GARDEN PARTY.—Considering the very unfavorable state of the weather the garden party under the auspices of the Presbyterian church held on Wednesday evening of last week at the residence of Mr. J. A. Crichton was an entire success. A toothsome and substantial lunch was provided, and partaken of and the usual routine of games and amusements enjoyed. The Citizens' Band contributed materially to the pleasure of the party and the music was distinctly heard a mile out of town. Proceeds $17.

THE following is a synopsis of a letter from Mr. Samuel Wilson of Providence Bay, son of Mr. Henry Wilson of Artemesia: "Enclosed please find $2 for renewal of subscription to the STANDARD. We like the paper well and get it regularly. We could not do without it, and don't intend to try. It is like a letter from all our friends and acquaintances every week. I am well satisfied with Manitoulin and am doing well. There is bright prospects for great crops this year. Wishing you prosperity I am yours truly, Sam. Wilson.

URIC acid in the blood is the cause of nearly all disease, it visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to extract wastes from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same.

LANDLORD AND TENANT.—At the last sessions of the Ontarion Legislature an amendment was made to the Landlord and Tenant Act, which is not generally known. By the new enactment any tenant falling into arrears for rent, with the exception of the first month's liability, leaves himself open to be seized, and no goods or chattels which he may possess are exempt from this seizure. Everything goes. Before this amendment the necessary articles, such as a stove, six chairs, personal clothing, &c., could not be seized for rent, but now all that is changed, and the man who falls behind is open to have seized and sold every article of personal property which he may be possessed of.—Flesherton Advance.

ANNUAL S. S. OUTING.—On Thursday last the Centenary Methodist Church S. School held its annual picnic in Williamson's beautiful grove near Harkaway. The weather was excellent and the attendance large. Everyone appeared happy and an enjoyable afternoon was spent. The large tables fairly groaned under the excellent edibles which the large hearted ladies of that vicinity had furnished. A short but interesting program was rendered with C. W. Rutledge in the chair, Miss Norton at the organ, Rev. Mr. Davey, Messrs. R. W. Ennis and Joseph Hawken gave addresses and Master J. Breadner gave a recitation. A social was held the following evening to dispose of the fragments. Proceeds $25.

THE TORONTO INDUSTRIAL FAIR.—The prize list for this year's Industrial Fair to be held at Toronto, from the 5th to the 17th September, has been issued. Many changes have been made in the various classes, and about $2,000 added to the amount of prizes offered last year. The Association has obtained about fifty acres more ground, and a new half-mile track will be constructed, and a monster new grand stand capable of seating 12,000 people is to be erected in time for the Fair. New stables and cattle pens are also to be erected and many other improvements made at a cost of one hundred and fifty thousand dollars. This year's Fair will evidently be a great one. For copies of the Prize List drop a post card to Mr. H. J. Hill, Manager, Toronto.

JUVENILE CONCERT.—The second entertainment of Markdale public school pupils was held in the rink hall on Monday evening last and was well patronized. The program consisted of music, recitations, dialogues, hoop drill and tableau's. Sadie Plowes presided and the following took part: Maggie Bowler, Lottie Lucas, Annie McLeod, Annie Bush, Blanch McPherson, Ethel Brown, Lilian Sproule, Lena Rutledge, May Sarjeant, Leona Mathews, Mona Rutledge, Mabel Bowler, Maud Ford, Mabel Plowes, Rena Richards, Eva Ford, Frank McFarland, Willie McLeod and Reg. Davey. The whole entertainment was well conducted and much enjoyed. The tableau's were especially fine. Our young folks are to be congratulated on the success of their undertaking.

UNBUSINESSLIKE.—Scarcely a week passes without commercial or other travellers calling to ascertain particulars in regard to the running of local boats, and after searching the local papers published at the ports in question, leave in disgust with the want of enterprise and business tact on the part of managers of above vessels. It does appear strangely shortsighted that details in regard to the running of those boats are not made known. It would surely prove not only an accomodation to the travelling public, but a means of increasing the traffic on these vessels, if managers would put a small adv. in the local papers of the county, thus acquainting the public generally of the fact that their steamers call at certain points and the time such calls will be made.

DON'T forget the garden party to-morrow (Friday) evening at Wm. Lacey.

