QUERU'S COD LIVER OIL JELLY.—No druggist's establishment lacking this delightful preparation, made from the pure brown Oil, expressed from the Liver of the Cod, and which contains eighty-five per cent of pure oil, is complete in its list of remedial agents. Unqualifiedly endorsed by that learned society the New York Academy of Medicine, what druggist can look over this invaluable preparation? We say none who cares aught for his reputation as a pharmaceutist. Penfold, Clay & Co. No. 4 Fletcher-street, New York, are the Agents for Queru's Cod Liver Oil Jelly. Sold by all Druggists.

DR. M'LANE'S
CELEBRATED VERMIFUGE AND LIVER PILLS.

☞ A singular combination, but very effectual, as the following will show:

New York, November 20, 1858:

Knowing, from experience, the valuable qualities of Dr. M'Lane's Vermifuge and Liver Pills, prepared by Fleming Bros. Pittsburgh, I have for sometime back considered it my duty, and made it my business, to make those articles known wherever I went among my friends. A short time ago I became acquainted with the case of a young girl, who seemed to be troubled with worms and liver complaint at the same time, and had been suffering for some two months. Through my persuasion she purchased one bottle of Dr. M'Lane's Vermifuge, and one box of Liver Pills, which she took according to directions. The result was, she passed a large quantity of worms, and thinks that one box more of the Pills will restore her to perfect health. Her name and residence can be learned by calling on E. L. Theall, Druggist, corner of Rutger and Monroe streets.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS, of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of

TRUE TIME.
AMERICAN WATCHES.

These superior Watches are made by the aid of new and original machinery, expressly designed to secure *with a low price*, a fine substantial and uniformly reliable time-keeper. The movements are new in construction, have been pronounced by the highest authorities to be faultless in principle and quality, and have been proved by the most exacting tests to be unfailed in action. These watches are made entire from the crude materials, in a single establishment, by connected and uniform processes—the factory being organizing upon the same system that has been adopted in the production of the unequalled American fire-arms,—which enables him to produce a movement at one-half the price of a foreign movement of the same quality. Each watch is carefully tested, and is accompanied with the maker's certificate and warranty for TEN years.

All foreign watches are made by hand, the American watches being the only ones made by machinery upon a uniform system throughout. Nearly all hand-made watches are defective, and are continually getting out of order. In many parts of the country it is impossible to find good watch repairers, and watch repairing is always uncertain and expensive. The introduction of American watches disposes of this difficulty, and country merchants, as well as watch dealers, can keep watches as a part of their miscellaneous stock, and thus supply their customers with a new Staple, which may be used as any other article, without mystery or humbug. Sold by the trade generally.
