A level-headed exchange remarks: We are told that the latin word Editor means to eat, but in this country it means to scratch around like the dickens to get something to eat.

WALTERS FALLS spring show is to be held on the 24th April. Large two-colored posters are out announcing the same. A good list of premiums are offered and a big show expected. Thos. Dixon, pres., John McQuaker, sec treas.

MAXWELL Literary club has netted $33 from entertainments during the winter and in winding up their pleasant and profitable public gatherings for the season, decided to donate the above funds towards sidewalk improvements. Clever!

EARLY CLOSING.—The bylaw passed a year ago by Markdale Council is to be strictly enforced this season and business men have been notified to that effect by Constable Noble. Citizens and the public can materially assist and will greatly oblige by governing themselves accordingly.

THE Grey Review, after giving a glowing report of the speech of T. O. Curry, the Patron orator in Durham wound up with the remark: "However we must say that Mr. Curry is giving himself away too much to profanity which will sooner or later militate against him."

A PORT HOPE man named Day recently commited matrimony with Miss Week, and the Tennyson of the Port Hope Guide immortalizes the event thusly:—

"A Day is made, a week is lost:
But time should not complain;
There'll soon be little days enough
To make the Week again."

THIS is the way an exchange sums up the financial trouble: Money got tight and was locked up. It is now said to be sobering up, and going out to do its legitimate work in the commercial world. We cannot expect the dollar to keep straight, because it is round, but we surely thought it had cents enough to keep moving.

MR. WILLIAM FULFORD of Heathcote finished a successful season of thirty weeks threshing last week. He runs a steam thresher during the fall and a clover huller in the winter. He wound up at J. A. Halbert's for the season and Mr. Halbert says that if he is as good at grain as at clover he would like to have him on the town line next fall.

MISS ELLA SUNTER, daughter of Mr. Alex Sunter, editor and proprietor of the Meaford Monitor, was presented with a Diamond Ring on Monday evening of last week accompanied by an address from the Ladies Aid and Choir of Erskine church of that town. The address in a few words showed that Miss Sunter's assistance in the vocal line was much appreciated, and that her services had always been readily extended whenever called upon to assist them. In behalf of his daughter, Mr. Sunter made a brief reply, after which an enjoyable evening was spent.—Thornbury Herald.

POKES FUN AT IT.—The Cardwell Sentinel pokes fun at the Tottenham Fire Brigade in this fashion:—Parties intending to have their premises set on fire by accident or otherwise, would do well to give a couple of days' previous notice to the fire company. This may be a departure from the usual custom, but it is rendered necessary from the fact that a large quantity of brick has been piled in the fire hall directly between the hook and ladder truck and the door. In the event of a fire these would have to be removed before the apparatus could be got out, and it would likely be next day before the company could reach the scene of action.

FOR SALE.—A span of general purpose horses, and a good driver rising 4 years; also a number of young pigs. B. Coleman, Markdale. 608-10

UNDER the able leadership of Mr. Gallin, the new band leader, ex-leader of the 16th Batallion Band of Peterboro', our citizens enjoyed some good music on the streets last Saturday evening. Do it more times.

MR. ROCH MERIEN of Montreal will be at the Markdale House next Monday and Tuesday, April 9 and 10, for the purpose of buying two carssound horses, 4 span heavy, 8 good drivers and balance blocks, also 200 hogs, 10 milch cows, 1 car fat cattle and 2 cars 1-year-old lambs.

MILLINERY OPENING.—Now and fashionable Millinery arriving and in stock. A call solicited before purchasing. Miss Green who has charge of this department will be pleased to meet you to show goods and quote prices. Thanks for past favours. S. Hill.

OFF FOR WESTON.—Messrs. James Duncan and James Speace left on Monday for Weston, there to resume work in Moffat & Son's stove foundry. Mr. Duncan had been for several years an efficient member of our Citizens' Band, and the "boys" turned out and gave him a rousing serenade at train hour. We didn't catch the pathetic strains of "the girl I left behind me," but several popular airs were lustily played. A large number saw the young men off at the station.

FREQUENTLY while walking on the street you meet with a person who has clearly defined judgement as to what side to pass on. You bob from one side to another and finally get past. The other day a reporter met a gay young colored girl, and after two or three manoeuvers the damsel exclaimed: "Fo' Lawd's sake, man, what is this gawine to be—a waltz or a schottische?"—Guelph Herald.

CONVALESCING.—Squire Gamey, reeve of Osprey, was in Markdale on Saturday, the first time he has been from home for seven weeks, during which time he had been very ill, part of the time his case being considered indeed critical. He is a heavy looser owing to the cattle disease. Out of a herd of twenty-five, several have died and he has no hope of saving any but two. It has certainly been a trying winter on the old gentleman.

THE Flesherton Advance intimates that the STANDARD was somewhat tardy in publishing information regarding the cattle ailment, and in the same paragraph twigs us for not correcting an erroneous item clipped from that paper bearing on the same question. The latter takes the crow out of the former, as it were. We once knew a publisher who announced the marriage of a young couple a week before it took place, and he didn't crow worth a cent about it either.

BRIGHT IDEA.—Mr. McFarland is entitled to, and will doubtless receive, the gratitude of the citizens of Markdale and community for fitting up the former hardware department of his establishment for the post office, thereby separating it from the busy and often crowded store besides affording a level entrance from Main street. The change is well on the way and under the skilful superintendence of Mr. Richards will doubtless be complete in a week or so.

LATER—Truly this is a world of disappointments. Since above paragraph was put in type, doesn't McFarland's change of adv. come in referring to the fitting up of a department for ready-made clothing, and there our happy anticipations are exploded. Shoot the bizness!

LACROSSE.—An enthusiastic meeting of those interested in lacrosse was held at the Revere House, Markdale, last Thursday evening, for the purpose of organizing a team, when the following officers were unanimously elected: Hon. Pres., Dr. Ego; Pres., A. Plewes; vice-pres., R. L. Stephen; sec., W. Dundas; treas., R. Fulford; capt., A. Lang; field capt., G. S. Mathers; committee, H. Hunter, J. Lucas, G. Dundas, I. B.
