A CLOSE SHAVE

A TALK WITH THE MAN WHO EXPERIENCED IT.

People really do not know how often the angel of death hovers over them. Mr. R. P. Watkins, 193 Bay st., is a barber by trade, and gave our representative this short history of his escape from the disorder which was rapidly carrying him to his grave. Mr. Watkins is a skillful and experienced man, and is now enabled to exercise his skill from morning till night, where before he was unable to regularly follow his chosen calling. This is Mr. Watkins' story as related by himself.

"For over three years I have been troubled with what the doctors said was Bright's Disease, was getting rapidly worse, and could scarcely attend to my business. My ankles were swollen, the pain at times in my back were almost unbearable, the urine was of a dark wine color, and it used to dribble away continually. I had to rise 9 or 10 times each night to void the urine, and consequently lost nearly all my sleep. The scalding heat and pain in passing the urine were painful and distressing beyond my feeble power to describe. People who did not know my trouble used to laugh at my frequent visits to the urinal. My hands and feet were always cold and clammy, and I suffered severely from palpitation, shortness of breath, and was, in fact, almost a total wreck. I got a box of Doan's Kidney Pills from Messrs. E. Hoopér & Co., and improved at once. I have used two boxes and feel like a new man; can now work right along and at 12 p. m. feel like working right ahead. Had I not got those pills I feel that I would not have been working to-day. My words only faintly express the dreadful condition I was in, and the wonderful cure made by Doan's Kidney Pills."

The theory that low grade diet has a tendency to produce low grade humanity has at least a degree of reason on the face of it, at any rate it will pay to procure bread from Matthews the baker. You are then assured of proper nourishment, and it may help tone up the intellect as well as fortify the phisique.

Eror. S. L. Taube.—The noted Eye Specialist of Toronto will be at my store for one day only, Thursday Oct. 1st, and will test eyes and suit glasses to any sight satisfactory. Prof. is not one of those opticians that goes to what they call an optical school and in 8 days come back with a diploma and call themselves Opticians. Let the public judge for themselves if it is possible to take up a study of the eye in 8 days, which takes a lifetime to accomplish. Prof. Taube's experience extends over 24 years, 6 in Germany where he studied and over 18 in this country during which time thousands of difficult cases considered hopeless have been successfully treated by him. Come early. Remember the date as you may require a second testing. For testimonials and references see small bills. R. L. Stephen, Markdale.

Meals for hungry people, means good substantial food served abundantly and readily. Such is what the Ladies Aid of St. Philip's Church Walters Falls are going to give Sept. 29 and 30, the days of the Great Central Exhibition, in Mr. J. Coleridge's implement warerooms. Everybody welcome.

The following paragraph appeared in the Winnipeg news in Saturday's Empire: "The name of Mr. G. L. Dodds, reeve of Arthur, Man. is mentioned in connection with the Brandon vacancy in the Dominion Parliament. It is said Mr. Dodds will run against all comers, except Mr. Sifton, with a portfolio."

Clearing Sale.—On Friday Oct. 2, Mr. J. W. Shields, one and a half miles south of Markdale on the gravel road, will sell by public auction a large quantity of live stock, implements &c. Mr. Shields has sold his farm and everything must be disposed of. Sale at 1 o'clock. Twelve months credit. Geo. Noble, auctioneer.

The annual harvest thanksgiving services and supper in connection with New England Methodist church will take place next Sunday and Monday. Rev. J. M. Simpson of Markdale, is to occupy the pulpit morning and evening and Rev. Geo. Balfour at 2.30 on Sunday. A fowl supper and intellectual treat are in store for Monday evening.

A writer in the Daily Empire advocates the enforcement of a system at the Toronto Industrial Fair by which visitors in the main buildings will be obliged to all move in one direction and thus avoid the great confusion, delay and discomfort occasioned by the throng moving both ways, or trying to go each direction, at the same time. This is a good suggestion and should be put into practice.

Some idea of the mammoth business transacted by the Collingwood Meat Co. may be gathered from the fact that on Monday 1488 hogs were slaughtered and dressed at the Company's establishment. It is calculated that during the present week the Company will ship $25,000 worth of their products to their consignee in Liverpool, Eng. It is a big industry, and Collingwood is bound to be proud of it.—Enterprise.

Tickled.—A subscriber came in the other day and paid up three years of arrears to the Standard and one in advance. You bet it tickled us. It affords an editor decided pleasure to get his own, and we might say to others "go and do thou likewise." You don't know how much pleasure you can give by so doing, but we wouldn't advise anyone to get in arrears for the sake of thus giving pleasure to an editor.

We learn that Mr. Geo. Binnie, reeve of Glenelg, will be a candidate for county councillor at the coming January election. Mr. Binnie is a level-headed man, possessing superior executive abilities, and has had a fair share of experience, and will doubtless be elected. Mr. Jas. Staples, Glenelg's popular deputy-reeve, is to seek promotion, and will no doubt succeed in attaining the chief seat in the township.

