Twin Colts Born in Town

Twin colts are very rare, but this event occurred in Flesherton early Sunday morning, when a mare owned by Reeve K. G. Betts gave birth to twin colts, a mare and a horse. However, the mare colt failed to survive, but its mate is as lively as can be. The colts were from Lee Harvester, a noted trotter.

Alone With Tractor, Youth Escapes From Four Wolves

(Markdale Standard)

When four wolves set after him on Monday evening about 9 o'clock, Robert Eagels, son of Mr. and Mrs Fred Eagles, Irish Lake, felt he was lucky to get away with his life. "They were awfully savage" he said.

Robert was harrowing with the tractor on the back field of the Milligan farm, when two wolves came out of the bush. They didn't bother him, but sat beside a stone and watched him.

Then two more came out of the bush. They started to follow the tractor, which had its lights on, and the other wo ranged alongside them. The four wolves were snarling and the bristles were standing up on their backs.

Robert turned the tractor and headed for home, with the wolves following. Going through a gap into his own farm, he lost the harrows. One jumped over the harrows in pursuit of him, and the other trio took off in a direction to cut him off in front. They retreated as Robert neared his home.

Robert called his neighbor, Elmer Hutchinson, who brought his shotgun, and with his brother, Lorne Eagles, and a rifle between them, they went back to the field with the tractor. Before the tractor had made one round of the field, a wolf came out again. He was shot! A drive is to be made for the others.

"If I had been driving horses, I wouldn't have got away from them," Robert, who is 17, said of his encounter with the four wolves when he was alone. "I yelled at them, trying to frighten them away, but they kept following me."

In Memoriam

WHITEOAK — In loving memory of my dear sister, Sally May Whiteoak, who passed suddenly away on May 25th, 1949.

I'm thinking of you today-May,
Thinking of you and the past:
Picturing you in my memory
Just as I saw you last.
If all the world were mine
I'd give it, dear, and more,
To see your smiling face
Come shining through the door.

NOTICE TO OUR PATRONS

The following letter has been sent to Ontario cream producers by the Ontario Cream Producers' Marketing Board:

To All Cream Producers:-

You are familiar with the heavy advertising campaign of the margarine manufacturers. You may not be aware that it has resulted in consumption on a basis of 8.5 lbs. per person per year for Canara, while in the U.S.A., where it has been sold for 75 years, it is less than 6 lbs. per year.

It represents a serious threat to the farm income — and every pound of the cheap butter substitute eaten makes the situation just so much worse.

Farmers across Canada have decided to do something about it. The Dairy Farmers of Canada have undertaken to raise a fund to advertise butter and other dairy products — and do our best to get the gospel of butter to all consumers.

The milk and cream producers in all provinces of Canada have agreed to share in financing this program. This is being done on the truly democratic basis that if EVERYBODY contributes, a large fund can be raised with a very small contribution from any individual producer.

Thus it has been planned to ask all buyers of milk and cream to deduct 1 cent per lb. of butterfat from all purchases in the month of June and forward it to the treasurer of the advertising fund to be used to increase the demand for our product. This, in an indirect way, will help maintain prices at the farm.

We are asking you, as an individual producer, to back us up with the few cents deduction from your cream cheques during June. Of course, this is democratic and voluntary, and we are counting on your full co-operation and support in making the program completely successful. Let's do it together.

Thank you.

Keeping pace with the growing needs of communities everywhere for more and better telephone service has taken lots of work and lots of money.

Only a financially healthy telephone company can carry on this big job.
