And a Savings Account Not Yet Opened

What about the resolution made at the beginning of 1922 to start a savings account? Is it going to be the same story at the end of the year: nothing saved for the future?

Do not continue putting it off. A small amount will open an account.

The assurance, independence and satisfaction which the knowledge of something in reserve always begets will be incentive enough for building it up.

Markdale Cemetery

Rules and Regulations

1 It shall be the duty of the Board to elect from among themselves a Chairman and Vice-Chairman for the ensuing year, at the first meeting of the Board in each year; also to appoint a Secretary-Treasurer, Manager, Caretaker and all other persons required for the purpose of properly conducting the affairs of the said Cemetery.

2 Lots for burial purposes will be sold for cash at such price as may from time to time be determined upon by the Cemetery Board, the present price being $15.00 for a lot of 144 square feet, with proportionate prices for irregularly shaped lots. For single graves a fee of $6.00 will be charged, which fee will also provide for perpetual upkeep.

3 For perpetual upkeep a fee of $15.00 shall be collected from every owner or purchaser of a lot of 144 square feet; larger or irregularly shaped lots at proportionate prices. In lieu of the cash payment for perpetual upkeep, parties may by special request arrange with the Board to make payment in 20 annual installments of $1.00 each for every lot of 144 square feet; larger or irregularly shaped lots at proportionate prices. These annual payments shall become due and payable not later than the 30th day of June in each year.

4 In order to provide funds for permanent improvement there shall be collected from all present owners an additional fee, which, when added to the original price paid, shall equal the present selling prices of the various sized lots.

5 All lots purchased and paid for will be conveyed by the Board to the purchaser, on the form provided by them, signed by the Chairman and Secretary, but such deed shall be subject, as if embodied therein in full, to the provisions of all By-Laws and Regulations of the Cemetery Board.

6 No lot shall be used for any purpose other than a burial place for human bodies, and the owners shall not allow interment to be made in their lots for remuneration.

7 Fences, railings, cement borders and hedges in and around lots are prohibited. Those in existence previous to the adoption of this By-Law may be removed as the Board directs.

8 Lots must not be raised above the ordinary surface level, and no mound over graves will be allowed except as authorized by the Board.

9 Sub-dividing, re-selling or transfering of lots by private owners, without the consent of the Board is prohibited. No such transfer will be made unless the fee for same, $1.50, is paid to the Secretary-Treasurer, and in no case will a transfer be made of any lot or part thereof while there are arrears of any nature due upon said lot to the Board.

10 Corner posts and markers shall be square on the top and level with the ground.

11 No shrub or tree shall be planted hereafter without the permission of the Board, and they shall have the power to remove from any lot any trees, shrubs, branches, roots or anything that may be detrimental, dangerous or unsightly, and they shall have the same power to remove any monument, headstone, or any other structure of any kind whatsoever or any inscription determined by them to be improper or offensive to good taste and any cost incurred thereby shall be a charge, and registered against the said lot or lots upon which it may be found.

12 Notice of each burial shall be given to the Secretary at least twenty-four hours previous thereto, except under special circumstances as the Board may decide, and no funeral shall be allowed before 9 a.m. nor after 5 p.m., without the consent and special direction from the Medical Officer of Health of the municipality in which the death occurred.

13 The owner of each lot shall have the right to erect thereon monuments or stones, but only under the direction and in uniform position as laid out by the Manager or Caretaker in the employ of the Board. Monuments or stones having a base of 1½ square feet must have proper foundation of cement at least 4 feet deep and those of 2 square feet and over must have proper foundation of cement at least 5 feet deep, all subject to the approval of the Board.

14 All implements or material used in performing any work within the Cemetery which may be left on any lot or adjacent ground must be removed by the owner thereof without delay, otherwise the Board will remove the same and charge the expense against the said owner.

15 All workmen employed in the construction or erection of monuments or any other work in the Cemetery must be subject to the control and direction of the Board, and any workman failing to conform to this regulation will not be permitted to work on the grounds. Planks must be laid on the paths over which heavy materials are to be moved, in order to protect them from injury.

Strength

Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them. Sleeplessness and irritability are among the early symptoms. Indigestion and tired feelings soon follow.

Read this letter from an Ontario man:

Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes:

"I had been troubled for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a moulder, and owing to the nature of my work my system became run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from this medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, as I think it splendid for anyone run-down and needing a tonic."

16 Heavy loads will not be allowed to enter the Cemetery when the roads are in an unfit condition.

17 During funerals all horses are prohibited from entering the grounds except those drawing the hearse, pallbearers and chief-mourners, and no horse shall be left by the driver unfastened, or where they may do injury to the Cemetery property.

18 No money shall be paid to any caretaker or person employed by the Board in reward for service in the said Cemetery. All payments must be made to the Secretary-Treasurer.

19 All graves must be dug under the supervision of the Caretaker or Manager. The fee for such service at all times shall be $6.00 per grave.

20 For neglect or refusal to comply with all the Laws, Rules and Regulations, which are now or may hereafter be in force, or for neglect or refusal of payment of any arrears, charges, or assessments against the owners of any lot or lots, the Board may in thirty days after serving the last notice in writing expropriate any lot or part of lot and re-sell the same. Three registered letters with thirty days intervening, mailed to the last known adress of the owners, shall be considered good and sufficient notice.

21 All former By-Laws or Resolutions which are inconsistent with these By-Laws are hereby repealed.

22 In case of dispute, as to the meaning of any of the By-Laws, Rules or Regulations, the Board reserve the right to interpret the same.

23 The Board is hereby empowered to purchase, hold or sell any real estate as they may deem it necessary in the interests of the said Cemetery.

24 The Board shall have the power to invest the moneys derived from payments to the Upkeep Fund and the revenue derived therefrom shall be expended in the interest of the said Cemetery. In case of loss through errors in judgment of the Board, the members thereof shall not be personally held responsible.

25 These Rules and Regulations shall come into force and effect from and after the passing thereof.

26 The foregoing Rules and Regulations may be amended at any regular meeting of the Board at which a majority of the members are present and of which meeting all members have received notice.