The best yet.—I have got in a stock of the best cylinder for wood pumps I have ever used. Wood cylinders are almost useless for deep wells. I scarcely ever use them now except for shallow wells. The cylinder is usually the first part to wear out. If any one has one of my pumps with a wooden cylinder that is not working right. I will give one of these for $2.00 they are worth $3.00. They are hard and smooth as glass. J. Artley, Markdale.

Harvest Home.—The annual Harvest Thanksgiving services of Christ church Markdale and of St. Matthias, Berkeley will D. V. take place on Sunday next the 27th inst. The church will be suitably decorated and the Rector, the Rev. M. M. Goldberg will preach sermons to justify the occasion. Christ Church Choir will accompany the Rector to Berkeley to assist in service there. The collections of the day will go to the guild, towards the Rectory fund.

New Comers.—A large family recently moved to the suburbs, the industrious and persevering habits of which would put to shame some of our more pretentious citizens. Evidences of their sticktoativeness are to be seen, and have been observed with wonder and admiration by numerous visitors to their public works. Their name is Beaver, and they have camped on the banks of the Saugeen. The law strictly prohibits their molestation or destruction.

Mr. Ainsley Megraw, proprietor of the Wiarton Canadian newspaper, five or six years ago, invested nearly all the money he had in mining property in British Columbia. When the gold boom struck the country Megraw was right in it, and the other day was offered $36,000 for his claim. Before accepting the offer he decided to pay a visit to the gold fields, and he is there by this time. He is sure of $36,000 in any event and may get twice or three times that sum. This is the first genuine case on record of a printer striking a snap.

The Central.—Don't miss this Fair on Tuesday and Wednesday Sept. 29th and 30th. It is well to the front as usual with many things new and everything good. All who have attended in former years will be sure to be back again and with them many others, to see the best display of farm products that is offered in this section of the country. The races of the first day and second forenoon promise keen competition. Exhibits will be well up, and in addition to this the directors have secured the Hon. Sydney A. Fisher to be present and open the fair, which alone will draw vast crowds to see and hear the head of the department and the foremost man in agriculture in Canada.

I was nervous, tired, irritable and cross. Karl's Clover Root Tea has made me well and happy, Mrs. E. B. Worden. For sale by R. L. Stephen.

Married.—At the United Brethren parsonage, Markdale, September 23, 1896, by Rev. J. Geach, Mr. George Myers and Miss Mary Sarah Hill, both of Euphrasia.

Lost.—On the Markdale Agricultural grounds, on Wednesday, Fair Day, a ladies gold watch. The finder will be suitably rewarded by leaving same at Redfern's barber shop.

Hill's Millinery department is now open. Miss Wilcox who is in charge will be pleased to meet her many friends and customers and show for inspection the latest novelties in trimmed millinery for fall and winter.

The reading notices in reference to East Grey Fall Show at Flesherton were inserted last week giving the 23rd and 24th as the days of the exhibition. The 24th and 25th is the proper dates. The error was not ours, but we regret that it was not noticed in time to correct.

A Quiet Wedding.—Mr. Herb Purvis is one of our most enterprising young agriculturists, and surprised his neighbors last week by bringing home a wife. The happy event took place—so we are informed—in Toronto on Wednesday Sept. 16. Miss Jenny Burnett, daughter of Mrs. Burnett of this place, is the bride. The Standard extends congratulations and best wishes.

The Central.—If the Clerk of the weather gives us our usual "Central weather" this year's fair will head the list of success. The presence of the Dominion Minister of Agricultural is sure to bring a great many people to the fair and the exhibits of which entries are already coming in promise to surpass all previous years. The track too was never better so that we may expect the Central to break the record. The attention of exhibitors is called to the following corrections of the list. In class V Sec. 7 & 8, 14½ should read 15½ in each case. Class XX Sec. 3 & 4 should read pig of 1896 instead of 1895.

"Farming" for September (published by the Bryant Press, Toronto) is a magnificent number. It opens out with a full and readable description of what is being done for agriculture in Ontario by means of governmental enterprise and voluntary association, giving an account of the Ontario Department of Agriculture, and of its work, and of many of the associations and societies that have been formed to advance agriculture in Ontario, such as the different live stock associations, the different dairy associations, the farmer's institutes, etc. This article is illustrated by nearly sixty portraits and views. We commend Farming to our farmers and stockmen, as being worth many times over the subscription price which is only $1.00 a year.

The New Hook Spoon Free to all.

I read in the Christian Standard that Miss A. M. Fritz Station A, St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that, showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.
Very truly, Jeannette S.

Personal Paragrafs.

Mr. Wm. Currie of Mount Forest, was in town last Friday.

Mr. Wm. Hagan of Alton, spent Sunday with his daughter, Mrs. Sexton, here.

