WHAT OUR EXCHANGES FOR FIFTY MILES AROUND ARE SAYING.

Advance, Flesherton.

Mr. Guy Orr killed a pig last week, just eighteen months old, which tipped the scales when dressed at 505 pounds. This is something extraordinary, and Mr. Orr would like to hear from the man who has ever raised anything better.

Herald, Dundalk.

Mr. Butter of Priceville has opened a grocery in Park's Jewellery stand. As he has been a long time in business and is well known he will no doubt get his share of the trade. We are glad to have him with us and trust he may long be one of the residents of our prosperous little town.

The contract for the Methodist church was let last Saturday, our local firm Henderson & Parslow being the lucky men, the church is to be of white brick with red brick and stone trimmings, one special feature is the large basement, all above ground, which will be occupied by the S. School, and which will be divided into several rooms with folding doors so that on special occasions the whole flat can be made into one room, this will undoubtedly be the best S. School room in the County. The building proper is to be 36 by 60 ft., with the addition of an alcove of 10 ft. at rear for choir, when completed we have no doubt the structure will be not only a credit to the Methodists but to the whole village.

Canadian, Wiarton.

During the storm on Tuesday last one of our tinsmiths lost his moustache.

A sad affair occurred last week when a young man named Weatherhead from Lindsay and St. Edmunds became violently insane and had to be removed to the County jail. It is to be hoped that the attack is only temporary.

And now they say that Owen Sound is going to make a hard pull to get our snow plow stationed there. This once attained, they feel that the prosperity of their town is assured. How they found out about it is more than we can tell, but now since they have caught on it is quite natural that they should want to have it. If the worst should come to the worst and the snow plow has to go, we will magnanimously grant them peaceable possession.

Progress, Chilliwack, B. C. Jan. 10

We have had a very good sample of winter weather during the past few days. There must have fallen last week not less than 15 inches of snow, which made beautiful sleighing, and those who have runners are not slow to take advantage of it. There has been no frosty weather worth speaking of, not more than 10 degrees of frost at any time this winter. We notice by the papers that snow fall has been general at the first of the year all over the Dominion and America.

Herald, Thornbury.

Dr. Sproule, M. P., was in town this week, renewing the acquaintances of his constituents, and also taking part in the Farmer's Institute meeting. The Dr. has not lost his popularity in Thornbury and his many friends greeted him with a hearty shake of the hand.

Times, Owen Sound.

We regret to learn as we go to press (Jan. 17) that Mrs. B. Allen, wife of the esteemed ex-M. P. for North Grey, died at 7:30 at her home Union street.

Review, Durham.

A meeting of the South Grey Agricultural Society was held yesterday. A very hopeful feeling prevailed. A decision was arrived at to proceed with the building of the much needed shed accommodation for cattle, etc. A committee was appointed to get material on hand during sleighing. Thus another step in advance is about to be taken, and the successes of the past will no doubt be far exceeded in the future. The old Board, with all their experience, has been wisely retained. Here they are: President—Jas. Edge; 1st Vice—J. Murdoch; 2nd Vice—D. Jackson; Directors—Bentluck, W. Laws jr., Jas. Burt, H. Brigham, Honorary; Normanby, R. Morice, R. Barber, Hon.; W. E. McAlister; Egremont, James Allan, W. Caldwell, Hon.; J. Acheson; Glenelg, Wm. Smith, G. Binnie, C. Firth, Hon.; Durham, Wm. Caldor, H. Parker, Hon.; and of course the efficient Sec.-Treas. Arch. McKenzie retains his place.
