April 16, 2004

Dear members of the Monteith Women's Institute,

The Iroquois Falls Public Library would like to acknowledge a deposit of materials from the *Monteith Women's Institute*. On April 15<sup>th</sup>, 2004, JoAnn Morin of the Women's Institute, brought in 18 binders and folders belonging to the group, for the library to house permanently. The resources contain valuable historical information about Monteith, Porquis and Iroquois Falls residents, institutions and businesses.

This collection will benefit the whole community as it will be publicly displayed for patrons to browse through. The collection, however, will remain in the library as reference material, which is not to be checked out to patrons to assure proper preservation. Each piece will be identified as being the property of the Monteith Women's Institute. Mrs. Morin also noted that the binders will continue to be updated by the Women's Institute, on a regular basis.

We thank you for this wonderful addition to our local history collection.
