INVIGORATE THE LIVER.

It is a most undoubted fact that Dr. Sanford's Invigorator, or Liver Remedy is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr. during twenty years' practice to find what particular organ, when diseased, caused the greatest number of ills or pains, and his conclusion is, that the liver is the greatest regulator of the system and the most liable to disease, while if kept free from disease is a preventive of Dyspepsia, Jaundice, general debility, &c., while last but far from least we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventive. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.—Princeton Press.

'How many bright eyes grow dim—how many soft cheeks turn pale, " " and none can tell the cause that blighted their loveliness.' Grief, in many instances, has been known to produce the greatest changes in the growth and color of the hair. Baldness and gray hair are often the consequence of severe and deep affliction, and while nature causes these results, art has invented successful and beneficial restoratives. The best of those are Bogle's Hyperion Fluid, for stimulating the growth and beauty, and Bogle's Premium Electric Hair Dye, for dyeing the hair a jet black or dark brown color. May be had of all Druggists.

A good-looking friend of ours, who is on this side of forty, though somewhat hoary headed, while absent from the city a few days, used Prof. Wood's Hair Restorative, and on his return called to see his lady-love, but was amused to find she did not recognize him; and immediately determined to pass for a cousin of himself, but was eventually chagrined to find he was supplanting his former self in the affections of the lady, which caused him to make himself known; but the lady still says that she likes the counterfeit better than the original, and insists that he continue (if necessary) to use the Hair Restorative. To be had at the druggists.—[St. Louis Morning Herald.

WOOD'S HAIR RESTORATIVE.—This wonderful preparation is having an extensive sale in all parts of the Union. It is one of the few patent medicines which are now sold over the country, that are really what their inventors claim for them. Wherever it has had a fair trial, the result has been precisely as Wood predicts. It has never failed to turn the white hair back to its natural color, where the directions have been strictly followed, and in numerous cases it has restored the hair upon heads that had been bald for years. It is not pretended that it will make the hair grow in every case, but where it fails there is certainly no remedy. The restoration of the hair has been effected in so many instances where the case seemed utterly hopeless, that it is certainly worth while for all who have lost their hair to try the experiment of using a bottle or two of Wood's Restorative.—Moline Workman.

Sold by all respectable Druggists. 28

HOLLOWAY'S PILLS.—Health depends upon the state of the blood when it passes into the veins to circulate through every fibre of the frame. If the digestion be impaired, and the liver torpid, the vital fluid will be partially deprived of its nutritious principle, and charged with morbid matter which may produce any variety of disease. The sure remedy in such cases is Holloway's Pills. They at once restore the vigor and activity of the stomach and liver, purge all acrid matter from the secretions and the blood, relieve debility, languor and pain, remove all the premonitory symptoms of acute disease, and restore the whole system to a perfectly healthy and sound condition. 48.

Dispepsia and Fits.

DR. TRACY DELORME, the great curer of CONSUMPTION, was for several years so badly afflicted by Dispepsia that for a part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given by a mere child while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally as sure in cases of Fits as of Dyspepsia. The ingredients may be found in any drug store. I will send this valuable prescription to any person on the receipt of one stamp to pay postage. Address Dr. TRACY DELORME, Great Curer of Consumption, New-York Post Office. 4p-1 mo.

ALSO AT PRIVATE SALE.

The Farm belonging to the Estate, distant 3 miles from Kingston and containing 250 acres of Arable Land, in the highest state of cultivation, and capable of yielding the richest crops. It is abundantly watered, having a never-failing creek, pure and transparent, running in rear, and the great Cataraqui in front.

The Scenery of this river, on an elevated position of banks of which the farm is situated, is unsurpassed in point of variety, and picturesque beauty, by any in the Province, terminating northward in the romantic crags of Kingston Mills, and Southward in the City of Kingston and its magnificent Harbour, where the waters of Lake Ontario, the Bay of Quinte, and the rivers St. Lawrence and Cataraqui, unite, and the famed Thousand Islands begin.

A new Macadamized road leads to the City, on the one hand, and to the Kingston Mills Railway Station and Gananoque on the other.

The Buildings are faultless, and consist of a large and commodious stone Mansion, and an enclosed quadrangle of out-houses comprises, barns, sheds and barn yard in the centre, together with wood shed, stable, byre, &c., besides a rough-cast dwelling and barn at some distance.

There are also on the farm two Orchards of upwards of 400 young and healthy trees, and an excellent well of pure water with a chain pump.

The fences are picket, and straight fences, 7 rails high, and they, as well as the gates, are nearly new, and were put up by the late proprietor, at great expense, and with much care.

To the Agriculturist, the Country Gentleman, or the Sportsman, the undersigned cannot recommend the property in more fitting terms than the declaration of the members of the Board of Agriculture, at the last Provincial Exhibition, "That they considered this, the very best Farm east of Toronto."

THE TERMS ARE CASH.
