SPECIAL NOTICE.

FRANGIPANNI.—Mr. E. W. Palmer advertise the genuine Frangipanni—a most exquisite perfume. Its name as a history which we copy from Notes and Queries:—

"There is in Rome a family bearing the patronymic of Frangipanni, as famous in Italy as the Plantagenets and the Tudors in England. The origin of the name of this family is traced to a certain office which an ancestor filled in the church—that of supplying the holy bread, the wafer in one of the ceremonials. Frangipanni literary means 'broken bread,' and is derived from Frangi, to break, and Panus, bread. Hence we have the Frangipanni puddings, which good housewives know are made with broken bread. One Mercutio Frangipanni, who lived in 1493, was a famous botanist and traveller, famous as being one of the Columbus expedition when they visited the West India Islands. The sailors, as they approached Antigua, discovered a delicious fragrance in the air. This, Mercutio told them, must be derived from sweet-smelling flowers. On landing they found vast quantities of the Plumeria Alba, in full bloom, rendering the air redolent with rich odor, and from this plant, which the present inhabitants of Antigua call Frangipanni flower is distilled that exquisite fragrance which is now so popular in fashionable circles."

THE GREAT BEAUTIFIER

TO LONG UNSUCCESSFULLY SOUGHT,

Found at Last!

FOR it restores Permanently Gray Hair to its original color; covers luxuriantly the bald head; removes all dandruff, itching and all scrofula, scald head and all eruptions; makes the hair soft, healthy, and glossy; and will preserve it to any imaginable age, removes, as if by magic, all blotches &c. from the face, and cures all neuralgia and nervous head ache. See circular and the following.

Dover, N H, Feb 2, 1857.

PROF. O. J. WOOD & Co.—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative that to-day we were compelled to send to Boston for a quantity, (the 6 dozen you forwarded all being sold), while we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers, and the approbation, and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is a most VALUABLE PREPARATION.

Send us as soon as may be one gross of $1 size; and one dozen $2 size; and believe us yours very respectfully,

[Signed] DANIEL LATHORP & Co.

Hickory Grove, St. Charles Co., Mo., Nov. 19, 1856.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative; we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are, yours respectfully,

GEORGE W. HIGGINBOTHAM,
SARAH A. HIGGINBOTHAM.

Gardiner, Maine, June 22, 1855.

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now assumed its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours Respectfully,

O. J. WOOD & Co., Proprietors, 312 Broadway, New York, (in the great N. Y. Wire Railing Establishment,) and 114 Market St., St. Louis, Mo.

And Sold by all good Druggists. 28

Wood's HAIR RESTORATIVE.—This wonderful preparation is having an extensive sale in all parts of the Union. It is one of the few patent medicines which are now sold over the country, that are really what their inventors claim for them. Wherever it has had a fair trial, the result has been precisely as Wood predicts. It has never failed to turn the white hair back to its natural color, where the directions have been strictly followed, and in numerous cases it has restored the hair upon heads that had been bald for years. It is not pretended that it will make the hair grow in every case, but where it fails there is certainly no remedy. The restoration of the hair has been effected in so many instances where the case seemed utterly hopeless, that it is certainly worth while for all who have lost their hair to try the experiment of using a bottle or two of Wood's Restorative.—Moline Workman.

Sold by all respectable Druggists. 28

JOHN M. HAMILTON,

Barrister and Attorney.

OFFICE:—King Street, Kingston, (lately occupied by Messrs. Macdonald & Macdonell.) 25.1m.

God Save the Queen.

To the Free and Independent Electors of Cataraqui Division.

GENTLEMEN:—

Under the new Law as, you are doubtless aware, members of the Legislative Council, or Upper House, are to be elected by the people, instead of being appointed, as heretofore, by the Crown. The Writ for the election of a Representative of "Cataraque Electoral Division," which includes the Counties of Frontenac and Addington, and the City of Kingston, will issue before September next, but the exact day is not known, and may be much earlier than is generally supposed.

I have consented to become a Candidate, and will stand, no matter what the professions, or politics of my opponents may be. Those who are tendering me their support, have been kind enough in their requisition to say they are doing so, "Because that, having closely watched the conduct of "their Candidate as a public man, they are "satisfied with the result; that he has "ever displayed an ardent attachment to "Canada, his native country; that for the "last several years he has always been in "the ranks of the foremost in almost every "public undertaking for the prosperity "of, and the restoration of rights to "this neighborhood, and with this object has never hesitated to spend time "or means; that he is deeply interested, "even in a worldly point of view, in the "prosperity of Cataraque Division; that, "having studied the Law, he is possessed of "that knowledge of the existing statutes of "the Land; which cannot be otherwise "than an advantage to one who aspires to "be a Law-maker, and that the election "which is sometimes raised, whether properly so or not, is a question against the return of practising lawyers to represent "the people cannot apply to him, as he long "since retired from the Profession and "that, if returned, his voice, if it ever has "been, will be heard whenever the interests "of his Constituents require it."

