GIRLS AND POSTAGE.

Girls are, as a rule, fond of letter writing, and a *good* correspondent is a great big blessing in a family. Furnish good material, and while there's no need for extravagance, yet don't stint them in postage pocket money. The post office department has been, and is still, prosecuting transgressors of the postal regulations, the offences generally being the enclosing of letters, or something to serve the purpose of a letter, in newspapers, or with photos, &c., and thus defrauding the department, and in the majority of cases thus far reported, girls have been the offenders. This is doubtless owing in part to their ignorance of our postal laws, and perhaps largely to their being stinted in funds for postage purposes. By all means give the young folks a fair chance and judicious encouragement in the line of social correspondence.

Bachelors' Corners.

Mr. Wm. Hampton, Sr., is rebuilding his barn, which was destroyed by lightening last summer. The raising took place on the 6th inst. Mr. Jos. Abbott, of Berkeley, is the framer, and a good job is sure to be the result.

The snow came very unexpectedly to some of our farmers who have not their roots in yet.

A BACHELOR.

Harkaway.

Master Robbie Mercer was thrown from the wagon last week and had his collar bone broken.

Mrs. Johnson, Sr., who fell down stairs the other morning, had her back injured and a bone of her wrist broken. It is feared the old lady will not survive the shock, she being about seventy-three.

The new fence from the corner of the church to the shed is a decided improvement.

Revival services are being conducted nightly by Rev. Mr. Edwards.

The STANDARD was in error last week in regard to Miss Mary Burnett wielding the birch at Alexander. It is the rod of love she purposes using.

Some of our citizens attended the Moody meetings in Toronto last week and very much enjoyed the services and preaching of the zealous evangelist.

We preached the annual sermon to the A. O. U. W. fraternity here, in the Presbyterian church last Sabbath. The sermon was thoughtful and practical, based upon the words of the Psalmist, 133—5. The attendance of the fraternity was small.

Deep sorrow came to the home of Mr. and Mrs. Charles Doupe, backline west, last week upon the intelligence of the accident and death of their son-in-law, Mr. Armstrong, who was suddenly killed while adjusting a load on a pulley in a mill shop in Toronto. Mr. Spence was at one time a resident of Artemesia township. He leaves a wife and seven young children.

By arrangement of the resident clergymen service will be held in the Presbyterian church on Thanksgiving Day, Nov. 22, Rev. Mr. Gardiner, Baptist, will preach the thanksgiving sermon.

Miss Waugh has returned to her home in Markdale, and her position in the office here has been taken by Miss Bessie Graham.

About 6 o'clock on Monday morning Mr. Samuel Kingston's residence here was discovered by some one on the street to be on fire. The alarm was given and it was found that the inmates Mr. and Mrs. Kingston and Master Johnny Kingston, were sleeping soundly, unconscious of their peril; indeed, such progress had been made by the rapidly spreading flames and ascending smoke that it was with some difficulty the aged couple were roused from their deep slumber and rescued from the burning building, which in a short time was reduced to ashes. Very little of the contents or their belongings were saved. The fire is supposed to have originated in an ash barrel in the rear of the building. Insurance said to be $500.

Presbytery of Owen Sound.

The Presbytery held an adjourned meeting Oct. 30th, in Division St. Hall, and was constituted by Rev. Dr. Waites, Moderator.

Mr. Acheson reported, regarding supply of Lake Charles, that the sum of $150 would be paid, that a resolution expressing appreciation of Mr. McLean's services, and requesting the continuance of them, was passed. The report was received and Presbytery expressed its gratitude to Mr. McLean for the work done, and asked him to continue the supply till the December meeting of Presbytery.

Mr. Acheson also reported that he had declared the pulpit vacant in Hepworth and that they were supplied half the time by probationers, the remaining time being in the hands of the session.

Dr. Somerville reported attendance at the meeting of the committee on Augmentation, that committee requests the Presbytery to put forth every effort to make the scheme successful this year.

The Presbytery's committee was instructed to arrange for an exchange of pulpit throughout the Presbytery in order to bring the whole question of augmentation, fully before the congregations and to report at the December meeting.

Mr. McLaren reported for the committee on Home Missions, and arrangements were made for supply of fields.

