In addition to the above named boats, the boats will call at the other important Lake and River ports. ☞ After the 20th day of September, the Boats will discontinue calling at Lewiston, and make Hamilton the port of departure, at 7½ o'clock on the mornings of Mondays, Wednesdays and Fridays.

The establishment of this Line will enable the merchants of Canada, West, to remain throughout the business day in Montreal, and reach their homes, without an early or late bed, as the Mail Line at noon, and connecting at the hours will do with up and down Express Trains at Ogdensburgh, they will afford direct communication for passengers and freight between the Canadian ports and the Western States.

It is deemed unnecessary to dwell upon the advantages of this arrangement, coming down from the best lake Steamer in Montreal, and upon arriving, after hours of Lake that involves a transhipment (on the downward trip) at an unreasonable hour in the morning.

In compliance with a generally expressed wish, on the part of the public, a separate charge will be made for meals.

☞ The Line will be commenced by the HIGHLANDER leaving Montreal on TUESDAY, the 26th instant, the CHAMPION on THURSDAY, 28th, and the MAY FLOWER will be out next month.

BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

ENPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic., Cap. 3.

THE great superiority this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the Britannia are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds Sterling, per annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may show his fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are 'Mutual Tables' adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties who have been not received void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

Arrive at Ogdensburgh at 2, 10, P. M.
Leave Rouse's Point, at 3, 30, P. M.
Arrive at Ogdensburgh at 8, 30, P. M.

At Ogdensburgh the trains connect with steamers for Brockville, Kingston, Sackets Harbor, Oswego, Toronto, Lewiston, Niagara, Hamilton, and the Upper Lakes; and at Rouse's Point with steamers for St. Johns, Montreal, Plattsburgh, Burlington, Whitehall, Saratoga, Troy, Albany, and New York.—At Rouse's Point trains also connect with the trains of the Vermont Central Railroad, running through the heart of New England to Boston; and it connects, by means of steamers on Lake Champlain, with the Rutland and Burlington Railroad, leading also through the New England States to Boston, and with the Champlain and St. Lawrence Railroad for Montreal.

This is the most desirable route for either pleasure or business travel between New England and the Western States; and it is the most expeditious route from Montreal to Western Canada.

Kingston, Feb. 21, 1853.

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it invests all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders then assured.

A peculiar feature of the Company is, that it is not desirous to make profit by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