Politics have nothing to do with the selection of a Member for the Upper House. The duty of which is without bias to extend every existing benefit and to endeavor to correct abuse. By the British North America Act that House was intended to act as an arbitrator between the People and the Crown, to moderate the exactions of both and reconcile their differences as far as possible. The Members were chosen for their merit, vested interest in, and devoted attachment to their country:—the political element never entered into its ingredient, and should not at the present time. If both Houses were to be partizan would not the greatest danger exist of their constantly coming in political antagonism, in case one party had a preponderance in the Council and the other in the Assembly? Or, if the composition of both Houses was intended to be the same, why the necessity of the two? The man, therefore, who through the instrumentality of a Political Convention avows himself as the Candidate of a particular party, and that party only is, by his own avowal, unfit for the position he aspires to fill. Let those who desire advancement, as the would-be representatives of any political sect, go to the Lower House, the legitimate arena in which their merits will be appreciated, and their partizanship be recognized; but let them not obtrude such unseemly strifes upon the Upper House.

For the Legislative Council the Election at the Polls is the only true Convention. There every man who votes is entitled to do so, and exercises his own, unbiased judgement—

"Canada," our beloved country, my native land, shall always be my motto, and I defy living man to point to one public act of mine which has been tainted with selfishness, or to name the time when I hesitated to devote every influence and energy I possessed to further the interest of our Country in general, and of Cataraque Division in particular. Born and bred in the Division, known to almost every man of you, if not personally at least by reputation, I boldly point to my past public actions as a criterion to judge my future conduct, should I be elected as your Representative for the Legislative Council.

I remain,

Yours Faithfully,

THE LIVER

INVIGORATOR!

PREPARED BY DR. ANTRIM

Compounded entirely from Gums,

IS one of the best Purgative and Liver Medicines now before the public, that acts as Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when used daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed, and the whole almost entirely dependent on the Liver for health. The Liver is at fault, and the bowels are at fault, and the whole system suffers in consequence of one organ ceased to do its duty. The Liver—having that organ, one of the principal regulators of the powers to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that we have the remedy at last found with Liver Complaint, any person or troubled with any of its forms, but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and, what is better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

One dose taken before retiring prevents nightmare.

One dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of two teaspoonfuls will always relieve Sick-Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

One dose immediately relieves Cholic, while

One dose often repeated is a sure cure for Cholera Morbus, & a preventative of Cholera.

One dose taken often will prevent the recurrence of bilious attacks, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes food digest well.

One dose often repeated cures Chronic Diarrhœa in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses will cure attacks caused by worms, in children, safer, or speedier remedy there is no such as it never fails.

☞ A few bottles cure Dropsy by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of Bilious Type. It operates with a certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ Mix Water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR

is a Scientific Medical Discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, of all which are the result of a Diseased Liver.

LEGISLATIVE COUNCIL.

To the Electors of Cataraqui Electoral Division.

GENTLEMEN:

In the Summer or Autumn of the present year, you will be called upon to elect a member of the Legislative Council for "Cataraqui" an Electoral Division composed of the Counties of Addington and Frontenac, and the City of Kingston.

It is proposed, I believe, to hold a convention at an early day to nominate a Candidate.

I should not have deemed it necessary to address the Electors in any way, prior to the holding of this Convention, did I not understand that an active personal canvass had been already commenced by another candidate.

Being unable to see you personally, I am urged by my friends in various parts of the Electoral Division, to adopt this mode of informing you that I hope to receive the Nomination of the Convention, and will be a Candidate at the Election in question, and to solicit your votes and support.

I do not deem it necessary at this time to enter into the discussion of the political questions of the day; my course as a private elector amongst you for many years is well known, and free from inconsistency.

Should I be nominated, it will be with the full knowledge on the part of the Convention that I cannot go into a personal canvass, and that my election must depend on the exertions of others more than on my own.

If, laboring under such a disadvantage, I am honored with the nomination, I shall continue the contest with an assured prospect of success, and if elected, will endeavor to carry into public life the principles which have so far, I would fain hope, secured me the confidence and good will of the general body of the Electors.

I am,

Gentlemen,

Your obedient servant,

A. CAMPBELL.