The conveners of the Augmentation and Home Mission Committee were appointed to allocate the sums to be raised for these funds, viz., $1150 for Home Missions and $400 for Augmentation on the several congregations.

The Presbytery then took up the resignation of Mr. Hamilton.

Representatives appeared from the various congregations, all expressing high appreciation of the character of Mr. Hamilton and his work. A joint meeting of the congregations had passed a resolution not to oppose the resignation. Mr. Hamilton was heard and pressed his resignation.

The resignation was then accepted and Mr. P. McNabb appointed to declare the charge vacant on the 11th day of November, and to act as moderator during the vacancy and that it be reported to the probationer's committee for half supply.

The following resolution was then unanimously passed: "In accepting the resignation of Mr. Hamilton the Presbytery does so with great reluctance, deeply regretting the adverse circumstances, in one of the congregations, especially, rendering it expedient that the resignation should be accepted, circumstances for which in the judgement of the Presbytery, Mr. Hamilton cannot fairly be held responsible, and recognizing as it does the faithful services he has rendered in these congregations during the past four years, would express its earnest hope that Mr. Hamilton may soon find a field in which he may labor under circumstances more favorable to comfort and success.

The Presbytery would also place on record its hearty appreciation of Mr. Hamilton's interest in the general work of the Presbytery and his willingness to bear at all times his full share of such work.

The Presbytery would at the same time record its sincere hope and prayer that all parties in the congregation may cordially co-operate in securing a minister who may continue and extend the work of the Lord in that field.

Mr. A. McNabb was appointed to conduct the opening devotional exercises at next meeting.

The Presbytery then adjourned to meet on the third Tuesday in December (18th), at 10 a.m., and was closed with the benediction.

J. SOMMERVILLE, Clerk.

Very Sad Indeed.

Three months ago Mr. A. E. Rutledge, of Fort William, son of Mr. Edward Rutledge of this place, was married in Collingwood to Miss Hocking. The happy young couple visited Kingston and other points east and then spent a few days of their honeymoon with friends in Markdale, after which they proceeded to their home in Fort William. Since then Mr. R.'s partner in business (Mr. Hammond) was taken ill, and four weeks ago died and was buried. But the worst was yet to come. On Thursday a. m. of last week while Mr. Rutledge's young wife was crossing the railway track in Fort William she noticed a freight train coming towards her, and in her excitement and haste to get clear of the cars she fell striking the top of her head violently against the rail; and it is supposed that life was extinct even before the engine reached her, but o'er the train could be stopped it had passed over her body. It was an overwhelming shock to her husband, as also to her many friends and admirers in Fort William. The remains were brought to Collingwood for interment, which took place on Sunday last. Deceased was a most estimable lady, respected and beloved by all who knew her. Mr. Rutledge has the sympathy of a large circle of friends and relatives in his very sad bereavement.

A. O. U. W. At-Home.

Markdale Lodge A. O. U. W. has ample reason to be congratulated upon the unbounded success of its annual social gathering, which was held in the Marsh Hall on Tuesday night last. It was an invited company and comprised the clergy, doctors, lawyers, teachers, merchants, farmers, mechanics, laborers and their wives and sweet hearts to the number of about 300. The spacious hall was taxed to its utmost capacity. The tables were tastily arranged to accommodate about 70 at a sitting, and were laden with an abundance of the best and most toothsome viands the country could produce. This part of the at home commenced at about 9:30, the intellectual part being first on the list. The program comprised a unique variety of music and speechifying. Dr. Sproule, M. P., and the Rev. M. M. Goldberg ably sustained their reputation in the latter, while Mr. Cæsar and Miss Ford sang a duet, and Miss Ford and Mr. Cæsar and Messrs. Wm. Lucas and W. A. Brown gave a quartette, each of which was much appreciated. Then, the Bush family orchestra discoursed select music from violins, tri-angle and organ to the delight of the audience while last but not least the citizens band under the able leadership of Prof. Galvin rendered at intervals and during lunch exercises excellent and highly appreciated music. District Deputy, W. A. Brown presided with ability. Notwithstanding the excellence of the program and of the supper it must be admitted that the social feature was the leading and prominent characteristic of the entertainment. Here all classes and churches mingled as one family while the brethren of the Order distinguished themselves in emulating a spirit of sociability. The weather was most favorable and the sleighing excellent, which aided in a goodly representation of brethren from Flesherton, Priceville and Rocklyn. The lodge wishes hereby to heartily thank the ladies for the ample provision made and the inviting manner in which the wants of the inner man were supplied, and especially the A. O. U. W. Ladies Aid committee; also to the citizens band for their valuable services, the Bush family for excellent music, those who contributed in song and all who in any way contributed to this memorable re-union.

