy as silk, and that without any other application than the Restorative. If it has done this upon others, will it not do the same for any of our readers whose "frosty pows" were once like the "raven locks" of Lochiel's warlike chief, if they will try it? We think so.—Jacksonville Constitutional, October 5, 1854.

LIFE INSURANCE.—The British Commercial Life Insurance Company of London, established in 1820, capital and assets over one million sterling, affords the highest security to persons desirous of insuring their lives. It is hereby certified that Mr Prosper Louis Leger has been French Master in the High School of this city, during a period of four years; that during this time he has conducted his classes with much credit to himself, to the entire satisfaction of his employers, and in harmony with his associate teachers; that his moral conduct has been unexceptionable; and that while it is pleasing to know that he resigns his present charge to prepare himself for higher and more sacred duties, the pupils and all connected with the Institution regret his departure.

3,280 PRIZES!—Lowest Prize, $40.
MORE THAN ONE PRIZE TO EVERY TEN TICKETS.
PRIZES GUARANTEED.
Fort Gaines Academy Lottery,
CLASS 21.
To be drawn in the City of Atlanta, Georgia, in public, on Friday, November 28, 1856, on the plan of

SINGLE NUMBERS!

☞ Purchasers in buying 10 whole tickets are guaranteed a Prize of $10; Halves and Quarters proportion.

SAML. SWAN & Co., Managers.

30,000 TICKETS—3,280 PRIZES!

PRIZES amounting to $204,000 will be distributed according to the following original scheme.

1 Prize of	$40,000	1 Prize of	$1,000
1 "	12,000	10 Prizes of	200
1 "	5,000	100 "	100
1 "	2,000	100 "	70
1 "	1,000		

APPROXIMATION PRIZES.

4 Prizes of $150 approximating to $40,000 prize, are $600; 4 of 125 approximating to 12,000 are 500; 4 of 100 approximating to 5,000 are 400; 4 of 75 approximating to 2,000 are 300; 8 of 50 approximating to 1000 Prizes are 400, 10 of 40 approximating to 200 are 1,800; 3,000 of 40 are 120,000.—3,280 Prizes amounting to $204,000.

Whole Tickets $10, Halves $5, Quarters $2½.

PLAN OF THE LOTTERY.

11,000 numbers corresponding with those on the Tickets, are placed in one Wheel. The first 280 Prizes are placed in another wheel. A number is drawn from the Number wheel, and at the same time a prize is drawn from the other wheel. The Prize drawn is placed against the number drawn. This operation is repeated until all the Prizes are drawn out.

Approximation Prizes.—The two preceding and the two succeeding numbers to those drawing the first 40 Prizes, will be entitled to the 64 Approximation Prizes, according to the scheme.

3,000 Prizes of $40 will be determined by the last figure of the number which draws the $40,000 Prize. For example—If the number drawing the $40,000 Prize ends with No. 1, then all the tickets where the number ends in 1, will be entitled to $40. If the number ends with No. 2, then all the tickets where the number ends in 2, will be entitled to $40, and so on to 0.

INDUCEMENTS TO CLUBS.

As, by this scheme, one Ticket in every ten is guaranteed to draw $40, we will sell Certificates of Packages of 10 Tickets at the following rates, which is the risk on them.

All that they draw over the amount guaranteed accrues to the purchaser.

Certificate of	10 Whole Tickets,	$60
"	10 Half Tickets	30
"	10 Quarter "	15

It will be perceived, by this plan, that for $60 the purchaser has a Certificate of 10 tickets, when if he buys tickets, he would only get for that sum 6 Whole; thus by buying Certificates he has four more chances for the larger Prizes, Halves and Quarter Packages in proportion.

In ordering Tickets, or Certificates, enclose the money to our address for the Tickets ordered, on receipt of which they will be forwarded by first mail.

The List of Drawn Numbers and Prizes will be sent to purchasers immediately after the drawing.

Orders for Tickets should be sent in early.

☞ Purchasers will please write their signatures plain, and give their Post Office, County and State.

☞ Remember that every Prize is drawn, and payable in full, without deduction.

☞ All Prizes of $1,000 and under, paid immediately after the drawing—other prizes at the usual time of 30 days, in full without deduction.

All communications strictly confidential.

Prize Tickets cashed or renewed in other tickets at other office.

Orders for Tickets, or Certificates, can be addressed either to

S. SWAN & Co., Atlanta, Ga.
or S. Swan, Montgomery, Ala.

Whole Tickets $20; Halves $10; Quarters $5.

APPROXIMATION PRIZES.

The two preceding and the two succeeding numbers to those drawing the first 222 prizes, will be entitled to the 888 approximation prizes. For example: If ticket No. 11250 draws the $100,000 prize, those tickets numbered 11248, 11249, 11251, and 11,252, will each be entitled to 800 dollars, and so on according to the above scheme. If ticket No. 1 should be drawn, the approximation would be 2, 3, 29999 and 30,000. If ticket No. 30000 should be drawn, the approximations would be 29998, 29999, 1 and 2. If ticket No. 2 or 29999 should be drawn, the approximations will be on the same principles.

PLAN OF THE LOTTERY.

In the above scheme there are 30,000 tickets, numbered from 1 to 30,000. There are 222 full prizes, and 888 Approximations, making in all 1,110 prizes.

The numbers from 1 to 30,000 corresponding with the numbers on the tickets, printed on separate slips of paper, are rolled up and encircled with small tin tubes, and placed in a Glass Wheel.

The amounts of the different 222 full prizes similarly printed and encircled, are placed in another wheel. After revolving the wheels, a number is drawn from the wheel of numbers, and at the same time a prize is drawn from the other wheel, by boys who are blindfolded. The number and the prize drawn out are opened and exhibited to the audience, and registered by the Commissioner, the prize being placed against the number drawn. This operation is repeated until all the prizes are drawn out. The drawing is then printed, and after comparison, the Commissioner certifies to its correctness.

☞ All orders for tickets or packages in any of the Maryland Lotteries, will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over.
