Meaford Road.

The public school was closed here on the 22nd of December by an examination of the pupils. The Trustees and a number of the parents were present and expressed themselves well pleased with the progress made by the school during the year just closed. An excellent tea was provided on the occasion by the ladies present. Mr. J. Boland on behalf of the pupils presented the teacher, Mr. Wickham, with a handsome Christmas Card, that accompanied with an address expressing regret on account of his being about to sever his connection with the school, to which Mr. Wickham made a suitable reply.

The annual sabbath school anniversary was held in the Wesley church on the 28th and was a success.

Miss Sara Lord Bailey will give a concert in the town hall Monday night.

MUNICIPAL ELECTIONS.—The day of battle has come and gone, and now that the excitement is over people will be able calmly to view the result. All the old councillors have been reinstated. The great interest was centered in the Reeveship. Mr. Richardson and Mr. Bolland were again the combatants. The contest was a keen one and excited the liveliest interest. Mr. Boland has been elected by a considerable majority.

Mr. Damude is returned by a majority of 19.

DEATH OF WALTER LEITCH.—This promising young man died last Friday after a long illness. About twelve months ago he went to Michigan to start the tailoring business on his own account and shortly afterwards caught a severe cold, which settled on his lungs. He returned home, and was able to go around during the summer, but the winter was to much for his weakened constitution and the disease which he so bravely battled against terminated fatally. He was a genial young man, and beloved by all who knew him.

Harkaway.

Mrs. A. Rae, who has been spending several months with her mother at London, returned home lately.

As Mac. was driving "our" pedagogue to Berkeley on the morning of the 23rd ult. they had quite an exciting time. On reaching Mr. Kinney's bush Mac., thinking to take a near cut, pulled to the left on the old winter road, expecting of course to reach the tenth line by way of Kinney's buildings in about ten minutes. Ten, twenty, thirty, forty and fifty minutes passed, and to their utter dismay the gray which had had her own way halted as she ran into a fence corner. "Is this Berkeley?" inquired Morris, as he tried to thaw the ice off his eyes. "Land sakes!" ejaculated Mac. 'I believe this is Lyons' place. "Oh no!" says Morris, "here is a road," and off he went and landed on a stone fence; a capsize followed. Mac., who was endeavoring to obtain an outlet, took the situation in, and ordered Morris to hold on to the rig. Morris, who was nearly smothered, made a desperate effort and extricated himself exclaiming, "say Mac. there is not much fun in this." "Well not for us," says Mac., "but if that blamed correspondent hears of it, away it goes to the STANDARD but we will fool him this time, because we would never hear the last of it." Another half hour was spent in searching for the main road before it was reached, and then good-bye.

Mr. D. and Miss A. Smith are visiting friends in Proton.

School meeting largely attended and passed off quietly until Mr. Steer emphatically stated that he would not allow his child to help to sweep the school room in her turn. This unexpected announcement caused general indignation and as a result a rate must levied.

Mr. T. Rae and Mr. P. Smith were nominated for the trusteeship, but Mr. Smith declined to stand, hence Mr. Rae elected by acclamation.

Mr. W. and Miss Ella Wiley, of Tullamore, have spent a week with their many friends here. They returned home this week laden with well wishes for Mr. R. Wiley and his better half *nee* Miss Maggie Lougheed.

Road Disturbance.

Last Tuesday a very amusing scene took place on Oz Walker's hill, when an old man who lives on the town line of Euphrasia, and drives a big white faced horse in a single cutter, stoutly ordered his ninth line neighbor, who was drawing a load of wood up the hill, "to give half road." The neighbor refused and while hot words were flying two other teams turned out and drove by both of them, but the hot headed old fellow instead of following their example turned back to seek law, but before he reached town his temper cooled off and he again turned and this time succeeded in getting by the former tolerably.

We all agree that the roads are too narrow for a man with $200 in the post office Savings Bank.

Onlooker.

Importance of Good Stock.

