VICTORIA CORNERS

X1950 weather conditions have been of a varied and often-times destructive nature, with considerable cold, rain, thunder storms, high wind reaching gale proportions and latest of all, hail. A pathway coming from Durham district Monday evening, cut its way across the Batchelor property, owned by brothers Leslie and Gordon, through the property of Jas. F. Acheson and John Duncan, blowing itself pretty well out by the time it reached the farms of Oscar and Russell Patterson. Les. Batchelor probably suffered the most damage, with five windows broken, their corn crop flattened and a field of barley destroyed. The gardens of Gordon Batchelor and John Duncan met with total destruction. Les. gathered hail stones as large as 50c pieces and a drift of hail stones across the yard was piled to the height of Mrs. Batchelor's rubber boots. Needless to say, all involved were very much scared. We shall hope that storms such as this one, will not become customary occurrences.