THINK OVER IT.—Say, young man, there is one thing you cannot do. You can't make a success in life unless you work. Better men than you have tried it and failed. You can't loaf around street corners and saloons, smoke cigars and tell fool stories, drink whiskey and sponge on some one else without making a failure in life. You must learn a trade or get into some honest business. If you don't you will be a chronic loafer, despised by all, producing nothing—simply making yourself a burden on parents or on the state. There is no place in the world to-day for loafers. The ripe fruit is at the top of the tree. You must climb for it. If you wait for it you will never get it. Help yourself and others will help you. There is no royal path to success. Toil, grit, endurance,—These are the requisites. Wake up and see what you can do.

"John, I would like to invite my friend, Mrs. Smalley, this evening. Will you be able to be in?" "No, my dear, I must attend the meeting of the Ancient Order of Foresters to night." "Well, to-morrow evening?" "I have the Ancient Order of United Workmen, and you know——" "What about Wednesday evening?" "Oh, the Oddfellows meet that night, and on Thursday I have a meeting of the Knights of Labor to attend; on Friday, the Royal Templars of Temperance; on Saturday there's a special meeting of the Masonic Lodge, and I couldn't miss that; and on Sunday night—let me see—what is there on Sunday night, my dear?" 'The Grand and Ancient Order of Christian Fellowship." "Why I had forgotten. Am I a member of that? Let me see——". "But you have forgotten another society, John, of which you were once a member. "What's that?" "Your wife's."

"DON" in last week's Saturday Night, has an article on the dismission of Mr. Elgin Myers, County Crown Attornoy of Dufferin from office because of his (Myers) advocacy of Annexation to the United States, among other things says: "Sir Oliver was right. An officer of the crown has no more right to advocate treason than an officer in the army has to preach sedition. Annexation is not only treason to the crown but an attempt to betray the best interests of Canada. * * * * If Sir Oliver intends to dismiss all his annexationist officials who declare their views semi-publicly if not on the platform, there will be a long list of vacancies to be filled. * * * * I have no doubt, that Sir Olliver is a loyal man and a virtuous citizen, but it makes me a little bit tired to see him so patriotic in spots, so unpatriotic as a rule. Ontario is glad to be rid of Mr. Myers as an official, but there are a thousand others who hold the same views and preach them almost as publicly who might receive the condemnation of His Royal Highness."

Kimberely.

The indications for a bountiful harvest seem evident in this locality unless some unforseen visitation in the way of rust or wet weather takes place to retard or spoil its full development. As for meadows and pastures they are as good as could be desired.

The Entrance Examination commences here today and a goodly number of candidates are present to take part in the great literary contest. Some appear anxious and nervous while others more buoyant and confident of success. Mr. Wright, from 10th line Collingwood, is a practical examiner, a gentleman who is eminently qualified for such a position.

The new minister, who makes Kimberley his head quarters, has arrived and appears to be a genial and energetic gentleman, and until his house is ready he makes the "Travellers' Home his stopping place.

A long felt want has been filled by the appointment of Mr. Hammond to the office of Commissioner for taking Affidavits in the Co. of Grey which will prove a great convenience, as there was no such official nearer than Rocklyn.

We notice with great pleasure the rapid progress Mr. Graham is making towards the re-building of his saw and shingle mills lately destroyed by fire. Mr. G. has the support and co-operation of his many friends and neighbors in the matter.

THE DREADED LA GRIPPE.

Following this scourge of humanity came a train of evils in the shape of obstinate colds, coughs, lung troubles, etc. There is no remedy so prompt, and at the same time effectual and pleasant, as Milburn's Cod Liver Oil Emulsion with Wild Cherry and Hypophosphites, which is the latest and best combination of anti-consumptive remedies. Price 50c. and $1.00 per bottle.

Obituaries.

Samuel Nelson Davis, a progressive young farmer of Artemesia, son of Mr. Thos. Davis, passed away on Thursday last after a few days illness of inflamation of the bowels. Deceased was an industrious man of 29 summers, and with bright hopes for increasing prosperity and long life was stricken down in his prime. His sorrowing widow and child have the sympathy of the community in this their great affliction. The funeral on Saturday was largely attended.

Andrew Walker, son of the late Robt. Walker of Holland, died on Sunday last after a lingering illness of some 19 months, aged 21 years. Deceased was a strong robust young man but contracted a severe cold in the fall of 1890 which was followed by catarrh of the system that gradually reduced his physical form and strength until death ended his sufferings as above. His remains were interred at Mt. Pleasant cemetery on Tuesday a large number being in attendance to pay their last tribute of respect to the departed.

Mr. Robert Dunlop, who has been township clerk of Euphrasia these 33 years, died on Thursday last after a short illness, in his 78th year. Mr. D. was a faithful and painstaking clerk and was well and favorably known as a conscientious christian man. His funeral on Saturday was one of the largest ever known in the township.
