Mr. Ralph Purvis and gang have lately completed an excellent piece of stone work for Wm. Sowerby and have moved into another township there to work at their trade.

The crops in this vicinity seem to realize what a good thing it is to have a few warm days, by the growth they are making. It is also noticeable in the smiles of our farmers.

Early on Sunday morning, the 10th inst., a large bird known as the loon was seen to rise in the neighborhood of Anderson's pond, back line, west of Berkeley, and wend his way o'er hills and valleys in a southerly direction till again he was seen hovering over one of our beautiful lakes upon which he finally decended for the purpose of capturing some prey for himself. After toiling hard all day with but little success he at last observed a pretty little trout which he determined if possible to capture. Just then a less formidable water-fowl called the king fisher appeared on the scene and succeeded in relieving the big bird of his coveted victim which seemingly took such affect on the larger bird that he gave vent to a few revengeful shrieks and at last dissapeared and was seen no more.

I tell you, Mr. Editor, it would do you good to see the fine turn out of the youth every Sabbath numbering nearly sixty scholars and is exceedingly well conducted and fine order always prevailing. When we consider the fine staff of officials in charge it is a sure guarantee of success and good being done. Mr. Thos. Townsend is at the helm as president; George Lamb sec.-treas and also a good staff of teachers, while Joseph Boyle ably leads the singing.

We predict a day's amusement in the near future in the nature of a picnic which we are sure will also be a success and a pleasant day spent. Further notice will be given.

## Holland Centre.

What has become of our correspondent. Is he dead, or removed or has he got a thistle in his hand and cannot write?

Mr. Editor, not having seen any news from this place for some time and not wishing people to forget that we are the hub of the township, I thought I would write.

There has been a lot of sickness in the neighborhood this spring. Among its victims were Mr. Francis Troughton, Mrs. William Norton, Mr. Alex Lillburn and J. Trouton. Mr. Trouton was taken away at the fine age of eighty after a residence in this township of fifty years. He resided forty years on one farm. There are but few of the earlier settlers to be found now.

We are glad to know that Mrs. Norton is on the mend after a very severe illness and the others mentioned are around again.

We had a visit from a doctor a few days ago looking for a place to start practise. He seemed satisfied with the place, engaged rooms and will be here in a few days. He comes from Toronto we believe.

The farmers are complaining of the the weather and say its almost impossible to work the ground for roots.

There was a heavy frost last Tuesday night but have not heard of much harm being done.

Cackle! Cackle! We wonder who poisoned the hens. Don't be so free with jokes in the future, William.

Some of the boys got left the other night. Thought they would see a wedding party come off the train but the party interested must have been only making preliminaries.

A list was started some time ago to organize a Mechanics Institute in this place. About fifty names have been secured and we are only waiting for subscribers to pay their fee and it will be started.

Hoping that your cor. will soon start again we beg leave to retire for the present.

[The above came last week to late for publication.]

LONDON, June 11.—Mrs. Wm. Langley of 21 Euclid Ave., London South, has for the past five years been afflicted with fits. She was treated by doctors in Lancing and detroit, Mich., and by three different physicians in London. No one of them could cure her. About two months ago she began using Dodd's Kidney Pills. Since then she has had no return of the fits. To-day she is perfectly cured. Her trouble was doubtless due to kidney disorder, a fact which the physicians who treated her never discovered and consequently their treatment was in vain.

## Guelph Conference.

The eleventh session of Guelph annual Conference opened last week in the pretty town of Goderich.

The Methodist Church comprises eight Annual Conferences, viz: Montreal, Bay of Quinte, Toronto, Guelph, Niagara, London, Manitoba and North west and British Columbia.

Each Annual Conference is composed of all ministers within its jurisdiction who have been received into full connexion, and an equal number of laymen. The General Conference is made up of one minister out of every twelve from each Annual Conference and the same number of laymen, and meets once in four years.

The sessions were interesting and harmonious throughout, and a greater number of visitors than usual were present in the galleries.

Rev. Nelson Burns, M. A., against whom charges had been preferred a year ago for holding and propagating doctrines which are contrary to those of the Methodist church, was deposed from the ministry.