To show the great importance of stock raising to the farmers of this section of the county I wish to say that in the past twelve months I have shipped forty carloads of mixed stock, cattle, sheep and hogs for which I paid an average of about one thousand dollars a load making a total of about forty thousand dollars. Taking into consideration the number of men engaged in this business in the county of Grey, one can form some idea of the magnitude of the trade and the amount of money that is scattered through the country.

I am not one of the many who think themselves qualified to give advice to farmers because I believe that as a class they know their own business and are just as well qualified to attend to it as any others in the community but I would like to impress upon them the neccessity that exists for a higher grade in all classes of stock, for while there is a good demand and fairly remunerative prices for good stock I never saw inferior grades in all lines so hard to sell as during the past season, and it has been very hard to find enough of large growthy, shapely steers to fill the public byers in this province. There is no doubt that the farmers stables in this county are not filled with such cattle as will come out in the spring of that high grade that will alone be probably in strong demand at paying prices.

I do not think as some that the best days of stock raising are over for as long as people live by eating, good beef, mutton and bacon will be prime necessities of life and as the production increases so will the consumption in like ratio So I say do not be afraid of not finding a good market for all the meat you can produce but make it first-class for that alone will command a first-class price.

An Innocent Granger.

Thornbury, Ontario, has produced the latest novelty in the shape of an innocent granger. His name is William White. By some mistake he was allowed to come to town yesterday without his parents or some one else to look after him and last night he returned home $89 poorer. This is the way he lost his money. A stranger accosted him on Yonge street about some trivial matter and the granger entered into a conversation. The unknown told the farmer he was going to Thornbury, and they decided to travel together. They did so until the train arrived at Parkdale. By that time the stranger had Mr. White's purse and was counting the money. As the train pulled away from the depot at the flowery suburb the confidence man jumped off the platform and disappeared.—Friday's Empire.

Salt will be Cheap.

Clinton, Dec. 21.—In an interview with the secretary of the Canada Salt association, he has supplied the following for publication:—"The Canada Salt association dissolved to-day. Although the prices charged by the association have been exceedingly moderate, and notwithstanding the fact that the large bulk of traders are fully in sympathy with the arrangement, yet, owing to the new wells that are coming into operation at Moorefown, Windsor, etc., it was felt impossible to continue. The salt manufacturers feel especially aggrieved that a public institution like the C. P. R. which owes its inception and its present existence to the large sums of money that have been given to it by the taxpayers of the Dominion, should condescend to enter into a needless and wasteful competition in the manufacture of salt. The prices at which salt can now be obtained will be low enough to satisfy the most patriotic Patron of Industry.

Christmas Tree, etc.,

The Christmas tree celebration which was held in the Presbyterian Church Markdale, on the evening of December the 22nd ult., was quite a success.

The attendance, composed of children and older people, comfortably filled the church. An interesting programme of recitations and singing was creditably carried through.

The christmas tree, which was well loaded and beautifully decorated, was in due time stripped of its fruit to the great delight of the young people.

At a certain stage of the proceedings of the evening the following address, which will explain itself, was presented to the pastor, Mr. Forrest, by Mr. Glendinning, Secretary of the Board of Managers.

Reverend Mr. Forrest,

DEAR PASTOR,—Will you please accept this fur coat and purse as a small token of our regard and esteem. We are only sorry that we are unable to offer you something more nearly equivalent to your services; but we assure you that this small gift is not by any means a measure of the spirit in which it is given. We know that no gift no matter how great could adequately represent your self-sacrificing disposition, your patient long suffering forbearance, and charitable forgiving Christ-like spirit.

We hope that you may long be spared to wear this coat, and if the time should come when our present cordial relations are severed, in Markdale, and of your friends and co-workers in this church, that the God whom you so faithfully serve, may keep and preserve you and us in the bonds of love, affection and fellowship, is the prayer of your congregation.

Happiness is a sunbeam which may pass through a thousand bosoms without losing a particle of its original ray.—Sir. Phillip Sidney.

From David, learn to give thanks in everything. Every furrow in the book of Psalms is sown with seed of thanksgiving.—Jeremy Taylor.