THE Alliston Herald says:—A party from Lisle vicinity drove out and charivarried Mr. Thos. Foster, of Mulmur. He generously donated $5 and the party returned to Lisle, where they spent the evening. Just after starting for home in the wagon Jos. Kidd raised his gun and fired, when it burst into fragments. His left hand was badly cut, and the index finger was blown off. Walter Bradley's left arm was badly cut, and through the muscles to the bone up near the shoulder, while Rich. Irwin fared the worst of all, he having his skull badly fractured by the flying pieces. He is yet unconscious.

EAST GREY TEACHERS' ASSOCIATION.—The semi-annual meeting of the East Grey Teachers' Association was held on the 1st and 2nd of November, in the Public School, Thornbury. There was a large attendance of teachers. The program was varied and interesting. Especially valuable and interesting were two addresses delivered by Mr. N. W. Campbell, Inspector for South Grey and Meaford, on the subject, "Is the Public School Giving a Practical Education?" Those who travelled from a distance through the mud over the bad roads must have felt more than repaid by the eloquent stirring and very practical addresses. Mr. Ward filled the chair admirably.

THE IDEA THAT BRIGHT'S DISEASE CANNOT BE CURED PROVEN TO BE A FALLACY.

QUEBEC, Nov. 5—Local physicians are much gratified over the letter of Dr. A. G. McCornick, of Richmond, this province, testifying to his cure of Bright's Disease, by the use of Dodd's Kidney Pills. Since the introduction of the remedy in this city, many physicians have not hesitated to prescribe the pills and numerous cures have been the result. This latest testimony, coming from so well known a medical man, proves that the local men were right in changing the old-time remedies for Dodd's Kidney Pills. Hence their jubilation.

PLAIN FACTS.

As a prompt, pleasant and perfect cure for coughs, colds, hoarseness, sore throat, pain in the chest, asthma, bronchitis, croup, whooping cough, quinsy, influenza and all throat and lung troubles, Norway Pine Syrup is the best remedy.

Burdock Pills do not gripe or sicken. They cure constipation and sick headache.

A BABY SAVED.

DEAR SIRS.—My baby had a terrible cough. The doctor said it was whooping cough, but it got worse all the time until baby was just like a skeleton. When he was four months old I tried Milburn's Cod Liver Oil Emulsion, and after using one and a half bottles was entirely cured. No other remedy but the Emulsion was used, and baby is now strong and healthy.

Goes to Europe for Treatment

Suffering For Years from Nervous Debility—Prostrated, Exhausted and Nervous —No Rest Until "Nature's Sweet Restorer," South American Nervine Built up the Nervous Organism, and Gave Back to the Wearied and Exhausted Nerve-Centres their Wonted Vigor.

ADOLPHE LABODIE, B.C.L., J.P., OF THE WELL KNOWN LEGAL FIRM OF LABODIE & LABODIE, Montreal.

For four generations the remarkable family of LaBodie have been prominently identified with the legal and professional life of Montreal. A long line of active, intellectual men, whose ambition to rise to prominence meant a constant drain upon the nerve forces and a tremendous demand for brain power. Mr. Adolphe LaBodie, B.C.L., J.P., etc., has for seventeen years been actively engaged in the legal profession, living, as the duties of intellectual men of this fast age demand, beyond the reserve limit of natural nerve force, requiring more of the nerve centres at the base of the brain than they can possibly fulfil, which always results in nervous prostration, dyspepsia, hot flashes, insomnia, constipation, and attendant evils.

Mr. LaBodie spared neither time nor money to obtain relief, went to Europe for special treatment, all to no purpose. His attention being directed to South American Nervine Tonic, he concluded to try it. Results immediate relief from insomnia, and a perfect and permanent cure from all other disorders with but five bottles of the Nervine.
