THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

DAVID LLOYD GEORGE TO D. W. GRIFFIN on "Hearts of the World"

"You will do this to aid humanity.

"The idea back of your splendid story is a message to civilization that its fight will not be in vain. Let me be the first to predict that when you have completed your labors you will have produced a masterpiece which will inspire every heart with patriotism, with a love of humanity, with the great cause for which the civilized nations of the world are fighting in France.

"This, Mr. Griffith, is the greatest and most wonderful task you have ever attempted. God Speed you in your work and grant that you may accomplish your desires."

"Hearts of the World" is more than a picture play, it is a human drama, it goes straight to the heart. It is this human quality that makes "Hearts of the World" as big as mankind.—N. Y. Evening World.

"Hearts of the World," another Griffith triumph—a story more human than "The Birth of a Nation." Last night's audience was spellbound. It was a monster success.—N. Y. American.