A true faith can no more be separated from good works than the light of the candle can from the heat, or the heat from its light.—Chicago Standard.

Lost, yesterday, somewhere between sunrise and sunset, two golden hours, each set with 60 diamond minutes. No reward is offered as they are gone for ever.—Horace Mann.

A man who owes an honest debt ought to be willing in all honesty to give his note for that amount. And on the same principle of honesty, one who owes to God a service ought to be willing to pledge himself to render that service.—United Presbyterian.

If we wait until we have more than we want before beginning to give, we shall die without giving. But if we give out of our scanty portion to those whose need is greater than ours, we shall live as givers, and shall enjoy living. The man who gives from his surplus never knows the real joy of giving.—S. S. Times.

OUTRIVALS ALL OTHERS.

In curing coughs, colds, bronchitis, sore throat, and all diseases of the throat and lungs, there is one remedy which is unequalled by any other. We refer to Dr. Wood's Norway Pine Syrup which has effected many remarkable cures this season.

To the Electors of Glenelg.

GENTLEMEN,—You will please accept my sincere thanks for the generous support accorded me in the recent election contest, and, altho' defeated by a narrow majority, I am proud to say that in the appointment of my successor, you have done yourselves credit by selecting a gentleman who will add dignity to the Council Board, and add intelligent effort to the administration of the office.

Respectfully yours,
THOMAS SULLIVAN.

RHEUMATISM CURED IN ONE DAY.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greately benefits. 75 cents. Warranted by W. Turner & Co.

THREE PRACTICAL POINTS.

Three practical points: 1st, Burdock Blood Bitters cures dyspepsia by acting promptly on the stomach, liver, and bowels. 2nd Burdock Blood Bitters cures bad blood by the same specific action combined with its alterative and purifying powers. 3rd, Burdock Blood Bitters cures all diseases arising from the two first named, such as constipation, headache, biliousness, dizziness, scrofula, etc., by removing their cause as shown and proved in thousands of indisputable recorded cases.

ANY amount of money to lend on Mortgage security at 5½ per cent per annum. Expences low. For particulars call on W. L. Young, banker, Markdale.

No cold or cough too severe to yield to the curative power of Dr. Wood's Norway Pine Syrup.

"Don't you think people's lives are affected by their surroundings?" she said. "Of course I do," he answered. "Every once and a while you hear of a man who dies because his room is full of gas."—Washington Star.

A CURE FOR DYSPEPSIA.

In investigating the cause of this prevalent complaint it is found to rest principally in wrong action of the stomach and impurity of the blood. These exciting causes are easily removed by the regulating, purifying tonic and digestive effects of Burdock Blood Bitters, hence the success of B. B. B. in curing dyspepsia in any form, no matter of how long standing or how severe it may be.

THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great reducer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is a very powerful and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impoverished nutrition. When there is an insufficient supply of nerve food in the general state of debility of the system, spinal marrow, brain, muscles, become starved, and the result. Starved nerves, like starved thousand weaknesses and disease. When the right kind of food is supplied the nervous system begins to grow, and disappear as the nerves recover. As the power by which the vital forces of the body are constantly first to suffer for want of perfect nutrition. Ordinary food contains a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes, yet it is very certain that a nerve food is required. For this reason it becomes necessary to have food by which the nerves are nourished. This South American Nervine has been found by many to contain the essential elements out of which nerve tissue is formed. This fact accounts for its universal adaptability to the cure of all forms of nervous derangement.

To the Great South American Medicine Co.:

DEAR GENTS—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done to any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the virtue of this remedy as I do you would not be able to supply the demand.

A SWORN CURE FOR ST. VITAS' DANCE OR CHOREA.

CRAWFORDSVILLE, IND., June 22, 1887.

My daughter, eleven years old, was severely afflicted with Nervous Dance or Chorea. We gave her three and one half bottles of South American Nervine and she is completely restored. We believe it will cure any case in our family for two years and she has been free from indigestion and in perfect health, from which she suffered before taking the Nervine.