O. S. Times.—Rev. Fathers Hauck of Markdale and Owens of Ayton were in town this week.

Mrs. Burnett returned last week after an enjoyable visit with friends in the prairie province.

Orangeville Banner.—Mr. and Mrs. Andrew Hill returned on Monday from an extended visit to Markdale.

Mr. Alex. Smith of Thornbury, and Mr. Richard Wright of Collingwood up were in town on Wednesday.

Mr. W. H. Thurston, proprietor Flesherton Advance, paid the Standard a fraternal visit on Wednesday.

O. S. Sun.—Mr. John O'Brien of Euphrasia, is spending a few days with his sister, Mrs. Wm. Lowe, East Hill.

A Chance to Make Money.

I have berries, grapes and peaches, a year old fresh as when picked. I use the California Cold Process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident anyone can make one or two hundred dollars around home in a few days. I will mail sample of fruit and complete directions to any of your readers for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc.
FRANCIS CASEY, St. Louis, Mo.

Markdale Fall Show.

The weather on Tuesday was very discouraging and doubtless hindered many from making the exhibit which they intended, and yet there was a very creditable show, especially in fruit and roots. In these two lines the exhibit surpassed that of any former year in this place.

On Wednesday the weather faired up and the management felt increasingly cheered as the day wore on.

The exhibit was up to average in horses, cattle, sheep, pigs and poultry but the attendance was not up to that of former years.

We expect to give next week the list of premiums awarded.

The concert on Wednesday night was a genuine success. All honor and success to the management for selecting local talent only, and thus saving $25 or more from being sent out of the place, and at the same time giving due encouragement to home artists. The program was really fine and splendidly rendered, while the audience was large and appreciative.

Mantles!
Mantles!
CAPES!
CAPES!

Ladies you want to look at our stock of mantles and capes before you buy. There is a telling something about our mantles and capes that places assurance uppermost in your mind. We have the quality, we have the style and you know we have the right price.

Boots & Shoes!

Fathers and Mothers who have their families to boot don't forget the fact that we carry by far the largest largest stock in Markdale, and will save you money by dealing with us.

Change in Business.

As may be seen by announcement elsewhere Mr. S. Hill, one of Markdale's poineer merchants, is making an important change in his business. He has admitted his eldest son, Mr. Frank T. Hill, as a member of the firm giving him full management of the business while he himself accepts the position of silent partner. The firm will hereafter be styled F. T. Hill & Co. Mr. S. Hill has, by close application to business and a rigid adherence to fair dealings and a rigid adherence to business principles built up a large and lucrative trade, though yet quite comparatively young man. His son, who now takes the reins, is a young man of exemplary character and good executive abilities, a studious business man and esteemed and respected by all who know him. An important feature in the announcement is the abandoning of the credit and adopting the cash system. The above changes take effect on the 1st October.

Continental Fame.

A country that can boast of Niagara Falls, a River St. Lawrence and a transcontinental railway three thousand miles long may fairly be said to have fame. A wonderful newspaper success added to these would add to the country's greatness in the eyes of the world just as winning oarsman or yacht or cricket team would do it. This is why so vast a number of people feel a pride in the amazing success of the Family Herald and Weekly Star of Montreal, a paper great in itself, and that adds much every way to the country's greatness. Those who have not seen the Family Herald of Montreal have missed one of the signts of Canada, and those who are not subscribers to it may well be considered unfortunate, as its publishers have been obliged to refuse to accept more new subscribers until more press accomodation can be secured to turn out the papers fast enough to meet the demand.

Exhibition Notes.

Markdale beats the world. There was a marked improvement in the exhibit of machinery at the Toronto Industrial over last year. Noticeably that of a Binder, which claimed to run very much lighter on account of having roller bearings. It will soon be that no intelligent farmer will buy any machinery without roller bearings in the States nearly all farm machinery have roller bearings. The bicycle would never have attained the marvelous position in the world that it has if it had not been for the ball bearings. But Markdale beats the world. It is supposed that the first roller bearing pump ever manufactured was made by J. Artley, Markdale takes the cake. Of course it makes more work, but it pays, for each pump sold is an advertisement for several more. Don't fail to see Artley's pumps with roller bearings at the Fall Faire.

MONSOON TEA
THE PERFECT TEA IN THE WORLD
FROM THE TEA PLANT TO THE TEA CUP IN ITS NATIVE PURITY.

"Monsoon" Tea is packed under the supervision of the Tea growers, and is advertised and sold by them as a sample of the best qualities of Indian and Ceylon Tea. For that reason they see that none but the very fresh leaves go into Monsoon packages.

That is why "Monsoon," the perfect Tea, can be sold at the same price as inferior tea.

It is put up in sealed caddies of ¼ lb., ½ lb. and 1 lb., and sold in three flavours at 40c., 50c. and 60c.

If your grocer does not keep it, tell him to write STEEL, HAYTER & CO., wholesale, Front St. East, Toronto.

H. H. BENSON & CO., sole agents for Markdale.
