Blakey — Shier

A quiet but pretty wedding was solemnized at two o'clock on Monday, Jan. 30th, when Eleanor Irene, second eldest daughter of Mr. and Mrs. Harold Shier, became the bride of Robert Thomas Blakey, son of Mrs. Blakey and the late William Blakey of Artemesia.

The bride and groom took their place under an arch of evergreens, trimmed with pink bells and white streamers. Rev. Harold Hobbs of the Pilgrim Holiness Church performed the ceremony at the home of the bride's grandmother, Mrs. Richard McMullen, third line, Osprey.

The winsome bride wore a floor-length gown of delicate white soft-moving rayon sheer, with shirred Empire panel waist, embroidered and brilliant trims with bishop sleeves. Her full-length veil, embroidered in the corners, was held in place by a wreath of pink roses. She carried a bouquet of red and white roses tied with a blue satin ribbon and white streamers. She was attended by her sister, Loreen, wearing a floor-length gown of pink satin with elbow sleeves trimmed with white and pink lace, a fitted waist and shirred front with matching white plastic belt, unpressed pleats, back and front, and carried a bouquet of pink and white roses tied with pink ribbon and matching streamers, wearing a white rose in her hair. Herbert Blakey, brother of the groom, was groomsman.

Later in the afternoon, the wedding supper was served. Those assisting were: the bride's mother, the bride's sister, Elsie; the bride's aunt, Mrs. Roy McMullen, and Mrs. Herbert Blakey. A beautifully decorated three-tier wedding cake, mounted on pillars, centred the bride's table.

The bride's mother wore a dress of apple-green spun rayon with a white rose and the groom's mother a two-piece crepe dress trimmed with white buttons.

For going awayfi the bride wore a fitted wine long coat and a head shawl, a Christmas gift from her father, and matching gloves. On their return they will reside on the groom's farm in Artemesia.

Cream Is Staying Up In Price

CREAM is one of the Farm Products that is staying up in price, and is likely to be a good price for some time. Our advice to the farmer is produce as much cream as possible and deliver it to Flesherton Creamery, where every patron is a satisfied patron.

We are still paying top market prices for
FOWL and CHICKENS, ALIVE OR DRESSED

Why not bring them in and them custom killed?

THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

Hello Homemakers According to the definition of a key, it is something which opens or discloses. Our homemakers have many keys to tasty meals and some favorite recipes have been given to us for publication. Today's favorites suit today's way of life. They are basically simple yet colorful and flavorful.

MODERN TRENDS

1. Roll cookies are being supplanted by drop or cut cookies which take less time. Brownies and spice cookies lead the parade.
2. With various mixes on the market, many cooks are making their own rolls, muffins, tea biscuits and bread. The crisp French loaf and rye bread are becoming popular.
3. Most popular luncheon or supper dish is a casserole, usually of meat, fish, or cheese, served with a salad, hamburger and sausages are the usual meats accompanied by pottaoes, noodles or rice nd flavored with canned soup, sauce or bouillon cube.
4. Today, soup is prepared for just one meal by adding vegetable juice or gravy, which has been stored in the refrigerator, to canned soups.
5. Vegetables are served in greater variety and in a variety of ways. Salads. souffles, sauces, loaves, stuffings and vegetable plates have more taste and eye appeal.
6. There are fewer steamed and boiled puddings in comparison to gelatin refrigerator deserts and baked fruits with sauces.

CANDY APPLE PIE

6 medium-sized tart apples, pared and sliced
½ cup brown sugar
½ tsp. cinnamon
1 tsp. lemon juice
1 cup flour
1 cup brown sugar
½ cup ground walnuts
½ cup butter, at room temperature
¼ tsp. salt

Place apples in greased 9-inch pie pan. Sprinkle with the ½ cup of brown sugar, cinnamon, and lemon juice. Mix flour, the 1 cup brown sugar, walnuts, butter and salt until well blended. Sprinkle over apples, pressing firmly to form a thick topping. Bake in oven at 350 degrees for 55 or 60 minutes. Makes 8 servings.

WACKY CAKE

1½ cups sifted flour
3 tsps. cocoa
½ tsp. salt
1 tbsp. vinegar
1 cup cold water
1 cup sugar
1 tsp. soda
5 tbsps. shortening
1 tsp. vanilla

Sift flour. Measure. Add sugar, cocoa, soda and aslt. Sift into a greased and waxed paper lined 9x9x2-inch pan. Make 3 grooves in dry ingredients. Put shortening in 1 groove, vinegar in the second, and vanilla in the third. Pour over cold water. Beat until almost smooth. Bake in oven 350 degrees for 30 minutes. Makes 12 servings.

CEYLON

Seven tables were in play at the euchre club gathering on Thursday night. High score for the ladies was won by Mrs. Wm. Johnson and by John McWilliam for the men. Lucky draw prizes were won by Mrs. L. Whitehead and Dave Adams.

Mrs. Fred Fawcett of Blyth spent the week with Mr. and Mrs. J. S. McDermid and Mel.

Mr. and Mrs. Harold Edmunds of Chatsworth were recent visitors with Mr. and Mrs. Robt. Rutledge.

Mrs. Ivan Copeland and two children of Shelburne are visiting with Mr. and Mrs. Jos. Copeland.

Mr. and Mrs. Ernest McMullen of Toronto spent the week end with Mr. Gordon McMullen.

Miss Nancy McWilliam of Owen Sound spent Monday with her parents, Mr. and Mrs. John McWilliam.

Week end guests with Mr. and Mrs. J. S. McDermid and Mel were: Mr. and Mrs. Stanley Livermore and family of Toronto, Mr. and Mrs. Roy McDermid of Priceville.