The annual report from the Methodist Book and Publishing House, Toronto, was most gratifying. The total circulation of church papers, magazine and Sunday School publications for the past year was 263,988 an increase over the previous year of 5,660. The total sales of merchandise for the year was $424,425.

In order to secure a larger circulation of the Christian Guardian it is proposed to reduce the price to $1.50 per year, or if the present circulation of about 13,000 can be multiplied by three the price could be put at one dollar. The present subscription price is $2, and even at that it is said to be the cheapest denominational paper on the continent considering its size and quality of paper.

The various connexional funds compared favorably with former years notwithstanding the prevaling depression. The membership showed an increase of over eight hundred.

The following ministerial delegates were appointed to attend the forthcoming general conference: Revs. Jas. McAllister, Dr. Williams, Dr. Griffin, Dr. Henderson, John Scott, M. A., Geo. Richardson, J. W. Holmes, F. E. Nugent, A. Cunningham, J. E. Howell, N. R. Willoughby, S. Selery, Dr. Cornish and C. Hamilton.

Lay delegates—J. E. Carson, H. L. Rice, Dr. Mills, L. H. Yeomans, J. A. Carrick, W. J. Fawcett, R. G. Lambert, George Acheson, W. J. Ferguson, John Rutherford, S. V. Wogan, P. E. W. Moyer, W. H. Kerr and H. P. Moore W. M. Gray and H. H. Miller as alternatives.

The building of conference under the management of Rev.'s Howell and Irvine and treasurer S. P. Halls was highly satisfactory.

## Mr. McNichol's Address.

TO THE FREE AND INDEPENDENT ELECTORS OF THE SOUTH RIDING OF THE COUNTY OF GREY.

GENTLEMEN,—At the urgent solicitation of a large number of the electors in every portion of the riding, I have consented to represent you in the Local Legislature for the province of Ontario.

The platform upon which I have determined to stand or fall is, in my opinion, broad enough for all creed, class, or interest in our common community, containing as it does, the essence, and rejecting the dregs of either of both of the old political parties.

If you honor me with your confidence my best efforts will ever be directed to forwarding measures calculated to bolster the best interest of the masses, not the classes, the people, not the parties.

To every independent voter in the riding I look for support. The battle is mutually yours and mine. My part in the contest will be undertaken to the full extent of my ability and physical strength.

The close proximity of election renders it impossible for me to meet with as many of you as I would have wished but with the assistance of friends I will endeavor to hold meetings in every part of the Riding at as early a date as possible.

The enjoined platform to which I am faithfully pledged is here inserted for the perusal of all fair-minded and impartial citizens. If it meets with your approval I shall confidently look for your support.

1—Maintenance of British connection.

2—The reservation of public lands for the actual settler.

3—Purity of administration and absolute independence of Parliament.

4—Rigid economy in every department of the public service.

5—Simplification of the laws and a general reduction in the machinery of the government.

6—The abolition of the Canadian Senate.

7—A system of civil Service reform that will give each county power to appoint or elect all county judges.

8—Tariff for revenue only and so adjusted as to fall as far as possible upon the luxuries and not upon the necessaries of life.

9—Reciprocal trade on fair and equitable terms between Canada and the world.

10—Effectual legislation that will protect labor and the results of labor from those combinations and monopolies which unduly enhance the price of the articles produced by such combinations or monopolies.

11—Prohibition of the bonusing of railways by Government grants as contrary to public interest.

12—Preparation of the Dominion and Provincial voters lists by the Municipal officers.

13—Conformity of electoral districts to county boundaries as constituted for municipal purposes as far as the principle of representation by population will allow.

I have the honor to be, gentlemen your obedient servant,

D. McNICHOL.

Lamlash, June 2nd.

SPOTS AND BLEMISHES, CAUSED BY BAD BLOOD, CURED BY B.B.B.

DEAR SIRS,—I am thankful to B.B.B. because I am to-day strong and well through its wonderful blood cleansing powers. I was troubled with scrofulous spots and blemishes all over my body and was advised to try Burdock Blood Bitters. I took one bottle, with great benefit, and can positively say that before I had taken half of the second bottle I was

PERFECTLY CURED.

I am so pleased to be strong and healthy again by the use of B.B.B. and I can strongly recommend it to everybody.
