Parents! Guardians! Mothers!

Will you take heed! Have you a son or daughter, brother or sister, or have you a neighbor afflicted with that scourge to humanity, intestinal worms?—If so (and we know you have,) for the sake of suffering mankind insist on the use of FELLOWS' WORM LOZENGES!

First—Because they are effectual.

They never fail in expelling Worms whenever they exist in the stomach and bowels.

Second—Because they are harmless.

A whole box may be given a child a year old without harm, yet one Lozenge often produces wonderful effects on grown persons. They contain no calomel, or any other mineral or poisonous substance.

Third—Because they are pleasant.

No child will reject them but will beg for more, and they will not nauseate, purgate, or debilitate.

Fourth—Because nothing can be said against them.

Fellows' Worm Lozenges is the only Worm remedy in existence combining harmless qualities with delicious taste and amazing power.

Price 25 cents per box; five boxes for a dollar.

Sold by all Apothecaries and Country Traders everywhere.

TRUE TIME.

AMERICAN WATCHES.

These superior Watches are made by the aid of new and original machinery, expressly designed to secure with a low price, a fine substantial and uniformly reliable time-keeper. The movements are now in construction, have been pronounced by the highest authorities to be faultless in principle and quality, and have been proved by the most exacting tests to be unfailing in action. These watches are made entire from the crude materials, in a single establishment, by convenient and uniform processes—the factory being organized upon the same system that has been adopted in the production of the unequalled Adams locomotive,—which enables us to produce a watch equal at one-half the price of a foreign movement of the same quality. Each watch is carefully tested, and is accompanied with the maker's certificate and warranty for two years.

All foreign watches are made by hand, the American watches being the only ones made by machinery upon a uniform system throughout. Nearly all hand-made watches are defective, and are continually getting out of order. In many parts of the country it is impossible to find good watch repairers, and watch repairing is always uncertain and expensive. The introduction of American watches dispenses of this difficulty, and country merchants, as well as watch dealers, can keep watches as a part of their miscellaneous stock, and thus supply their customers with a new article, which may be used as any other article, without anxiety or bonding. Sold by the trade generally.