Mr. and Mrs. J. A. Nichol and Harold visited on Sunday with Mr. and Mrs. Gordon Nichol at Stratford. Gordon remained for a longer ivsit.

Joseph Bairnes and Keith Kirktown of Holland Centre and Miss Shirley Rutledge of Owen Sound were Sunday guests with Mr. and Mrs. Robt. Rutledge.

PRICEVILLE

A progressive euchre party was held in the hall Friday night with Mrs. Don Reilly and Mrs. Art Leith as hostesses. Mrs. Ed. Vergoz was high lady and G. Wiley received the men's prize, while Mrs. Jim Sturrock took the lucky prize. A short term of dancing was enjoyed, with music supplied by Mr. and Mrs. A. MacCuaig, Shirley and Kenneth Hincks.

Mr. and Mrs. Dan L. McArthur and Eleanor, and Mrs. Percy Sims visited friends on Saturday in Hamilton and Fergus.

Mr. and Mrs. Jim Sturrock and Gordon, Bob Parslow, Mrs. J. C. Harrison, W. R. Meads and Mr. and Mrs. A. L. Hincks attended the funeral of the late Mrs. Black, held at Swinton Park Saturday.

The Federated Farm Women met Wednesday at the home of Mrs. I. B. Whittaker with a good attendanle. Mrs. Whittaker presided and after the opening ceremony, Mrs. Wm. Beaton gave a splendid talk on health, which was very helpful and interesting. The president read an article regarding appendicitis and Mrs. Ted Wade conducted a quizz, the prizes being won by Mrs. Bradey Irwin and Miss Beatrice Watters. Mrs. Cecil Fawcett gave a reading on sunshine. The hostess donated an article on which tickets were sold and Mr.s Laura Neubauer drew the lucky ticket for Mrs. A. L. Hincks. The National Anthem closed the meeting and lunch was served.

Mr. and Mrs. Thos. Appleby and son, Freddie, of Weston were visitors last week with Mr. and Mrs. Ed. Vergoz.

Mr. and Mrs. Percy Sims entertained a few friends Wednesday night to euchre, with Mrs. D. L. MacArthur as high lady and D. L. MacArthur as high man. Mr. and Mrs. Art Leith won the consolation prize.

Mr. Donnie Whyte held a very successful auction sale on Friday, when weather and roads were ideal and a large crowd attended. Good prices were realized. He has sold his farm to Alfred Willis.

Christena Carson, who was a patient in Durham Hospital for the past week, returned home Saturday feeling much improved.

Rev. Pape of Toronto preached the last two Sundays for a call in St. Andrew's Church. He spent seven years in China. Next Sunday Mr. Ward will be the minister.

Congratulations to Mr. Robt. Knox, who observed his 90th birthday on February 9th at the home of his daughter, Mrs. W. R. Meads.

Mr. Archie Sturrock has purchased a farm near Dundalk from Mr. Geo. Duncan and takes possession in March. We are sorry to lose Mr. and Mrs. Sturrock from this neighborhood.

Mrs. John Shortreed returned to her home Saturday from Toronto.

Nancy Carson had her tonsils removed Monday in Durham Hospital.

Mrs. Ibbitson of Toronto spent the week end at the home of Mr and Mrs. Malcolm McLean. She and Mr. McLean visited Saturday with Jack McLean, who is in the Owen Sound Hospital.

Mr. and Mrs. Gerald Magee of Eugenia visited Friday at the home of Dick Carson.

Miss Betty Tucker spent the week end at her parental home.

5-8 Bushels Extra Per Acre By Using "NA-CHURS" LIQUID FERTILIZER

S. J. ALLSOP, of Red Deer, Alberta, World Wheat King 1947-1948, says: "It is my opinion that 'Na-Churs' increased the yield of my wheat crop from 5 - 8 bushels over the district average, in spite of having no rain until July. I also feel that 'Na-Churs' made the grain mature from a week to ten days earlier. I plan to use 'Na-Churs' in 1950. I realize the advantages of easier application and no fertilized attachment required."

ACCLAIMED BY GROWERS

For many years "Na-Churs" Liquid Fertilizer has been acclaimed by tobacco growers, tomato growers, market gardeners — both in Canada and the United States. Tests now show the advantages of "Na-Churs" Liquir Fertilizer in areas of low rainfall — important news for Canadian grain growers.

GROWERS REPORT INCREASED YIELD UP TO 50%

Letters in our files from 1948 and 1949 Wheat Champions, as well as from other well known grain growers and general farmers, indicate increases in yield up to 50% when seed grain has been treated with "Na-Churs" Liquid Fertilizer before seeding.

EASY TO USE. NO EXPENSIVE EQUIPMENT

One gallon of "Na-Churs" Liquid Fertilizer Concentrate is being used undiluted to wet down eight to ten bushels of seed grain. No new equipment or additional expense needed. Just wet grain — mix thoroughly — dry well — use in ordinary seeding drills without expensive attachments.

"NA-CHURS" WON'T PERFORM MIRACLES

Soaking is a very economical method for supplying an initial part of the plants' needs; the remainder can be supplied by nomal fertilizing at a corresponding reduced rate. There is no reason to suppose that a sufficient amount of any particular nutrient element can be introduced into the seeding by soaking, but the nutrient so introduced is immediately available and of maximum efficiency.

COST ONLY 75c ACRE — MAKE THE 10-GALLON TEST

Seed grain treated with "Na-Churs" Liquid Fertilizer, apparently germinates more quickly; gains healthier, earlier growth; develops more vigorous root and top structure so that it is better able to withstand diseases and drought. The cost is little and if it will increase your yield it is too good to pass up.

PROVE IT TO YOURSELF

As little as 10 gallons of "Na-Churs" will tell the story. Try it — YOU be the judge.
