Canada is Solidifying Fast.

nada has made more substantial pro- in the way of national solidification the past six weeks than she has made six years that preceded President land's retaliatory message, notwith- ding that in those six years many imper- events in the way of binding the country ther have taken place. Mr. Cleveland's sure made Canadians feel as one people, to be as much interested in the welfare the province as of any other. All along line from the Atlantic to the Pacific there been an unanimity in the expression of inion to stand by the rights of the ritime province in the fisheries dispute. re has also been unanimous expression the view that Canada is able to take care herself, to rely entirely upon her own re- rces, and not to be dependent on our ighbors for anything. We have our own nals, our own railways, and our own ports, if they see fit to refuse us to their chan- s we do not need to cry over the matter; have only to use our own.

All the Dominion Ministers who have ken on the subject, and the great bulk of newspapers, Conservative, Liberal and dependent, have come out squarely in favor Canada being self-reliant, and free of any d all dependence, on our neighbors for mercial privileges. In Toronto the out- st of this feeling of national self-reliance been most marked, while there has been thing of a menacing nature said of our ighbors. There has been a marked falling in the display of American flags and erican devices of late, whereas formerly could not walk about town on a holiday hout meeting American flags at every . Even the Mail newspaper has great- changed its tune within the last few days, it has actually had the courage to argue the adian side of the case on one or two asions.

On the other hand the situation becomes re complicated in the States. The Demo- s do not seem to be so anxious to push ward retaliation; the two States that have ed so far, though they have always n Republicans, have given increased Re- blican majorities, and these two States it st be remarked are States that are more less interested in good relations being intained with Canada. These are signifi- nt facts. As for Mr. Cleveland, we begin feel confident that he has ruined his nces completely by his retaliatory message. e has either to go ahead or to back down; matter which horn he chooses he will be re to get himself into trouble, and we uld not be surprised to hear of his making me desperate endeavor to get out of the ficulty in which he has placed himself.

The sum and substance of the situation is at President Cleveland's retaliatory mess- e has given a great impetus to Canadian tional sentiment, while it has done a great al to injure the reputation of a great Pre- dent, and seriously damaged his chances of -election in the struggle now at hand.—Mail.

A Positive Cure. ✠ A Painless Cure.

FACTS FOR MEN OF ALL AGES.

DISEASES OF MAN.

M. V. LUBON'S SPECIFIC NO. 8,

THE GREAT HEALTH RENEWER,

Marvel of Healing, and Kohinoor of Medicines.

Cures the terrible consequences of Indiscretion, Exposure and Overwork.

YOUNG, MIDDLE-AGED AND OLD MEN

Who are broken down from the effects of abuse will find in No. 8 a radical cure for nervous debility, organic weakness, involuntary vital losses, etc.

SYMPTOMS FOR WHICH No. 8 SHOULD BE USED.—Want of energy, vertigo, want of purpose, dimness of sight, aversion to society, want of confidence, avoidance of conversation, desire for solitude, listlessness and inability to fix the attention on a particular subject, cowardice, depression of spirits, giddiness, loss of memory, excitability of temper, spermatorrhœa, or loss of the seminal fluid—the result of self-abuse or marital excess—impotency, constipation, emaciation, barrenness, palpitation of the heart, hysteric feelings in females, trembling, melancholy, disturbing dreams, etc., are all symptoms of this terrible habit, oftentimes innocently acquired. In short, the spring of vital force having lost its tension, every function wanes in consequence. Scientific writers and the superintendents of insane asylums unite in ascribing to the effects of self-abuse the great majority of wasted lives which come under their notice. If you are incompetent for the arduous duties of business, incapacitated for the enjoyments of life, No. 8 offers an escape from the effects of early vice. If you are advanced in years, No. 8 will give you full vigor and strength. If you are broken down, physically and morally from early indiscretion, the result of ignorance and folly, send your address and 10 cents in stamps for M. V. LUBON'S Treatise in Book Form on Diseases of Man. Sealed and secure from observation.

Address all communications to M. V. LUBON, 47 Wellington St. E., Toronto.

A Man without wisdom lives in a fool's paradise. CURES GUARANTEED. HEAL THE SICK.
